NNRC To Make An Important Announcement

PANMUNJOM, Saturday, Oct. 24 (AP)—A mounting crisis in the Communist "explanation" program to 22,400 anti-Communist war prisoners brought an urgent U. S.-India consultation yesterday and announcement of an "important" statement to be issued by the five nation Neutral Repatriation Commission today.

Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nation Repatriation Commission, told newsmen he planned to issue the statement at the end of today's NNRC meeting.

A reliable source said the announcement would "formally put on the record" the positions of opposing neutrals in the commission deadlock over using force to compel rebellious North Koreans to attend interviews conducted by Red persuasion squads.

The statement was expected to announce an indefinite delay in the already stalled "explanation" interviews, called for in the terms of the Korean armistice agreement.

Thimayya met George V. Allen, trouble shooting U. S. ambassador to India, and reportedly outlined the situation. They met for one hour in a tent on the southern boundary of the demilitarized zone. Neither man had authority to cross the boundary line.

Thimayya did not cross the border because of an agreement that Indian troops would not enter South Korean territory. Allen could not enter the demilitarized zone without special clearance from the Military Armistice Commission, composed of both Allied and Communist members.

So they met on the line itself. Thimayya reportedly outlined the dilemma in which neutral India now finds itself in the tangled prisoner problem.

Allen came to Korea on a special state department assignment "to get a first hand view of what is happening here" in respect to U. S.-Indian relations. He returned to Seoul today without comment on his meeting.

For a week now some 7,800 North Korean anti-Communist prisoners have refused to leave their barbed wire compounds and voluntarily attend the Communist explanation interviews. The 14,500 Chinese anti-Red prisoners have agreed to attend the sessions but have not been called by the Reds.

Yugoslav Alien Slugs Nation's Top Communist

NEW YORK, Oct. 23 (AP)—Robert G. Thompson, one of the nation's top Reds, was slugged and his skull fractured by a reputed anti-Communist alien today in the Federal House of Detention.

Thompson, a war hero later convicted as a Red revolutionist, faces possible major surgery as a result of being clubbed with a piece of lead pipe. His condition was reported serious.

His assailant was identified as Alexander Pavlovich, a trouble-making Yugoslav alien who was to have been deported tonight.

However, detention authorities said there was no evidence of any ideological quarrel between the two inmates, and took the view that Pavlovich staged the attack to delay his deportation. If that was the case, he succeeded. His deportation was put off pending an investigation.

Pavlovich swung the lead pipe at Thompson's head as they were being marched to lunch with about 30 other inmates. There was no immediate explanation of how the alien happened to have such a dangerous, makeshift weapon.

The 38-year-old Thompson was one of 11 top American Communists convicted in 1949 of conspiring to teach and advocate violent overthrow of the U. S. government. It was one of the most celebrated trials of this era and catapulted trial Judge Harold R. Medina into national prominence.

Ten of the convicted Reds got maximum prison terms of five years each. Medina gave Thompson only three years because of his brilliant World War II record in the Pacific. Thompson won the Army's second highest combat award, the Distinguished Service Cross, as a staff sergeant.

Thompson jumped bail when it came time for him to serve his prison sentence. He was recaptured only last August in a California mountain hideout after two years as a fugitive.

Crosby Sued For $1 Million

LOS ANGELES, Oct. 23 (AP) — Crooner Bing Crosby was sued for a million dollars damages today by three persons who claimed that he was "under the influence of intoxicating liquors" at the time of a traffic crash Oct. 11.

The three were injured and Crosby suffered a wrenched back in the two-car collision before dawn at a west Los Angeles intersection.

At the time Crosby was driving his $12,250 German Mercedes-Benz car. The driver of the other car was Frank Verdugo, 32, a Los Angeles city fireman. Also in Verdugo's car were his wife, Lucy, 25, and his brother-in-law, Eulalio Perea, 25.

Polio Victim Is Sent Home After Two Years In Lung

SALISBURY, Md., Oct. 23 (AP)—Twenty-five-year-old Charles Theis was "happy for the first time in two years" today—he was home.

Theis left his wife and two children in November of 1951 when he was hit by a combination of the two worst types of polio, bulbar and spinal.

He was taken to Children's Hospital—almost hoplelessly paralyzed—for treatment.

Theis is still paralyzed from the neck to his toes.

But he's home where he wanted to be with his wife, Dorothy, and his children, Donna Kay, 4, and Steven Charles, 2.

Last July he was moved by van—iron lung and all—from Children's Hospital in Baltimore to Deer's Head State Hospital here.

Last Monday, his wife rented a truck, a friend loaned a generator to keep the all important iron lung functioning and Theis was brought home.

The front door had to be widened to permit entry into the house and a partition was knocked out between the dining room and living room and an arch installed. The dining room, reinforced by concrete blocks to enable it to support the heavy equipment which keeps Theis breathing, will serve as his room at home.

The National Foundation for Infantile Paralysis has supplied the iron lung for the Theis home. And the Wicomico Chapter of the national body is supplying medical supplies and paying doctors' fees. They've also given the Theis' a hospital bed and a wheel chair.

Theis can use the bed and chair by relying on a chest respirator instead of the iron lung.

Salisbury Fire Co. No. 2, situated near the Theis home, has provided the family with a list of members' names and 'phone numbers.

They'll be available whenever help is needed.

Ike, Benson Study Growing Farm Problem

Urge Calling Back Cattlemen's Group Headed For Capital

WASHINGTON, Oct. 23 (AP)—President Eisenhower and Secretary of Agriculture Benson grappled with a growing farm problem at an hours-long conference in the White House today as Benson tried vainly to stop a caravan of cattlemen from descending on the capital.

Confronted by mounting crop surpluses and reports of unrest among farmers throughout the country, Eisenhower and Benson presumably canvassed all angles of the farm policy they have promised to lay before Congress in January.

Nothing New Seen

"We are not going to pull out anything entirely new," Benson said after the meeting.

"We are not planning to wreck the present program.

"We are going to have some recommendations for improvements in the present program."

While Benson was closeted with the President and staff experts, his office released a telegram he sent to the head of the National Farmers Union urging that a delegation of about 250 Western cattlemen headed for Washington be called back.

But President James G. Patton of the Farmers Union, which organized the procession, replied that it was too late.

In an accompanying statement, the Farmers Union's Washington office accused Benson's department of hemming and hawing, quibbling and procrastinating.

The cattlemen's caravan, assembled from more than 20 West and Midwest states, was due in Washington Sunday for the announced purpose of laying their problems directly before Benson and, if possible, the President himself.

First Group Meeting

On the broader aspects of the farm problem, Eisenhower and Benson are due to meet tomorrow morning with their National Agricultural Advisory Commission. It will be the first meeting of the group, formed to draft what the President calls a "solidly based" long-range farm program for presentation to Congress.

After today's White House session, Benson said the principle of price supports is going to be retained as part of the program, but he protested it was too soon to go into details.

One of the big arguments raging now is whether the present system of rigid price supports should be continued or whether it should be replaced by a flexible, sliding-scale arrangement that could be moved up and down with the rise and fall of supply and demand.

200 Snowbound Hunters Sighted

SHERIDAN, Wyo., Oct. 23 (AP)—Forest Service officials and law officers worked today to rescue an estimated 200 snowbound big game hunters sighted from the air in northern Wyoming's Big Horn mountains.

The hunters were trapped in the mountain wilds after a two-day storm from the Pacific northwest dumped 12 to more than 30 inches of snow and accompanying winds piled up the crystals into drifts four feet deep in 24-degree temperature.

Three reconnaissance planes made a four-hour flight from Sheridan over the area and reported sighting six camps where the letter F, designating a need for food, stamped out in the snow at each.

The camps are in the Tongue River Canyon area about 35 miles west of here and in the Little Horn drainage area some 60 miles to the west. The six were among 20 camps sighted in the mountain range southwest of here to the Montana state line.

Sheriff W. H. Marshall of Sheridan and Forest Service officials were opening roads into the area which will serve the greatest number of hunters. Food was to be dropped at the more isolated camps.

McCarthy Says 20 Dismissed At Radar Lab

NEW YORK, Oct. 23 (AP)—Sen. Joseph R. McCarthy (R-Wis) said today 20 civilians have been fired from the Army's top-secret radar laboratories at Ft. Monmouth, N. J., for alleged Communist activities.

McCarthy hailed the firings as a sign of "a very encouraging tightening up of the security setup" and added:

"One of the most encouraging things that has happened to date has been the action of the secretary of the Army in giving every commanding officer the power to suspend persons suspected of Communist activity."

The Senate investigations subcommittee has for weeks been digging into what McCarthy has described as "evidence of extremely dangerous espionage" at Ft. Monmouth.

New witnesses were called behind closed doors as the probe went on today, and for the first time McCarthy identified one of those who testified.

The witness was named as Mrs. Elba Chase Nelson, former Communist candidate for governor of New Hampshire. McCarthy described her as an organizer for the Communist party, and said she refused to answer many of the subcommittee's questions.

Other witnesses heard today, McCarthy said, included two faculty members at the Massachusetts Institute of Technology, scene of much pioneering research in radar and electronics.

McCarthy said both of the men were former Communists. He added that the subcommittee may seek a contempt citation against one of them for refusing to name Communists he knew while a member of the party.

McCarthy said the other witness identified a Harvard professor as a Communist who worked in the radar laboratories in the 1940s. The senator said the professor will be called before the subcommittee.

McCarthy admitted he was breaking precedent by revealing the name of a witness at a closed hearing.

He said he did so in Mrs. Nelson's case because she was recognized by several newsmen as she was leaving and they indicated they would print her name.

Clark To Accept Citadel Presidency

COLUMBIA, S. C., Oct. 23 (AP)—Gen. Mark W. Clark announced today he will accept the presidency of the Citadel, the South Carolina military college at Charleston.

The former supreme Allied commander in the Far East will retire from the Army Oct. 31. He notified Gov. James F. Byrnes today of his acceptance of the offer recently made him by the Citadel Board of Visitors. Byrnes is an ex officio board member.

Refugee Held As Top Soviet Spy In States

FRANKFURT, Germany, Oct. 23 (AP)—Uncle Sam's hush-hush Central Intelligence Agency was reported on high authority tonight to be holding a mysterious political refugee as a No. 1 Soviet spy suspect.

The report that the CIA had taken over the case, described elsewhere as "a hot one," was made by a top official American source who asked that his name be withheld.

The U. S. High Commission announced today that Georgii Vladimirovich Khorumzhii alias Georg Mueller of Frankfurt "is under investigation in connection with charges that he conducted espionage directed mainly against American personnel and installations."

1,456 Federal Employes Fired

WASHINGTON, Oct. 23 (AP)—The White House announced today that 1,456 government employes were dismissed or forced to resign for security reasons in the four months ended Sept. 30.

The figure was submitted to the Cabinet today by Philip Young, chairman of the Civil Service Commission.

It has also been submitted to the National Security Council.

An official statement said these "separations," as the civil service terms departures from the federal payroll, were for security reasons only and had nothing to do with reductions in force for economy purposes.

White House Press Secretary James Hagerty told reporters that since the Eisenhower administration took office 145,000 federal employes have been let go for economy reasons.

No names of the dismissed employes were given out nor did the White House say which departments and agencies had employed them.

The statement said, however, that 863 were dismissed and 593 resigned.

Press Freedoms In Cuba Returned

HAVANA, Cuba, Oct. 23 (AP)—Constitutional guarantees including freedom of the press return to Cuba at midnight tonight, Interior Minister Ramon Hermida said today. Such guarantees were suspended for a three-month period last July after an abortive revolt in Santiago de Cuba.

Peron To Deliver Ponies To Queen

BUENOS AIRES, Argentina, Oct. 23 (AP)—President Juan Peron is sending two polo ponies to Queen Elizabeth II as a delayed coronation gift. The Queen herself was reported to have suggested the gift because of the Duke of Edinburgh's interest in polo.

Most Business Leaders Predict More Prosperity

PEBBLE BEACH, CAlif., Oct. 23 (AP)—The country's biggest businessmen explored some economic "soft spots" today and decided that prosperity will last into next spring at least.

Members of the Business Advisory Council of the Commerce Department reported their judgment to Secretary of Commerce Weeks, Secretary of the Treasury Humphrey and a dozen other high officials at BAC's closed meeting in Del Monte Lodge here.

Twelve corporation heads, representing as many key industries, reported their own business outlook in a round-robin discussion intended to guide the administration on policies which would prevent the post-mobilization "readjustment" from turning into a recession.

Some rise in unemployment, a slight dip in retail activity, hotter price competition and a moderate further decline of industrial production from its present near-record rate, were foreseen, according to what information could be obtained from the confidential session.

Robert E. Wood, chairman of Sears, Roebuck and Co., was known to expect a drop in retail sales of 2 to 10 per cent, varying from city to city, in the next three months. He based this forecast mainly on falling farm income and tightening credit.

Clarence B. Randall, president of Inland Steel Co., was quoted as forecasting a further moderate decline of steel production in 1954. Steel output has fallen in the past year from virtually 100 per cent of capacity to about 90, then recovered some ground.

Industry leaders here have emphasized, however, that production rates close to 100 per cent are abnormal for the industry—especially in view of its 20 per cent expansion since 1950. They contend that a drop to 85 per cent or thereabouts would make for different operation without adverse effect on industry in general.

Guiana Asks Financial Aid

LONDON, Oct. 23 (AP)—Anti-Communist leaders from British Guiana called on Britain and the world bank today to spend 100 million dollars to develop the colony's economy and counteract communism.

John Carter, chairman of Guiana's United Democratic party, told a news conference that "if the (British) government is not prepared to spend large sums of money in the development of British Guiana, they might as well hand it over to the Kremlin."

Telephone Bell Symbol Found Not Registered

FALLS CHURCH, Va., Oct. 23 (AP)—Raymond L. Smith searched through patent office records for a name for a telephone answering service that he and his wife operated—and hit a jack pot.

He said he found that the well-known blue bell in a circle used by the American Telephone and Telegraph Co. and associates for nearly 75 years had never been registered.

He registered a modification of the device in his own name and said he planned licensing the mark to other similar telephone answering services.

When A.T.&T. didn't like the idea there was a bit of a compromise.

Today Smith said that most of the $18,000 he received to cancel his right to the trade mark has gone into his new home here.

Efforts To End London Truck Strike Futile

LONDON, Oct. 23 (AP)—Urgent efforts to end a wildcat strike of London's oil truck drivers failed tonight and the government ordered 2,600 armed troops to take over the distribution of emergency supplies.

The Fuel and Power Ministry clamped on a rigid ration system giving first priority on gasoline and oil to essential public services.

Labor Minister Sir Walter Monckton, in notifying the House of Commons that troops had been called in, said "there is ground to think that those who are inclined to the Communist view and are members of the Communist party are taking part in keeping this strike alive."

Many Laborites supported the decision of Prime Minister Churchill's Conservative government to use the troops to end the crisis that is all but paralyzing transport throughout the London area.

The strike, involving 2,600 drivers, is now in its fifth day with little sign of immediate settlement.

The strikers early tonight modified their demands and offered to negotiate with union leaders and employers. But leaders of the Transport and General Workers Union refused at a police-guarded meeting later to accept demands which they termed unconstitutional.

They appealed to the strikers to end the walkout, never authorized by the union, and submit their claims to arbitration. The strikers overwhelmingly rejected the appeal, with only about a dozen men voting to go back to work.

Frank White, one of the strike leaders, told newsmen: "The situation is quite clear. The strike continues and at present we have no plans for any return to work."

The drivers originally demanded dismissal of all non-union workers in the industry, full union recognition by their employers and a 10-shilling ($1.40) weekly pay hike. They have been getting $20.37 a week. It was not made clear how they proposed to modify their stand.

U. S. Treasury Halts Savings Note Sale

WASHINGTON, Oct. 23 (AP)—The Treasury tonight halted sales of Treasury savings notes to avoid plunging over the 275 billion dollar national debt limit in the near future.

There was no indication when, or if, savings note sales would be resumed.

Two Aircraft Plants Closed By Walkouts

32,000 Idled In Fight Between Unions And Warplane Industry

LOS ANGELES, Oct. 23 (AP)—Production of jet warplanes at two big North American Aviation Co. plants was halted today by a strike which a union official termed the beginning of an industry-wide struggle between unions and the aircraft industry.

32,000 Workers Idle

An estimated 32,000 production workers were idle. The walkout began last midnight at plants in the Los Angeles area and at Columbus, Ohio.

The main issue is a demand of the CIO United Auto Workers for a wage boost of 23.4 cents an hour. The company offers a 4 per cent general increase.

As both sides dug in for what may be a long strike, Ray Ross, Springfield, Ohio, regional director of the UAW-CIO, told a Columbus mass meeting that this is the start of an industry-wide dispute.

Ross said other aircraft manufacturers are holding wage discussions in abeyance pending the outcome of the North American contract dispute. He said the union had selected North American as the opponent for the conflict with the aircraft industry.

Company and union sources reported picketing was peaceful.

In addition to an hourly wage increase for production workers the union is asking severance pay, a pension program and other benefits. The company termed its proposal a "final offer." In addition to a 4 per cent general wage boost North American offered an added 4 to 5 cents an hour more for top workers. The wage rate now ranges from $1.42 to $2.32 an hour.

Negotiations began in Los angeles last Sept. 1 and broke off last night, shortly before the strike started. Contracts expired at midnight. No further negotiation meetings have been scheduled.

Plans No Move

In Washington a Federal Mediation Service spokesman said his agency plans no moves at this time but will watch the situation.

The company reported production lines were stopped in both Los Angeles and Columbus. North American produces the F86F Sabre jet, which gained fame in the Korean War, the F86D, a continental defense interceptor, the F100 Super Sabre, a new supersonic fighter for the Air Force, and the T28B, a Navy trainer.

U. S. To Maintain Europe Troops

WASHINGTON, Oct. 23 (AP) — France was reported today to have sought and received assurances that the Eisenhower administration is firmly committed to the policy of maintaining United States forces in Europe as part of the North Atlantic Alliance defense system.

The French government had become concerned about a spate of reports from Washington that the government was planning eventually to reduuce its NATO strength. French officials are looking forward to a parliamentary debate in three or four months on ratification of the European Defense Community treaty, under which West Germany would arm, and any evidence that the United States might withdraw its forces from Europe would work against the French approval of EDC.

Automatic Mail-Sorter May Revolutionize Post Offices

WASHINGTON, Oct. 23 (AP)—Sen. Carlson (R-Kan) said today government scientists have developed a mail-sorting machine which is "amazing" and has great possibilities.

A citizens' advisory council to the Senate Post Office Committee, which Carlson heads, watched a demonstration of the machine this week. The Kansan said the council was convinced of the practicability of the machine and "without doubt" would have some recommendations about speeding it into actual use.

The council set up to look into ways of modernizing the Post Office Department and reducing its big deficit, expects to make a report in January.

The machine, developed by Bureau of Standards scientists, is designed to take care of the complicated mail sorting tasks now handled by clerks in the post offices. These clerks take piles of mail and place it in different bags, or slots, according to its destination.

Details of just how the new machine works have not been announced, but it operates electronically.

Carlson said there had been reports the machine might displace a large share of the 125,000 clerks now engaged in mail sorting.

He commented, however, that it would take several years at best to get such machines into wide post office use. Thus the effect probably would be to enable the department to handle growing mail volume without hiring more workers rather than to wipe out existing jobs, he said.

McCarthy Says 20 Dismissed At Radar Lab

NEW YORK, Oct. 23 (AP)—Sen. Joseph R. McCarthy (R-Wis) said today 20 civilians have been fired from the Army's top-secret radar laboratories at Ft. Monmouth, N. J., for alleged Communist activities.

McCarthy hailed the firings as a sign of "a very encouraging tightening up of the security setup" and added:

"One of the most encouraging things that has happened to date has been the action of the secretary of the Army in giving every commanding officer the power to suspend persons suspected of Communist activity."

The Senate investigations subcommittee has for weeks been digging into what McCarthy has described as "evidence of extremely dangerous espionage" at Ft. Monmouth.

New witnesses were called behind closed doors as the probe went on today, and for the first time McCarthy identified one of those who testified.

The witness was named as Mrs. Elba Chase Nelson, former Communist candidate for governor of New Hampshire. McCarthy described her as an organizer for the Communist party, and said she refused to answer many of the subcommittee's questions.

Other witnesses heard today, McCarthy said, included two faculty members at the Massachusetts Institute of Technology, scene of much pioneering research in radar and electronics.

McCarthy said both of the men were former Communists. He added that the subcommittee may seek a contempt citation against one of them for refusing to name Communists he knew while a member of the party.

McCarthy said the other witness identified a Harvard professor as a Communist who worked in the radar laboratories in the 1940s. The senator said the professor will be called before the subcommittee.

McCarthy admitted he was breaking precedent by revealing the name of a witness at a closed hearing.

He said he did so in Mrs. Nelson's case because she was recognized by several newsmen as she was leaving and they indicated they would print her name.

Clark To Accept Citadel Presidency

COLUMBIA, S. C., Oct. 23 (AP)—Gen. Mark W. Clark announced today he will accept the presidency of the Citadel, the South Carolina military college at Charleston.

The former supreme Allied commander in the Far East will retire from the Army Oct. 31. He notified Gov. James F. Byrnes today of his acceptance of the offer recently made him by the Citadel Board of Visitors. Byrnes is an ex officio board member.

Refugee Held As Top Soviet Spy In States

FRANKFURT, Germany, Oct. 23 (AP)—Uncle Sam's hush-hush Central Intelligence Agency was reported on high authority tonight to be holding a mysterious political refugee as a No. 1 Soviet spy suspect.

The report that the CIA had taken over the case, described elsewhere as "a hot one," was made by a top official American source who asked that his name be withheld.

The U. S. High Commission announced today that Georgii Vladimirovich Khorumzhii alias Georg Mueller of Frankfurt "is under investigation in connection with charges that he conducted espionage directed mainly against American personnel and installations."

1,456 Federal Employes Fired

WASHINGTON, Oct. 23 (AP)—The White House announced today that 1,456 government employes were dismissed or forced to resign for security reasons in the four months ended Sept. 30.

The figure was submitted to the Cabinet today by Philip Young, chairman of the Civil Service Commission.

It has also been submitted to the National Security Council.

An official statement said these "separations," as the civil service terms departures from the federal payroll, were for security reasons only and had nothing to do with reductions in force for economy purposes.

White House Press Secretary James Hagerty told reporters that since the Eisenhower administration took office 145,000 federal employes have been let go for economy reasons.

No names of the dismissed employes were given out nor did the White House say which departments and agencies had employed them.

The statement said, however, that 863 were dismissed and 593 resigned.

Press Freedoms In Cuba Returned

HAVANA, Cuba, Oct. 23 (AP)—Constitutional guarantees including freedom of the press return to Cuba at midnight tonight, Interior Minister Ramon Hermida said today. Such guarantees were suspended for a three-month period last July after an abortive revolt in Santiago de Cuba.

Peron To Deliver Ponies To Queen

BUENOS AIRES, Argentina, Oct. 23 (AP)—President Juan Peron is sending two polo ponies to Queen Elizabeth II as a delayed coronation gift. The Queen herself was reported to have suggested the gift because of the Duke of Edinburgh's interest in polo.

Most Business Leaders Predict More Prosperity

PEBBLE BEACH, CAlif., Oct. 23 (AP)—The country's biggest businessmen explored some economic "soft spots" today and decided that prosperity will last into next spring at least.

Members of the Business Advisory Council of the Commerce Department reported their judgment to Secretary of Commerce Weeks, Secretary of the Treasury Humphrey and a dozen other high officials at BAC's closed meeting in Del Monte Lodge here.

Twelve corporation heads, representing as many key industries, reported their own business outlook in a round-robin discussion intended to guide the administration on policies which would prevent the post-mobilization "readjustment" from turning into a recession.

Some rise in unemployment, a slight dip in retail activity, hotter price competition and a moderate further decline of industrial production from its present near-record rate, were foreseen, according to what information could be obtained from the confidential session.

Robert E. Wood, chairman of Sears, Roebuck and Co., was known to expect a drop in retail sales of 2 to 10 per cent, varying from city to city, in the next three months. He based this forecast mainly on falling farm income and tightening credit.

Clarence B. Randall, president of Inland Steel Co., was quoted as forecasting a further moderate decline of steel production in 1954. Steel output has fallen in the past year from virtually 100 per cent of capacity to about 90, then recovered some ground.

Industry leaders here have emphasized, however, that production rates close to 100 per cent are abnormal for the industry—especially in view of its 20 per cent expansion since 1950. They contend that a drop to 85 per cent or thereabouts would make for different operation without adverse effect on industry in general.

Guiana Asks Financial Aid

LONDON, Oct. 23 (AP)—Anti-Communist leaders from British Guiana called on Britain and the world bank today to spend 100 million dollars to develop the colony's economy and counteract communism.

John Carter, chairman of Guiana's United Democratic party, told a news conference that "if the (British) government is not prepared to spend large sums of money in the development of British Guiana, they might as well hand it over to the Kremlin."

Telephone Bell Symbol Found Not Registered

FALLS CHURCH, Va., Oct. 23 (AP)—Raymond L. Smith searched through patent office records for a name for a telephone answering service that he and his wife operated—and hit a jack pot.

He said he found that the well-known blue bell in a circle used by the American Telephone and Telegraph Co. and associates for nearly 75 years had never been registered.

He registered a modification of the device in his own name and said he planned licensing the mark to other similar telephone answering services.

When A.T.&T. didn't like the idea there was a bit of a compromise.

Today Smith said that most of the $18,000 he received to cancel his right to the trade mark has gone into his new home here.

Efforts To End London Truck Strike Futile

LONDON, Oct. 23 (AP)—Urgent efforts to end a wildcat strike of London's oil truck drivers failed tonight and the government ordered 2,600 armed troops to take over the distribution of emergency supplies.

The Fuel and Power Ministry clamped on a rigid ration system giving first priority on gasoline and oil to essential public services.

Labor Minister Sir Walter Monckton, in notifying the House of Commons that troops had been called in, said "there is ground to think that those who are inclined to the Communist view and are members of the Communist party are taking part in keeping this strike alive."

Many Laborites supported the decision of Prime Minister Churchill's Conservative government to use the troops to end the crisis that is all but paralyzing transport throughout the London area.

The strike, involving 2,600 drivers, is now in its fifth day with little sign of immediate settlement.

The strikers early tonight modified their demands and offered to negotiate with union leaders and employers. But leaders of the Transport and General Workers Union refused at a police-guarded meeting later to accept demands which they termed unconstitutional.

They appealed to the strikers to end the walkout, never authorized by the union, and submit their claims to arbitration. The strikers overwhelmingly rejected the appeal, with only about a dozen men voting to go back to work.

Frank White, one of the strike leaders, told newsmen: "The situation is quite clear. The strike continues and at present we have no plans for any return to work."

The drivers originally demanded dismissal of all non-union workers in the industry, full union recognition by their employers and a 10-shilling ($1.40) weekly pay hike. They have been getting $20.37 a week. It was not made clear how they proposed to modify their stand.

U. S. Treasury Halts Savings Note Sale

WASHINGTON, Oct. 23 (AP)—The Treasury tonight halted sales of Treasury savings notes to avoid plunging over the 275 billion dollar national debt limit in the near future.

There was no indication when, or if, savings note sales would be resumed.

Two Aircraft Plants Closed By Walkouts

32,000 Idled In Fight Between Unions And Warplane Industry

LOS ANGELES, Oct. 23 (AP)—Production of jet warplanes at two big North American Aviation Co. plants was halted today by a strike which a union official termed the beginning of an industry-wide struggle between unions and the aircraft industry.

32,000 Workers Idle

An estimated 32,000 production workers were idle. The walkout began last midnight at plants in the Los Angeles area and at Columbus, Ohio.

The main issue is a demand of the CIO United Auto Workers for a wage boost of 23.4 cents an hour. The company offers a 4 per cent general increase.

As both sides dug in for what may be a long strike, Ray Ross, Springfield, Ohio, regional director of the UAW-CIO, told a Columbus mass meeting that this is the start of an industry-wide dispute.

Ross said other aircraft manufacturers are holding wage discussions in abeyance pending the outcome of the North American contract dispute. He said the union had selected North American as the opponent for the conflict with the aircraft industry.

Company and union sources reported picketing was peaceful.

In addition to an hourly wage increase for production workers the union is asking severance pay, a pension program and other benefits. The company termed its proposal a "final offer." In addition to a 4 per cent general wage boost North American offered an added 4 to 5 cents an hour more for top workers. The wage rate now ranges from $1.42 to $2.32 an hour.

Negotiations began in Los angeles last Sept. 1 and broke off last night, shortly before the strike started. Contracts expired at midnight. No further negotiation meetings have been scheduled.

Plans No Move

In Washington a Federal Mediation Service spokesman said his agency plans no moves at this time but will watch the situation.

The company reported production lines were stopped in both Los Angeles and Columbus. North American produces the F86F Sabre jet, which gained fame in the Korean War, the F86D, a continental defense interceptor, the F100 Super Sabre, a new supersonic fighter for the Air Force, and the T28B, a Navy trainer.

U. S. To Maintain Europe Troops

WASHINGTON, Oct. 23 (AP) — France was reported today to have sought and received assurances that the Eisenhower administration is firmly committed to the policy of maintaining United States forces in Europe as part of the North Atlantic Alliance defense system.

The French government had become concerned about a spate of reports from Washington that the government was planning eventually to reduuce its NATO strength. French officials are looking forward to a parliamentary debate in three or four months on ratification of the European Defense Community treaty, under which West Germany would arm, and any evidence that the United States might withdraw its forces from Europe would work against the French approval of EDC.

Automatic Mail-Sorter May Revolutionize Post Offices

WASHINGTON, Oct. 23 (AP)—Sen. Carlson (R-Kan) said today government scientists have developed a mail-sorting machine which is "amazing" and has great possibilities.

A citizens' advisory council to the Senate Post Office Committee, which Carlson heads, watched a demonstration of the machine this week. The Kansan said the council was convinced of the practicability of the machine and "without doubt" would have some recommendations about speeding it into actual use.

The council set up to look into ways of modernizing the Post Office Department and reducing its big deficit, expects to make a report in January.

The machine, developed by Bureau of Standards scientists, is designed to take care of the complicated mail sorting tasks now handled by clerks in the post offices. These clerks take piles of mail and place it in different bags, or slots, according to its destination.

Details of just how the new machine works have not been announced, but it operates electronically.

Carlson said there had been reports the machine might displace a large share of the 125,000 clerks now engaged in mail sorting.

He commented, however, that it would take several years at best to get such machines into wide post office use. Thus the effect probably would be to enable the department to handle growing mail volume without hiring more workers rather than to wipe out existing jobs, he said.

Partisans Kill 10 East German Police, Officials

BERLIN, Oct. 23 (AP)—Partisan bands have slain nine East German policemen and one Communist party official in the past two weeks, accounts reaching West Berlin indicated tonight.

Five resistance fighters were reported executed by firing squads.

A state of siege has been laid down in the Cottbus area, near the Polish and Czech frontiers.

The Communist East announced some details of the outbreak of violence, which apparently started Oct. 10 and is still a threat. In Cottbus, the official Communist newspaper blamed "Fascist murderers" and drew a parallel with 1932 and early 1933, when the Nazis and the Reds clashed throughout Germany in street battles that took hundreds of lives.

Pieced together from admissions by the East and from underground and Allied sources in West Berlin, the picture in southeast Germany is one of high tension.

Tightened police controls that grew out of the June 17 uprisings flushed some of the partisans and may have touched off the series of incidents which now include:

Oct. 10—Two People's policemen shot and killed by a band of seven Czechs, including a woman, in the town of Luckau.

Oct. 11—Alois Tischner, a Communist party official at Torgau on the Elbe, beaten to death by what the party headquarters said was a group of "Fascist bandits."

Oct. 17—Three police officers, including a colonel, ambushed and slain by a band of partisans at Cottbus.

Oct. 19—Two partisan leaders arrested by security police with party officials demanding their execution.

In the past 48 hours, two police officers and two patrolmen were shot by underground groups in the Cottbus area, the U. S. High Commission's newspaper Neue Zeitung said.

Two Boys Admit Attempt To Blow Up Ohio Dam

COLUMBUS, Ohio, Oct. 23 (AP)—Bexley Police Chief R. E. McNamee says two boys with a cache of dynamite and intentions of blowing up a dam and two police stations probably could have done the job.

The two, aged 13 and 15, admitted to juvenile authorities they caused the half million dollar derailment of a New York Central freight train Monday night by using an iron bar to force open a track switch. They are escapees from the Bureau of Juvenile Research.

McNamee said one of the two "was very proficient in handling electrical apparatus and probably could have hooked up a bomb."

The two led an officer to the dynamite cache after saying they had intended blowing up a dam near Columbus and the Bexley and Whitehall police stations here.

Parcel Post Rate Suit Is Dismissed

WASHINGTON, Oct. 23 (AP)—A federal judge today dismissed a suit to knock out parcel post rate increases which went into effect Oct. 1

U. S. District Judge Richmond B. Keech granted a government motion to dismiss the suit filed Sept. 25 by 14 greeting card manufacturers who contended the rates discriminated against them and other direct selling companies.

Prisoner Again Attempts Suicide

TOWSON, Md., Oct. 23 (AP)—Eric Preston Randall tried to set himself on fire in his jail cell here today in what was termed another suicide attempt.

Police said the attempt, the fourth, resulted in minor burns.

Wednesday, the 26-year-old youth scratched himself about the neck with a razor blade in what was also termed a suicide attempt.

Randall is waiting to be sentenced on a conviction as an accessory to the murder of John Metzger, former soldier shot to death last summer when he refused to drive Randall and Sgt. Richard Elkins out of town.

Drought, History's Worst In Places, May Be Broken

WASHINGTON, Oct. 23 (AP)—The Weather Bureau took a good look at the drought today and pronounced it—in places—the worst in history.

But there are indications that the severe dry spell may be breaking up soon, with rains already coming to parts of the parched Southwest and Midwest.

Before the rains came this week, more than one-half of the nation's farmlands baked in an Indian summer that brought less than one-fourth of the usual fall moisture.

Not even a tenth of the moisture farmers usually expect for fall planting has fallen in a lot of the country.

Ivan R. Tannehill, head of weather reporting and forecasting, said that fortunately this drought has done less overall damage than some others, notably the "black blizzard" dust storms of the 30s.

But the government still has placed 454 counties in drought disaster areas and made available around 50 million dollars to farmers.

Tannehill said it has been the worst drought in history for part of the southwestern United States, and especially for the state of Missouri. Also, the whole area east of the Mississippi River has experienced one of the worst droughts of all time, Tannehill said.

Other droughts in 1934 and 1936 were less severe but they occurred during crop growing seasons, and for that reason probably were more disastrous for farmers. But none quite compares with that of 1930, Tannehill believes.

Weather officials, who have been making special study of the present drought, state that October of last year was the driest month, from a national standpoint, in all history.

Virginia Hunting Season Is Closed

RICHMOND, Oct. 23 (AP)—Hunting seasons throughout Virginia will close at 5 p. m. tomorrow because of the continuing drought and the hazard of forest fires, the Commission of Game and Inland Fisheries said today.

The commission said the ban, decided on at a commission meeting today, would apply to all types of hunting with the exception of migratory waterfowl, and would remain in effect until further notice.

A previous ban on night hunting in 35 Virginia counties will remain in effect the commission stated.

General hunting season was scheduled to open Nov. 16 west of the Blue Ridge Mountains, and Nov. 20 east of the mountains.

Chrysler Buys Briggs Company

DETROIT, Oct. 23 (AP)—Chrysler Corp. announced today it has agreed to purchase the Briggs Manufacturing Co., a major auto body supplier, for 35 million dollars.

Briggs normally employs around 35,000 workers.

The purchase plan includes all principal Briggs plants, machinery and equipment, but does not include the Beauty Wear Division of Briggs, which makes plumbing fixtures.

Briggs makes most Chrysler Corp. bodies and also supplies Packard.

President L. L. Colbert of Chrysler said in announcing the sale that transfer of the properties is anticipated within 60 days.

But, he added, approval yet must be obtained from Briggs stockholders.

Briggs was founded by the late Walter O. Briggs, who was a principal stockholder and owner of the Detroit Tigers of the American League at the time of his death.

Woman Evaded Tax On $50,000

BIRMINGHAM, Ala., Oct. 23 (AP)—A 36-year-old brunette who said she made her income from men today pleaded guilty to a charge of failing to file federal returns on an income of almost $50,000.

U. S. Dist. Judge Hobart Grooms fined Jessie Ruth Chestnutt, $2,500.

Her attorney said Miss Chestnutt has paid the government approximately $60,000 in back taxes, penalties and interest. He added that she also paid the State of Alabama $5,000 in settlement of state income tax claims.

The government charged she failed to pay taxes on an income of $11,985 in 1949; $24,644 in 1950; and $12,144 in 1951.

Miss Chestnutt was arrested in a downtown hotel here with a man last June and charged with disorderly conduct. In August, 1952, she was stabbed by another man who testified he had given her several thousand dollars.

The man, George Stewart, was sentenced to two years for assault with intent to murder.

Company Cites Gas Problem

The Cumberland and Allegheny Gas Company has mailed notices to gas heating violators that their gas will be shut off in ten days unless they disconnect unapproved heating equipment.

C. C. Robbins, manager here for the gas company, said the move was being made to protect all the company's customers during cold weather periods this winter.

The gas company official pointed out that the relatively few families with unauthorized heating installations still have time to arrange for other fuels.

Like many other gas companies throughout the country, C. & A. has had restrictions in one form or another in effect since April 1947, he explained.

Gas can be used for new heating purposes only after an application is filed with the company and approved. The speed with which the company approves those applications varies with its gas supplies.

He said his company hopes to "squeeze by" this winter without shortages. But that can only be done, he emphasized, if the demand for cold-weather gas is limited by restricting the total number of customers who use gas for heating.

Local Rotarians Plan To Attend Conference

The Cumberland Rotary Club will be well represented at the three-day conference of the District 264, Rotary International, starting tomorrow at the Bedford Springs Hotel.

Included among the delegates will be Lewyn C. Davis, president; F. Perry Smith, vice president; Mayor Roy W. Eves, secretary; Edward L. Ewald, treasurer, and James L. Weber, past president.

The Cumberland club is always well represented at these Bedford Springs Hotel sessions with half of its members usually attending.

Conference chairman for the local club is Adolf Blunk.

The principal speaker tomorrow night will be Charles P. Taft, Cincinnati attorney and prominent public official. He is the brother of the late Senator Robert A. Taft, and the son of William Howard Taft, twenty-seventh president of the United States.

Shaffer Is Given Amcelle Award

Delos V. Shaffer, Hyndman, Pa., completed 25 years of Celanese Corporation of America service at Amcelle yesterday and his employment anniversary was marked by R. F. Thompson, plant manager, presenting him with a gold pocket watch.

Mr. Shaffer was also awarded a gold five-star Celanese service award emblem and engraved certificate by W. D. Claus, plant engineer.

He has been a helper in the Textile Engineering Department, the past 15 years. For his first 10 years, he worked as an examiner of fabric in examination and picking, which was connected with the former Weaving Department.

Mr. Shaffer is married and the father of four daughters, one son and has one grandchild. His favorite activity is hunting.

Bottlers Discuss Soft Drink Cost

The Tri-State Bottlers Association of Maryland, Pennsylvania and West Virginia, met Thursday night in Petersburg, W. Va., to discuss prices in areas adjacent to Cumberland.

Edward Wolfe, of the Malamphy Bottling Workers here, is president. He said it was pointed out that the Cumberland area is one of the few where soft drinks can be purchased for a nickel a bottle.

A spokesman revealed that the cost in Pittsburgh is from eight to ten cents a bottle, or $1.50 for a case of 24 bottles.

The representatives of 18 firms attending also discussed a code of ethical and fair trade practices.

The association was formed at a meeting here September 26.

The next meeting is scheduled December 10 in the State Armory at Oakland.

Every woman needs a daily body-toning routine if she wishes to maintain a supple, lovely figure!

Secrets Of Charm

by John Robert Powers

Women who have recently become mothers frequently write requesting exercises for toning the body. This is a matter for each individual to discuss with her doctor. He alone can judge when she is ready to undertake body toning exercises. He also will be glad to provide her with the correct type of exercise for her special condition.

In fact, it is wise for any woman who has not exercised for quite some time to have her doctor check her physical condition before undertaking any strenuous program. After being so reassured, here are two of the best exercises for figure maintenance.

Toning Exercises

For the abdomen and legs: Lie flat on your back on the floor. Place your arms straight out above your head. Now, as slowly as you can, raise your legs, arms and shoulders at the same time. Return to suppine position and relax. This is a difficult but most beneficial exercise. Performing it about three time per day is enough.

Another excellent abdominal exercise is performed by sitting on the floor. Raise your knees. Clasp them with your hands. Now bend your back into a bow shape and pull in your abdomen as hard as you can. Next return to a straight-backed sitting position with your head erect. Repeat this routine about six times. Then relax.

As a relaxing routine, try sitting upright in a straight-backed chair. Now raise the arms straight up over head. Reach as high as you can. Then twist your body to the right; next to the left. Twist as far as possible in each direction. Make these twists several times. Then drop your head and shoulders forward and make yourself go "limp" all over, like a rag doll.

Beauty Gains

With just these few simple routines a woman can regain lost muscle tone. Her figure will be more limber and supple. She will look younger and walk with a free, swinging grace.

Every woman, regardless of her age, should have a few favorite exercises which she performs faithfully every day. For the sake of variety and to offset the possibility of boredom, the exercises can be changed from time to time. As a regular reader of this column, you will never find yourself without plenty of suitable exercises!

Play Tourney Planned Tonight

Fort Hill Players will present the annual play tournament today at 8 p. m. in the school auditorium. Entries from the Sophomore, Junior and Senior classes will be presented and a "best" actor and actress will be selected following the program.

Janet Nee and Carol Meister are directing the Senior play, "Heat Lightning." The cast includes Helen McKee, Ronald Dyer, Fred Hillegas and Charles Welch.

In the Junior presentation, "Evening Dress Indispensable," are Patty Weaver, Mary Wheeler, Mary Daily, Stanley Wilson, Melvin Ritter and George Eskin. Directing are Jackie Weber and Jackie Pennell.

The Sophomore entry is "Nobody Sleeps." This is directed by Carol Lillard and Eileen Liller. In the cast are Jan Sieler, Jane Hausman, Sharon Day, Virginia Lillard, Beverley Long and Ellen Proudfoot.

The tournament this year is being held during the regional conference for high school thespians from Maryland, West Virginia and Pennsylvania. Fort Hill's Thespian Troupe 230 is host for the drama clinic.

The judges for the tournament will be advisors of thespian troupes attending the conference. Jackie Pennell, vice-president of the host troupe, will be mistress of ceremonies. Deirdre Wilson will play the school organ during intermission.

The performance is open to the public for a small admittance fee.

Safe-Driving Awards Given By Celanese

Financing Being Checked By Health Group

Four over-the-road tractor-trailer drivers of the Central Trucking Department, Celanese Corporation of America, have been presented safe-driving awards by R. F. Moore, manager of the corporation's trucking department.

Those receiving cash bonuses totalling $1,150 and gold "Celanese" safe-driving pins were: Howard E. Elliott, RD 3, Bedford Valley, Pa.; Warren G. Staley, Moorefield, W. Va.; Earl E. Kurtz, Staunton, Va., and Charles J. Isner, 624½ Frederick Street, Cumberland.

Elliott and Staley each received a bonus of $350 for four consecutive years of safe driving; Kurtz a $300 bonus for three years, and Isner $250 for two years of accident free driving.

These drivers have operated 25-ton tractor-trailer units safely throughout 16 states covering the entire Eastern Seaboard.

"Safety on the highways is of prime importance in moving the Company's products to the consumer and Celanese drivers have logged a fine overall non-accident record over the years," Moore stated during the award ceremony.

All drivers of the trucking division have been presented awards covering from one to seven consecutive years of safe driving since the bonus program was inaugurated in 1946.

Weather Modification

The droughts of 1953, still continuing in many parts of the country, have greatly stimulated interest in the new art of artificial rain making. Congress appropriated $150 million for drought relief in 1953, and just before adjourning in August, directed the President to appoint a commission to study present weather-changing techniques and recommend legislation to protect the public interest.

The new commission is directed, among other things, to "evaluate" present methods of weather control. In this it will have no easy task, for scientists are in hot dispute over the worth of these methods and are sharply divided on future possibilities of influencing the weather on anything more than a local scale.

The weather-changing technique now in widest use is "seeding" clouds to induce rainfall in arid agricultural sections, to protect growing crops against hail damage, and to replenish city water supplies in times of shortage. Some 500 million acres, mostly farm and ranch land in the West, have been given the treatment since the war.

Seeding can be carried out (1) from above, with aircraft which drop dry ice on target clouds to induce precipitation over limited areas or (2) from the ground with generators which release silver iodide in the form of vapor to act on more widely distributed cloud formations. In fruit-growing regions, storm clouds have been sprayed with salt solutions to convert their hail into slush or rain.

Farmers, orchardists, and stock raisers have formed cooperatives to contract for services of the weather modifiers and to pro rate the costs, which have ranged from 1c to 17c an acre. In general they seem well satisfied with the results, although leading meteorologists maintain that apparent successes for the professional rain makers can be attributed for the most part to natural causes.

Congress foresaw great benefits from a practical system of weather modification—higher agricultural yields, more abundant hydro-electric energy, fewer losses from forest fires, reduction of flying hazards, possible elimination of damage from violent storms. At the same time it cited certain dangers from improper or uncontrolled attempts to alter man's natural environment. Among those cited were "catastrophic droughts, storms, and floods; injury to navigable streams, . . . water supplies, . . . and hydro-electric power."

Law suits have been filed against rain makers by farmers who believed their rain was stolen or that damaging storms had been sent in their direction. New York City was sued for more than $2 million by 130 individuals after cloud seeding in the Catskill Mountains in 1950 to replenish the city's reservoirs. However, no court has yet awarded damages in any such suit.

Ten states have adopted legislation to control the weather modifiers, mostly under licensing systems. Three states — Colorado, South Dakota, Wyoming — have staked out claims to all moisture suspended in the atmosphere over their territory. Oregon requires that cloud seeders be covered by at least $100,000 of liability insurance. A licensing bill passed by the New York legislature this year was vetoed by Governor Dewey, partly because it did not provide for co-operation in weather-control regulation with other states or the federal government.

The recent action of Congress in setting up a weather modification commission is believed to look to ultimate federal regulation. The ground work for such regulation seems to be laid by a sentence in the legislation which states that weather-changing activities not properly safeguarded may "impede the production and transportation of goods and services for domestic consumption and export and for the national defense, and may otherwise affect the general welfare and common defense."

Bulb-Planting Time

Bright-hued pamphlets are coming from the nurserymen to remind the gardener that fall is not only harvest time but planting time, as good as spring or better for many things and indeed the only season to put in bulbs.

Compared to the catalogues issued in late winter they are thin and modest. But they are none the less sure of a reading. For here, absorbed in the glowing descriptions and eye-filling illustrations, the gardener can dream dreams once more. He will dream them with mingled feelings, if he is an old hand, for he knows that he must expect some disappointments and yet he is willing to believe that these perfect blooms pictured on page after page are possible.

Besides, when it comes to bulbs, the gardener can count on getting pretty much what he buys if he will do his part. The tulips will flaunt the shades shown in the plates, or very near them, and grow to the specified heights. The daffodils will be single or double as advertised and the narcissus spicily fragrant as promised. The crocuses, scillas, grape hyacinths, anemones and all the rest will fit the printed descriptions.

True, there may be gaps in the planned arrangement for one reason or another. True, too, that a gardener who gambles on a variety difficult to grow is likely to come out on the losing end. But by and large performance will not fall too far short of his hopes. He can be reasonably sure that if he gets his bulbs in soon, and does his job well, the miracle will come to pass as prophesied and he will have a rainbow of blossoms at his feet come spring.

Indian Summer

That delightful season which comes between the heat of July and August and the cold of winter is known as Indian summer. Why it was so named has never been made clear. Only the more curious, those who delight in ferreting out strange facts, have shown interest in the matter. Their research has resulted in curious and often contradictory answers.

That it originated with the Indians, or at least was derived from some of their lore, is admitted. One theory that has been advanced is that as sort of second summer it is deceptive, in line with widely held impression of the character of Indians. Others held that it was the season in which the Red Man made attacks upon white settlers before the rigors of winter prevented warlike movements over wide expanse of terrain. Neither of these explanations is convincing.

More than 100 years ago Rev. James Freeman of Boston, in describing a "summer reborn," wrote that it was so named by the Indians, who believed that it was caused by a wind which came directly from the court of their great and benevolent god, Cautanowwit, or the southwestern god. Whatever the origin of its name, it is a most delightful season, with nature in its loveliest array taking a final fling before it is stripped of its finery by the cruel hand of winter.

How To Keep Well

Keep Calm When Convulsions Occur

Many a mother has phoned frantically in the middle of the night: "Doctor, come quick. My baby is dying." More often than not the child is having a convulsion which proves one of the most alarming events in the life of the parents. These attacks are more common in the first two years than at any other time.

Convulsions generally appear with little or no warning. There is loss of consciousness, the eyes roll back, the color turns ashen, the body stiffens, and breathing ceases momentarily. Within a moment or two the convulsive twitchings begin and the body shakes, the head is thrown back, and the hands are clenched. The seizure may last a few moments to one-half hour when the movements become less frequent gradually until they cease.

Everyone is interested in stopping the attack but the convulsion will never do as much harm to the child as what is causing it. The parents, therefore, should remain calm and do nothing more than prevent the youngster from injuring himself by falling off the bed or striking his head. Above all, don't do anything radical like placing the child in water so hot as to cause a burn. Such a stunt has led to months of hospitalization. Never put anything in the child's mouth at this time, such as medicines or sedatives. The child cannot swallow and the material may go into the lungs to produce obstruction or pneumonia. When convulsions are associated with fever, an alcohol or sponge bath, will lower temperature. When the convulsion fails to subside within a reasonable time, sedatives usually are administered intravenously or the physician sends the child to the hospital for an anesthetic or oxygen. These methods rarely fail.

As stated previously, the cause is the important factor; this is why the physician spends more time with the tot after than during the convulsion. If fever is present the child may be coming down with measles, pneumonia, scarlet fever, or other infectious disease. In such instances the convulsion in the child is comparable with the chill in the adult. Fever in the circumstances produces the convulsion. In other cases the spell is brought on by inflammation of or injury to the brain. Poisoning may have the same effect, especially that resulting from lead, camphor, or strychnine.

Whenever more than one convulsion occurs the possibility of epilepsy enters the picture. If this question should arise it is well to know that tests are available that help solve problems of this nature. Experience has shown, however, that childhen who develop convulsions when their temperature rises rarely are affected later nor are they predisposed to epilepsy.

WANTS WART CURE

M. M. writes: I give great credit to science today for the many wonderful cures that have been discovered, but will you please tell me why it is that after asking several doctors what warts are and how to get rid of them, I cannot receive a direct answer? I started off with one and now I have a dozen.

REPLY

Warts result from invasion of the skin by the virus (what). They prefer areas that undergo trauma (why) which makes the hands an ideal environment. There are many ways to eliminate warts, but we have no way to prevent their spread. Most warts have a way of taking care of themselves and a high percentage disappear spontaneously. We have a leaflet on warts that you can obtain by sending a stamped, self-addressed envelope (how).

OPTIC NERVE DEGENERATION

P. S. writes: I have a diagnosis of atrophy of the optic nerve, which has reduced my vision to 20/70. Can you tell me something about this disorder?

REPLY

The nerve that leads to the eye is subject to the same disorders and diseases that affect nerves elsewhere in the body. The degeneration associated with atrophy of the nerve follows infection, injury, poisoning, and alcoholism. Occasionally the condition is associated with the aging process.

NEGATIVE BLOOD

T. Y. writes: Is it possible to have syphilis with a negative blood test?

REPLY

Yes, during the first few weeks of the infection. Thereafter, the reaction is positive.

EGGLESS

Mrs. N. writes: My little boy is allergic to eggs, and I have been told not to give him any food containing eggs. He likes cheese and I would like to know if cheese contains eggs?

REPLY

No. Cheese is made from milk.

STORMS AND MOODS

R. M. writes: Storms, winds, and dull weather make me depressed. When the weather is stormy, my stomach turns over. Can you explain this peculiar sensation?

REPLY

Weather affects individuals in many different ways, possibly because of the effects of barometric pressure changes on the tissues of the body.

AEC Chief Wants Ike To Keep Silent On H-Bomb; Defense Against Depression Important As Defense Against Aggression

WASHINGTON — A high-level, highly important debate has been going on inside the White House over one of the most vital issues facing Ike and the nation—the hydrogen bomb and how much the American people should be told about it.

Earnest Adm. Lewis Strauss, chairman of the Atomic Energy Commission and the apostle of Herbert Hoover in the Administration, favors releasing a minimum of information on the H-Bomb. He believes the President should come close to silence.

Dynamic C. D. Jackson, the White House psychological expert, disagrees. He feels that the President should be completely frank with the public, give at least one no-holds-barred speech.

At present it looks as if Jackson would win. Ike will probably give an important speech on atomic-hydrogen energy sometime in November.

Combating Depression

President Eisenhower held a significant meeting of his top economic lieutenants at the White House the other day regarding the economic front. At the meeting he told them it was just as important for the nation to build defenses against business depression within as against aggression from without.

He expected his Council of Economic Advisers, he said, to chart an economic course in the same way that the National Security Council plots diplomatic and military policy. In short, he wanted his Administration to block any recession before it catches hold.

Reason for the President's concern are these economic warning signs: tumbling farm prices, sluggish home building, slumping industrial investments, rising business inventories, mounting consumer indebtedness and tapering Government expenditures.

It is now recognized that one cause of the downtrend was the suddenness with which Secretary of the Treasury Humphrey pushed his "hard money" policy of raising interest rates and tightening credit. He has now slammed the brakes on hard money, and adopted a more flexible policy. In fact, he has gone so far as to warn privately that the Reconstruction Finance Corporation may have to be revitalized to pump government money into faltering business concerns.

Humphrey is also still determined to cut taxes next year, which would have a buoyant effect on business. However, he is still resisting another means of priming the economic pump — namely, stepping up Government spending.

Some economic advisers are pressing for a public-works program to stimulate business. Others have suggested an atomic-works program which they argue would build up our atomic strength at the same time it helped stave off a recession.

It goes without saying that the Government can't balance the budget at the same time it is cutting taxes and increasing expenditures. The President's instructions to his advisers were to put the nation's economic health ahead of a balanced budget. However, there is still widespread disagreement inside the Cabinet over where to draw the line.

Money For Israel

Bartley Crum, once Wendell Willkie's manager on the West Coast, now better known as Rita Hayworth's lawyer, tells how he approached the late A. P. Giannini, head of the giant Bank of America on behalf of a loan to the new State of Israel in 1948. Eastern financiers had refused a loan on the grounds it was risky.

But Giannini, son of an Italian immigrant truck gardener, was more sympathetic. "What security have they got?" he asked.

"They've got a lot of land over there," replied Crum.

"We'd have a fine time trying to foreclose on that," shrugged Giannini. "Any other security?"

Crum, a usually eloquent Irish attorney, couldn't think of any.

"You have overlooked the best possible security of all," prompted Giannini, "the character and integrity of the Jewish people."

He approved a loan for $15,000,000.

These Days

By GEORGE E. SOKOLSKY

Government By Choice

This is a "government by choice." The Declaration of Independence proclaimed to the world that every people has a right to choose its own government. The Constitution guarantees a republican form of government for the United States and sets up a device for the election of its officers and legislators.

In municipalities, this country has not done so well. At the turn of the century, Lincoln Steffens wrote a series of articles on the corruption of our cities which attracted wide attention, but really made no difference because in the ensuing decades the grafters become more numerous; their techniques more wily; the size of the loot enormous. Such thieves as Tweed and Croker were amateurs compared with the present breed, who are not chiselers but who organize enterprises in collusion with political officials.

Thus, a municipal election rarely touches the principal corruptionists, who generally are non-partisan or bipartisan, whichever way you like to put it. In the midst of the Fay scandal in New York, which involves corrupt labor unions and corrupt public officials, the metropolis is holding a municipal election in which two of the four candidates are owned outright by labor unions and nobody questions the ownership.

The citizens have had no voice in the selection of these candidates because, as the primaries are rigged, it would make little difference. There was a contest in the Democratic primary, but most of the Democrats remained at home, refusing to vote in a contest which did not inspire them. The Republicans had no such contest, the whole matter being cut and dried.

The A. D. A. (Americans for Democratic Action) is a Fabian Socialist organization which parasitically lives on the Democratic Party. In New York State, it also directs a party, called the Liberal Party, the private possession of David Dubinsky, who heads the International Ladies Garment Workers Union, which has a treasury of more than $160,000,000, which, though honestly managed, produces enormous political power.

The A. D. A. has two candidates for Mayor, Rudolph Halley on the Liberal Party ticket and Robert Wagner Jr. on the Democratic Party ticket, who insult each other regularly in gutter language, perhaps because it comes naturally to them. The insults mean nothing, however. The quarrel is strictly fraternal.

The incumbent Mayor, Vincent Impellitteri, is a gentleman, no matter what else is said about him, and the evidence is that he is owned neither by the gangs nor the labor leaders, which in this metropolis is at times interchangeable. His weakness has been inability to build a political organization while he sat in the City Hall. His record of administration has been good but not demonstrative. In New York, everything must be made to appear urgent, enormous, important. Impellitteri does not have the gift of that type of articulation; Impy, as he is popularly called, is therefore out of the running.

The Republican candidate, Harold Reigelman, has long been a student of municipal affairs, particularly on the side of what happens to the people's money. He is likely to be an efficient administrator even under the complex and confused system obtaining in this great city — a system devised to stop corruption by making administration so involved that the corrupt work at it effectively.

While always a Republican, he has been more the pro bono publico citizen than the politician and has, as a lawyer, most often represented those who pay taxes and wonder what for.

Now all this might be regarded as local trivia, were it not that if either Halley or Wagner is elected, it is likely to mean that Franklin D. Roosevelt Jr., will be the Democratic candidate for Governor of New York State and that he will control the 94 votes of that State at the next Democratic convention. Thus far, Junior has given evidence of no greater achievement than to have been born of a father who gained the distinction of requiring the passage of a constitutional amendment limiting the Presidency to two terms. It is not likely that the Democrats will relish Junior's national leadership, but that may be their lot and their problem if New Yorkers decide on either Wagner or Halley for Mayor.

In the campaign this has not been brought out. Thus far, the two words most used, and assumedly most enlightening, have been faker and liar. Maybe that is representative government, 1953 model!

Today In Washington

By DAVID LAWRENCE

WASHINGTON—President Eisenhower's decision to refrain from campaigning for individual candidates for Congress—though, of course, he may make some speeches between now and Election Day in 1954 about the record of his Administration and his party —has revived interest in the question of whether Presidential influence in Congressional elections has been exaggerated.

The most authoritative work on the subject is that of Dr. Malcolm Moos, professor of political science at Johns Hopkins University, who has given a summary of all available data, together with his own analysis, in a book entitled "Politics, Presidents and Coattails," published by the Johns Hopkins Press, Baltimore.

Dr. Moos quotes various other authorities, too, and notes that Professor Ewing of the University of Oklahoma, in a study of Congressional elections covering a 50-year period, "concludes that the popularity of a Presidential candidate and the Presidential campaign have a very limited influence upon Congressional elections," and that, in his judgment, "the coat-tail clutcher theory is vastly exaggerated."

Presidents Top Tickets

If, therefore, each of the Presidential candidates, whether winner or loser, has relatively little influence in Presidential election years, it may be inferred that a President can exert even less influence in a so-called off-year when a Congress is being elected and a President is not being chosen.

Dr. Moos points out that since 1896 the winning Presidential candidate "has always garnered a larger vote than the total for his party's Congressional ticket." He declares that the disparity between the Presidential and Congressional ticket in the number of votes cast was 5.3 per cent in every Presidential election from 1896 to 1916 but that from 1820 on "the average difference between the parties as regards the ratio of their Presidential to their Congressional ticket's vote has climbed to 11.9 per cent, which means that on the average only 89 to 90 persons out of every hundred who have been voting for President since 1920 have also been taking the pains to vote for Congressional candidates."

It may be surprising to the public generally to learn that Dr. Moos, in his listing of the order in which Presidential candidates have exceeded their Congressional tickets, shows that Theodore Roosevelt is first with 114.9 per cent and that Charles Evans Hughes, who lost in 1916, is tied for first with the same percentage of excess over the Congressional vote. Franklin Roosevelt comes third, fourth and fifth with 112.3 per cent and Herbert Hoover was sixth with 111.9 per cent.

Wendell Willkie was twelfth with 105.1 per cent, and William J. Bryan and Thomas E. Dewey are close runners-up for thirteenth and fourtheenth places.

Since the book was written before the November 1952 election, it does not include the Eisenhower or Stevenson ranking. But, using the same method of computation, it turns out that only 81 persons out of every 100 who voted for Eisenhower voted for the Republican Congressional nominees. In the case of Stevenson the record shows that three more persons out of every 100 voted for the Congressional nominees of the Democratic Party than for Stevenson. In percentages, this means that Eisenhower got 119 per cent of the Congressional vote of his party and Stevenson got only 97 per cent.

Truman An Exception

It is interesting to observe that President Truman was the single exception to the rule. He won, yet he ran behind the Congressional ticket, getting 99.9 per cent of that vote. All the winners otherwise ran ahead of the Congressional ticket of their respective parties, and so did all the losers run ahead with the exception of Parker in 1904, Bryan in 1908, Landon in 1936, Davis in 1924, and Stevenson in 1952.

The book by Dr. Moos offers no explanations as to why people do not vote as extensively for congress as they do for President but does point out that in off-election years that vote is even lower because of a lessened interest. This is but another way of saying that local nominees, despite their supposed popularity in their own districts, aren't as well known as a Presidential nominee.

In the coming elections, therefore, it may be anticipated that the people with grievances will come out and vote. The dissenters in Congressional elections in the last 20 years have been primarily Republicans but, since the Democrats have become the protesting party, they may be augmented by a faction of Republicans. Hence, the Republicans could lose Congress as a direct result of the stay-at-home vote which may be due to indifference, protest or negligence. It's the most serious problem the Republicans face—how to get Republicans to the polls in the November 1954 Congressional elections.

Here And Now

Balloons

In this neck of the woods there is always something happening of more or less importance, of immediate or long-range interest to the community.

Today marks the eighth anniversary of the birth of United Nations. Go to church tomorrow and join in the prayer for this "Mankind's best hope for Peace, Justice and Progress throughout the world."

Several other things, like the poor who are said to be always with us, remain to attract attention—the weather, the crops, the drought, bus schedules, air pollution, flood control, overhead bridges, and many other headaches, enough to drive our city fathers haywire.

But they seem to get through it all, keeping their poise, and the people more or less quiescent, due doubtless to their political perspicacity. !

Just now we are in the throes of an oppressive drought. Jupiter Pluvius is on a strike. Grass is burning up, grapes are turning into raisins, corn is popping on the cobs, and livestock is being marketed for lack of grain.

Powerful Prayers

We would like to see God "wash the world" in our time. But dare we pray for rain? It would be a hazardous thing to do.

In a certain community saints and sinners came to church to pray for rain. The rain came in spates, covering fields, washing out bridges, filling cellars and spreading destruction everywhere. The local crepehanger observed: "See what happens when people pray who don't know anything about agriculture."

When we get in a terrible fix, there are three things we can do: work out of it, pray, play.

Since too much work makes Jack a dull boy, it is best not to have more irons in the fire than you can process.

Pray without ceasing, but don't expect God to do for you what you are able to do for yourself.

"A little nonsense now and then is relished by the wisest men. A bit of humor may solve a hard problem. If the international brass could sit down at a game of pinochle, with Will Rogers umpiring, the world might be better off, and all of us would be happier.

Last Monday noon our genial and versatile Mayor became a boy again, with his toy balloons blown up with helium gas.

Ten aerial emissaries were on a mission, and they kept raring to go on their flight to the upper air to find out about altitudes, air currents, pressures and other atmospheric conditions, and report back to headquarters. Their findings, coupled with similar reports from 39 other key industrial centers throughout the nation, would help the Air Pollution Control Association in its "Operation Meteor-X-10" which could result in purer air and better sanitation for the respective communities than they now enjoy.

While waiting for the returns, we probably will continue our present mode of living and be hosts for the parasitic germs we harbor, under the false impression that "what you don't know doesn't hurt you."

A swedish woman in northern Minnesota phoned for the doctor to come and see her husband who was 'verra seek.' The doctor said, "Take his temperature and I'll be right out." When he arrived he asked, "Where is your husband?" The woman replied: "I take his temper'ture and it say 'verra dry,' so I give him a picher of vater and he done gone back to voi-rck.' "

Since the thermometer and the barometer belong to the same meteorological family, there was here an evident confusion.

The thermometer tells us how hot or how cold we feel. An ancient prophet exclaimed, "Aha! I am warm, I have seen the fire."

The barometer is not so important, since we know when it rains anyhow. Benjamin Franklin said wisely: "When it doesn't look like rain, I always carry my greatcoat."

Red-Letter Day

This is another red-letter day in the calendar, the end of the first semester of "Here And Now," whose "Operation BBX" has had a similar objective to the larger and more spectacular enterprise of the Air Pollution Control Association which it may have sparked. (?)

The theme song has been and is: "I'm Forever Blowing Bubbles."

Some of these bubbles get by the editorial vigilantes and coalesce into balloons which are blown out of the presses into the surrounding territory for the delectation of the stargazers who may happen to spy them, and incidentally sweeten and purify the air we breathe in haunts and open spaces.

A great Teacher advised keeping both sides of the platter clean and washing both the inside and the outside of the cup.

In any "Queen City" the topside of the platter may look clean, but the underside may need washing.

Every loyal citizen is helping the local administration give our city a clean exterior. All of us should be even more solicitous about a clean interior.

If you feel like throwing stones at anybody, throw a flock of balloons instead, especially if it be at

Weather Modification

The droughts of 1953, still continuing in many parts of the country, have greatly stimulated interest in the new art of artificial rain making. Congress appropriated $150 million for drought relief in 1953, and just before adjourning in August, directed the President to appoint a commission to study present weather-changing techniques and recommend legislation to protect the public interest.

The new commission is directed, among other things, to "evaluate" present methods of weather control. In this it will have no easy task, for scientists are in hot dispute over the worth of these methods and are sharply divided on future possibilities of influencing the weather on anything more than a local scale.

The weather-changing technique now in widest use is "seeding" clouds to induce rainfall in arid agricultural sections, to protect growing crops against hail damage, and to replenish city water supplies in times of shortage. Some 500 million acres, mostly farm and ranch land in the West, have been given the treatment since the war.

Seeding can be carried out (1) from above, with aircraft which drop dry ice on target clouds to induce precipitation over limited areas or (2) from the ground with generators which release silver iodide in the form of vapor to act on more widely distributed cloud formations. In fruit-growing regions, storm clouds have been sprayed with salt solutions to convert their hail into slush or rain.

Farmers, orchardists, and stock raisers have formed cooperatives to contract for services of the weather modifiers and to pro rate the costs, which have ranged from 1c to 17c an acre. In general they seem well satisfied with the results, although leading meteorologists maintain that apparent successes for the professional rain makers can be attributed for the most part to natural causes.

Congress foresaw great benefits from a practical system of weather modification—higher agricultural yields, more abundant hydro-electric energy, fewer losses from forest fires, reduction of flying hazards, possible elimination of damage from violent storms. At the same time it cited certain dangers from improper or uncontrolled attempts to alter man's natural environment. Among those cited were "catastrophic droughts, storms, and floods; injury to navigable streams, . . . water supplies, . . . and hydro-electric power."

Law suits have been filed against rain makers by farmers who believed their rain was stolen or that damaging storms had been sent in their direction. New York City was sued for more than $2 million by 130 individuals after cloud seeding in the Catskill Mountains in 1950 to replenish the city's reservoirs. However, no court has yet awarded damages in any such suit.

Ten states have adopted legislation to control the weather modifiers, mostly under licensing systems. Three states — Colorado, South Dakota, Wyoming — have staked out claims to all moisture suspended in the atmosphere over their territory. Oregon requires that cloud seeders be covered by at least $100,000 of liability insurance. A licensing bill passed by the New York legislature this year was vetoed by Governor Dewey, partly because it did not provide for cooperation in weather - control regulation with other states or the federal government.

The recent action of Congress in setting up a weather modification commission is believed to look to ultimate federal regulation. The ground work for such regulation seems to be laid by a sentence in the legislation which states that weather-changing activities not properly safeguarded may "impede the production and transportation of goods and services for domestic consumption and export and for the national defense, and may otherwise affect the general welfare and common defense."

Keep Calm When Convulsions Occur

Many a mother has phoned frantically in the middle of the night: "Doctor, come quick. My baby is dying." More often than not the child is having a convulsion which proves one of the most alarming events in the life of the parents. These attacks are more common in the first two years than at any other time.

Convulsions generally appear with little or no warning. There is loss of consciousness, the eyes roll back, the color turns ashen, the body stiffens, and breathing ceases momentarily. Within a moment or two the convulsive twitchings begin and the body shakes, the head is thrown back, and the hands are clenched. The seizure may last a few moments to one-half hour when the movements become less frequent gradually until they cease.

Everyone is interested in stopping the attack but the convulsion will never do as much harm to the child as what is causing it. The parents, therefore, should remain calm and do nothing more than prevent the youngster from injuring himself by falling off the bed or striking his head. Above all, don't do anything radical like placing the child in water so hot as to cause a burn. Such a stunt has led to months of hospitalization. Never put anything in the child's mouth at this time, such as medicines or sedatives. The child cannot swallow and the material may go into the lungs to produce obstruction or pneumonia. When convulsions are associated with fever, an alcohol or sponge bath, will lower temperature. When the convulsion fails to subside within a reasonable time, sedatives usually are administered intravenously or the physician sends the child to the hospital for an anesthetic or oxygen. These methods rarely fail.

As stated previously, the cause is the important factor; this is why the physician spends more time with the tot after than during the convulsion. If fever is present the child may be coming down with measles, pneumonia, scarlet fever, or other infectious disease. In such instances the convulsion in the child is comparable with the chill in the adult. Fever in the circumstances produces the convulsion. In other cases the spell is brought on by inflammation of or injury to the brain. Poisoning may have the same effect, especially that resulting from lead, camphor, or strychnine.

Whenever more than one convulsion occurs the possibility of epilepsy enters the picture. If this question should arise it is well to know that tests are available that help solve problems of this nature. Experience has shown, however, that childhen who develop convulsions when their temperature rises rarely are affected later nor are they predisposed to epilepsy.

WANTS WART CURE

M. M. writes: I give great credit to science today for the many wonderful cures that have been discovered, but will you please tell me why it is that after asking several doctors what warts are and how to get rid of them, I cannot receive a direct answer? I started off with one and now I have a dozen.

REPLY

Warts result from invasion of the skin by the virus (what). They prefer areas that undergo trauma (why) which makes the hands an ideal environment. There are many ways to eliminate warts, but we have no way to prevent their spread. Most warts have a way of taking care of themselves and a high percentage disappear spontaneously. We have a leaflet on warts that you can obtain by sending a stamped, self-addressed envelope (how).

OPTIC NERVE DEGENERATION

P. S. writes: I have a diagnosis of atrophy of the optic nerve, which has reduced my vision to 20/70. Can you tell me something about this disorder?

REPLY

The nerve that leads to the eye is subject to the same disorders and diseases that affect nerves elsewhere in the body. The degeneration associated with atrophy of the nerve follows infection, injury, poisoning, and alcoholism. Occasionally the condition is associated with the aging process.

NEGATIVE BLOOD

T. Y. writes: Is it possible to have syphilis with a negative blood test?

REPLY

Yes, during the first few weeks of the infection. Thereafter, the reaction is positive.

EGGLESS

Mrs. N. writes: My little boy is allergic to eggs, and I have been told not to give him any food containing eggs. He likes cheese and I would like to know if cheese contains eggs?

REPLY

No. Cheese is made from milk.

STORMS AND MOODS

R. M. writes: Storms, winds, and dull weather make me depressed. When the weather is stormy, my stomach turns over. Can you explain this peculiar sensation?

REPLY

Weather affects individuals in many different ways, possibly because of the effects of barometric pressure changes on the tissues of the body.

AEC Chief Wants Ike To Keep Silent On H-Bomb; Defense Against Depression Important As Defense Against Aggression

WASHINGTON — A high-level, highly important debate has been going on inside the White House over one of the most vital issues facing Ike and the nation—the hydrogen bomb and how much the American people should be told about it.

Earnest Adm. Lewis Strauss, chairman of the Atomic Energy Commission and the apostle of Herbert Hoover in the Administration, favors releasing a minimum of information on the H-Bomb. He believes the President should come close to silence.

Dynamic C. D. Jackson, the White House psychological expert, disagrees. He feels that the President should be completely frank with the public, give at least one no-holds-barred speech.

At present it looks as if Jackson would win. Ike will probably give an important speech on atomic-hydrogen energy sometime in November.

Combating Depression

President Eisenhower held a significant meeting of his top economic lieutenants at the White House the other day regarding the economic front. At the meeting he told them it was just as important for the nation to build defenses against business depression within as against aggression from without.

He expected his Council of Economic Advisers, he said, to chart an economic course in the same way that the National Security Council plots diplomatic and military policy. In short, he wanted his Administration to block any recession before it catches hold.

Reason for the President's concern are these economic warning signs: tumbling farm prices, sluggish home building, slumping industrial investments, rising business inventories, mounting consumer indebtedness and tapering Government expenditures.

It is now recognized that one cause of the downtrend was the suddenness with which Secretary of the Treasury Humphrey pushed his "hard money" policy of raising interest rates and tightening credit. He has now slammed the brakes on hard money, and adopted a more flexible policy. In fact, he has gone so far as to warn privately that the Reconstruction Finance Corporation may have to be revitalized to pump government money into faltering business concerns.

Humphrey is also still determined to cut taxes next year, which would have a buoyant effect on business. However, he is still resisting another means of priming the economic pump — namely, stepping up Government spending.

Some economic advisers are pressing for a public-works program to stimulate business. Others have suggested an atomic-works program which they argue would build up our atomic strength at the same time it helped stave off a recession.

It goes without saying that the Government can't balance the budget at the same time it is cutting taxes and increasing expenditures. The President's instructions to his advisers were to put the nation's economic health ahead of a balanced budget. However, there is still widespread disagreement inside the Cabinet over where to draw the line.

Money For Israel

Bartley Crum, once Wendell Willkie's manager on the West Coast, now better known as Rita Hayworth's lawyer, tells how he approached the late A. P. Giannini, head of the giant Bank of America on behalf of a loan to the new State of Israel in 1948. Eastern financiers had refused a loan on the grounds it was risky.

But Giannini, son of an Italian immigrant truck gardener, was more sympathetic. "What security have they got?" he asked.

"They've got a lot of land over there," replied Crum.

"We'd have a fine time trying to foreclose on that," shrugged Giannini. "Any other security?"

Crum, a usually eloquent Irish attorney, couldn't think of any.

"You have overlooked the best possible security of all," prompted Giannini, "the character and integrity of the Jewish people."

He approved a loan for $15,000,000.

Washington Pipeline

Attorney General Herbert Brownell no longer has a butler. The man was fired right after the FBI warned the Attorney General that his butler had a criminal record. . . . Senator Kilgore of West Virginia says he plans to introduce a resolution in the next Congress to investigate why it takes admirals and generals three hours to eat lunch . . . . President Eisenhower's order to clear all atomic-hydrogen statements with the Atomic Energy Commission is being so strictly enforced that Government officials can't even use the word "atomic" without getting the Commission's approval. Even information that has already been made public must be reviewed and approved again before it can be used in a speech . . . . Some of the unscheduled airlines are preparing an offer to fly the mails overseas for less than 25 cents a ton-mile. The Post Office is now paying the big airlines over triple that amount—85 cents a ton-mile. . . . GOP chiefs are quietly planning a big publicity campaign to combat Democratic charges that the GOP Congress is doing nothing to provide adequate housing for low-income families. The GOP will pledge the construction of more than 1,000,000 new houses in 1954, built by private contractors for low-income groups. Most of the new homes will sell for between $7,000 and $12,000 and Congress will be asked to pass a new law providing for easier FHA financing.

These Days

By GEORGE E. SOKOLSKY

Government By Choice

This is a "government by choice." The Declaration of Independence proclaimed to the world that every people has a right to choose its own government. The Constitution guarantees a republican form of government for the United States and sets up a device for the election of its officers and legislators.

In municipalities, this country has not done so well. At the turn of the century, Lincoln Steffens wrote a series of articles on the corruption of our cities which attracted wide attention, but really made no difference because in the ensuing decades the grafters become more numerous; their techniques more wily; the size of the loot enormous. Such thieves as Tweed and Croker were amateurs compared with the present breed, who are not chiselers but who organize enterprises in collusion with political officials.

Thus, a municipal election rarely touches the principal corruptionists, who generally are non-partisan or bipartisan, whichever way you like to put it. In the midst of the Fay scandal in New York, which involves corrupt labor unions and corrupt public officials, the metropolis is holding a municipal election in which two of the four candidates are owned outright by labor unions and nobody questions the ownership.

The citizens have had no voice in the selection of these candidates because, as the primaries are rigged, it would make little difference. There was a contest in the Democratic primary, but most of the Democrats remained at home, refusing to vote in a contest which did not inspire them. The Republicans had no such contest, the whole matter being cut and dried.

The A. D. A. (Americans for Democratic Action) is a Fabian Socialist organization which parasitically lives on the Democratic Party. In New York State, it also directs a party, called the Liberal Party, the private possession of David Dubinsky, who heads the International Ladies Garment Workers Union, which has a treasury of more than $160,000,000, which, though honestly managed, produces enormous political power.

The A. D. A. has two candidates for Mayor, Rudolph Halley on the Liberal Party ticket and Robert Wagner Jr. on the Democratic Party ticket, who insult each other regularly in gutter language, perhaps because it comes naturally to them. The insults mean nothing, however. The quarrel is strictly fraternal.

The incumbent Mayor, Vincent Impellitteri, is a gentleman, no matter what else is said about him, and the evidence is that he is owned neither by the gangs nor the labor leaders, which in this metropolis is at times interchangeable. His weakness has been inability to build a political organization while he sat in the City Hall. His record of administration has been good but not demonstrative. In New York, everything must be made to appear urgent, enormous, important. Impellitteri does not have the gift of that type of articulation; Impy, as he is popularly called, is therefore out of the running.

The Republican candidate, Harold Reigelman, has long been a student of municipal affairs, particularly on the side of what happens to the people's money. He is likely to be an efficient administrator even under the complex and confused system obtaining in this great city — a system devised to stop corruption by making administration so involved that the corrupt work at it effectively.

While always a Republican, he has been more the pro bono publico citizen than the politician and has, as a lawyer, most often represented those who pay taxes and wonder what for.

Now all this might be regarded as local trivia, were it not that if either Halley or Wagner is elected, it is likely to mean that Franklin D. Roosevelt Jr., will be the Democratic candidate for Governor of New York State and that he will control the 94 votes of that State at the next Democratic convention. Thus far, Junior has given evidence of no greater achievement than to have been born of a father who gained the distinction of requiring the passage of a constitutional amendment limiting the Presidency to two terms. It is not likely that the Democrats will relish Junior's national leadership, but that may be their lot and their problem if New Yorkers decide on either Wagner or Halley for Mayor.

In the campaign this has not been brought out. Thus far, the two words most used, and assumedly most enlightening, have been faker and liar. Maybe that is representative government, 1953 model!

Today In Washington

By DAVID LAWRENCE

WASHINGTON—President Eisenhower's decision to refrain from campaigning for individual candidates for Congress—though, of course, he may make some speeches between now and Election Day in 1954 about the record of his Administration and his party—has revived interest in the question of whether Presidential influence in Congressional elections has been exaggerated.

The most authoritative work on the subject is that of Dr. Malcolm Moos, professor of political science at Johns Hopkins University, who has given a summary of all available data, together with his own analysis, in a book entitled "Politics, Presidents and Coattails," published by the Johns Hopkins Press, Baltimore.

Dr. Moos quotes various other authorities, too, and notes that Professor Ewing of the University of Oklahoma, in a study of Congressional elections covering a 50-year period, "concludes that the popularity of a Presidential candidate and the Presidential campaign have a very limited influence upon Congressional elections," and that, in his judgment, "the coattail clutcher theory is vastly exaggerated."

Presidents Top Tickets

If, therefore, each of the Presidential candidates, whether winner or loser, has relatively little influence in Presidential election years, it may be inferred that a President can exert even less influence in a so-called off-year when a Congress is being elected and a President is not being chosen.

Dr. Moos points out that since 1896 the winning Presidential candidate "has always garnered a larger vote than the total for his party's Congressional ticket." He declares that the disparity between the Presidential and Congressional ticket in the number of votes cast was 5.3 per cent in every Presidential election from 1896 to 1916 but that from 1820 on "the average difference between the parties as regards the ratio of their Presidential to their Congressional ticket's vote has climbed to 11.9 per cent, which means that on the average only 89 to 90 persons out of every hundred who have been voting for President since 1920 have also been taking the pains to vote for Congressional candidates."

It may be surprising to the public generally to learn that Dr. Moos, in his listing of the order in which Presidential candidates have exceeded their Congressional tickets, shows that Theodore Roosevelt is first with 114.9 per cent and that Charles Evans Hughes, who lost in 1916, is tied for first with the same percentage of excess over the Congressional vote. Franklin Roosevelt comes third, fourth and fifth with 112.3 per cent and Herbert Hoover was sixth with 111.9 per cent.

Wendell Willkie was twelfth with 105.1 per cent, and William J. Bryan and Thomas E. Dewey are close runners-up for thirteenth and fourtheenth places.

Since the book was written before the November 1952 election, it does not include the Eisenhower or Stevenson ranking. But, using the same method of computation, it turns out that only 81 persons out of every 100 who voted for Eisenhower voted for the Republican Congressional nominees. In the case of Stevenson the record shows that three more persons out of every 100 voted for the Congressional nominees of the Democratic Party than for Stevenson. In percentages, this means that Eisenhower got 119 per cent of the Congressional vote of his party and Stevenson got only 97 per cent.

Truman An Exception

It is interesting to observe that President Truman was the single exception to the rule. He won, yet he ran behind the Congressional ticket, getting 99.9 per cent of that vote. All the winners otherwise ran ahead of the Congressional ticket of their respective parties, and so did all the losers run ahead with the exception of Parker in 1904, Bryan in 1908, Landon in 1936, Davis in 1924, and Stevenson in 1952.

The book by Dr. Moos offers no explanations as to why people do not vote as extensively for congress as they do for President but does point out that in off-election years that vote is even lower because of a lessened interest. This is but another way of saying that local nominees, despite their supposed popularity in their own districts, aren't as well known as a Presidential nominee.

In the coming elections, therefore, it may be anticipated that the people with grievances will come out and vote. The dissenters in Congressional elections in the last 20 years have been primarily Republicans but, since the Democrats have become the protesting party, they may be augmented by a faction of Republicans. Hence, the Republicans could lose Congress as a direct result of the stay-at-home vote which may be due to indifference, protest or negligence. It's the most serious problem the Republicans face—how to get Republicans to the polls in the November 1954 Congressional elections.

Here And Now

Balloons

In this neck of the woods there is always something happening of more or less importance, of immediate or long-range interest to the community.

Today marks the eighth anniversary of the birth of United Nations. Go to church tomorrow and join in the prayer for this "Mankind's best hope for Peace, Justice and Progress throughout the world."

Several other things, like the poor who are said to be always with us, remain to attract attention—the weather, the crops, the drought, bus schedules, air pollution, flood control, overhead bridges, and many other headaches, enough to drive our city fathers haywire.

But they seem to get through it all, keeping their poise, and the people more or less quiescent, due doubtless to their political perspicacity. !

Just now we are in the throes of an oppressive drought. Jupiter Pluvius is on a strike. Grass is burning up, grapes are turning into raisins, corn is popping on the cobs, and livestock is being marketed for lack of grain.

Powerful Prayers

We would like to see God "wash the world" in our time. But dare we pray for rain? It would be a hazardous thing to do.

In a certain community saints and sinners came to church to pray for rain. The rain came in spates, covering fields, washing out bridges, filling cellars and spreading destruction everywhere. The local crepehanger observed: "See what happens when people pray who don't know anything about agriculture."

When we get in a terrible fix, there are three things we can do: work out of it, pray, play.

Since too much work makes Jack a dull boy, it is best not to have more irons in the fire than you can process.

Pray without ceasing, but don't expect God to do for you what you are able to do for yourself.

"A little nonsense now and then is relished by the wisest men. A bit of humor may solve a hard problem. If the international brass could sit down at a game of pinochle, with Will Rogers umpiring, the world might be better off, and all of us would be happier.

Last Monday noon our genial and versatile Mayor became a boy again, with his toy balloons blown up with helium gas.

Ten aerial emissaries were on a mission, and they kept raring to go on their flight to the upper air to find out about altitudes, air currents, pressures and other atmospheric conditions, and report back to headquarters. Their findings, coupled with similar reports from 39 other key industrial centers throughout the nation, would help the Air Pollution Control Association in its "Operation Meteor-X-10" which could result in purer air and better sanitation for the respective communities than they now enjoy.

While waiting for the returns, we probably will continue our present mode of living and be hosts for the parasitic germs we harbor, under the false impression that "what you don't know doesn't hurt you."

A swedish woman in northern Minnesota phoned for the doctor to come and see her husband who was 'verra seek.' The doctor said, "Take his temperature and I'll be right out." When he arrived he asked, "Where is your husband?" The woman replied: "I take his temper'ture and it say 'verra dry,' so I give him a picher of vater and he done gone back to voi-rck.' "

Since the thermometer and the barometer belong to the same meteorological family, there was here an evident confusion.

The thermometer tells us how hot or how cold we feel. An ancient prophet exclaimed, "Aha! I am warm, I have seen the fire."

The barometer is not so important, since we know when it rains anyhow. Benjamin Franklin said wisely: "When it doesn't look like rain, I always carry my greatcoat."

Red-Letter Day

This is another red-letter day in the calendar, the end of the first semester of "Here And Now," whose "Operation BBX" has had a similar objective to the larger and more spectacular enterprise of the Air Pollution Control Association which it may have sparked. (?)

The theme song has been and is: "I'm Forever Blowing Bubbles."

Some of these bubbles get by the editorial vigilantes and coalesce into balloons which are blown out of the presses into the surrounding territory for the delectation of the stargazers who may happen to spy them, and incidentally sweeten and purify the air we breathe in haunts and open spaces.

A great Teacher advised keeping both sides of the platter clean and washing both the inside and the outside of the cup.

In any "Queen City" the topside of the platter may look clean, but the underside may need washing.

Every loyal citizen is helping the local administration give our city a clean exterior. All of us should be even more solicitous about a clean interior.

If you feel like throwing stones at anybody, throw a flock of balloons instead, especially if it be at

Maurice Samuel Will Speak At Meeting Here On Sunday

MAURICE SAMUEL

Leaders of the Jewish community of Cumberland have completed plans to organize a series of lectures and programs of entertainment to be presented once a month.

A spokesman said the series will extend through April.

The opening lecture will be given Sunday at 7:30 p. m. in the Fort Cumberland Hotel ballroom by Maurice Samuel, formerly of Palestine. His subject will be "The Meaning Of Jewish History."

Samuel has traveled widely in America, Europe and Africa, sojourning among far-flung Jewish communities. He lived for a number of years in Palestine and now makes frequent and extended visits to Israel.

In his books and lectures, he is concerned with the world of today and the past only as it manifests itself in actual, living forces which are molding the future.

Apart from translations of contemporary Jewish writers, Samuel has produced a number of original works including "The Great Hatred," "Harvest In The Desert," "The Gentleman And The Jew," "The World Of Sholom Aleichem," and "Princes Of The Ghetto."

Most important among his novels and studies are "King Mob," (under the pseudonym Frank K. Notch), "Web Of Lucifer" and "The Devil That Failed."

The local cultural committee is composed of Rabbi Samuel Umen, Rabbi Joseph Schimelman, Harry Beneman, George Ossip, Mrs. Robert Gerson, Mrs. Marvin Kaplon, Mrs. David Sigel and Robert Kaplon.

Martha Buffenmyer To Be Bride Of Ellwood R. Sanders

Miss Martha Buffenmyer, Oakland, daughter of Rev. and Mrs. John H. Buffenmyer, Flintstone, is to become the bride of Ellwood R. Sanders, son of Nelson Sanders, Oakland, and the late Mrs. Sanders, tonight.

The double ring candlelight ceremony is being solemnized at 7:30 o'clock in the Glen Dale Church of the Brethren. Bouquets of white gladioli are being used in the decorations of the altar. The bride's father will officiate at the ceremony, assisted by her grandfather, Rev. H. B. Markley, pastor of the Church of the Brethren, Lititz, Pa.

Miss Phyllis A. Barncord is to be the bride's maid of honor and only attendant, while William Maffett serves as Mr. Sanders' best man. Hugh F. Maffett and James Thomas, Hyndman will be the ushers.

Miss Martha Mallow will be vocalist, singing, "O Promise Me," "Because," and during the ceremony, "The Lord's Prayer. "She is being accompanied at the organ by Miss Joann Teter, who will play the traditional wedding march from the opera Lohengrin, and Mendelssohn's recessional.

The bride, who is being given in marriage by her uncle, James Owens, Hyndman, is wearing a lace waltz gown. It is fashioned with a high neckline, long fitted sleeves tapering to a point on the hand, and has a tiered skirt. Her fingertip length nylon net veil is held by a coronet of lace. Her only ornament is a string of pearls, a gift of the bridegroom. Completing her costume she is carrying a Bible with rosebud marker and satin streamers.

Her maid of honor has a gown of gold lace and net made complementary to the bride's. With it she is wearing a matching gold bonnet and is carrying a nosegay of fall flowers.

Mrs. Buffenmyer chose a gray dress with Navy blue accessories for her daughter's wedding. With it she has a corsage of pink rosebuds. Mrs. Sanders selected a black costume with talisman roses for her stepson's wedding.

The bride is a graduate of Hyndman High School, class of 1949, and of Memorial Hospital School of Nursing, class of 1952. She is on the nursing staff of Garrett County Memorial Hospital, Oakland.

Rev. and Mrs. Buffenmyer are entertaining with a wedding reception honoring their daughter and her bridal party, following the ceremony. It will be held in the church social room, which is being decorated in gold and white streamers. The bridal motif is being carried out in the tiered wedding cake, adorned with a miniature bride and bridegroom.

For their wedding trip the bride is wearing a winter white knit suit with blue accessories and her corsage of white roses. Upon their return Mr. Sanders and his bride will reside at Route 1, Oakland.

A rehearsal party was given by Rev. and Mrs. Buffenmyer for the bridal party and out of town guests Friday evening at their home, which was decorated in the bridal motif.

The main topic discussed was the dance November 20 for the benefit of the club's nurse training fund. It will be held at Ali Ghan Country Club with Mrs. Allen Staggers and Mrs. Robert Collins as co-chairmen. Tickets were distributed.

December 11 was selected as the date for the annual Christmas jingle party, which will be held in the form of a dinner. It also was decided to hold a rummage sale next month.

Games were played and prizes won by Mrs. Byron Kight, Mrs. Harold Brooks, Mrs. Earl Nonnenmann, Mrs. David Miller, Mrs. Raymond Hinkle and Mrs. William Chappell. Concluding play, refreshments were served.

Mrs. Robert Collins, Mrs. Harold Naughton, Mrs. Charles See and Mrs. David Fisher were hostesses. Guests were Mrs. Woodrow Gurley and Mrs. Marshall Tewell. Other members present were Mrs. Frank Kaplon, Mrs. Bernard Whitacre, Mrs. Ellis Batorf, Mrs. Kenneth Shaffer, and Mrs. Orville Swartley.

Hostesses for the meeting November 18 are Mrs. Francis Warnick, Mrs. Walter Weires, Mrs. Hinkle, and Mrs. Carl Winfield.

Mrs. Grubb Heads P. M. Homemakers

The Polish Mountain Homemakers Club elected officers and planned a Thanksgiving party at the meeting at the club house. Mrs. Emil Tideman presided.

Mrs. Richard Grubb was elected president; Mrs. Willis Rice, vice-president; and Mrs. Broze Lough, treasurer.

The November meeting will be a covered dish supper and Thanksgiving party for the families.

Opening with a poem, "Live for Others," by Mrs. Tideman, the group then sang, "Work for the Night is Coming." Routine reports were given and guests introduced. Mrs. Russell Smith read a letter from the Blue Cross. Announcement was made of a Home Furnishing meeting October 27. The meeting closed with the group repeating the "Lord's Prayer," and singing, "Skip to My Lou." Mrs. Lough was hostess.

Also attending were Mrs. Hobert Lough, Mrs. George McKenzie, Mrs. Horace Fisher, Mrs. Josephine Smith, Mrs. Emory Davis, Mrs. Franklin Roland and Mrs. Edna Crocks. Guests were Mrs. Vernon Smith, Mrs. Stanley Horwath, Mrs. Roy Shaw and Mrs. Loretta Baker.

The hostess prize was awarded by Mrs. Josephine Smith.

Garrett Co. Seeks State Funds For Road Building

BALTIMORE, Oct. 23 (AP) — Garrett County's commissioners talked with the State Roads Commission Thursday about getting bond money for new county roads.

No decisions or plans of action were announced.

Russell H. McCain, chairman of the commission, said the Garrett countians "looked with favor" on the system which the state has set up for helping the counties along.

When the General Assembly last winter enacted Maryland's new 12-year 568-million dollar highways program, it set up a 50-million dollar credit pool on which the counties could draw for their roads.

The state will issue the bonds. They will be paid off out of added revenues which will come to the counties as their share of the higher gasoline taxes and license fees enacted as part of the big roads program.

J. Edward Helbig, president of the Garrett County commissioners, and his two associates, Jonas W. Sines and Stewart F. Stahl, talked over details of the arrangement with a member of roads commission staff.

The visitors were accompanied by William W. DeWitt, county roads engineer, and Stephen R. Pagenhardt, their attorney.

Representing the roads commission were Chairman McCain, David M. Nichols, Chief Engineer W. F. Childs Jr., Comptroller Carl L. Wannen, and Albert S. Gordon, executive secretary to the commission.

School Water Supply Ample

The drought is over at Mt. Savage High School as far the the water supply in concerned, Allegany County Board of Education officials report.

An ample supply of water has been received this week since the pump rod was dropped 63 feet deeper into one of the wells.

Ralph R. Webster, superintendent of schools, said the two wells failed to produce after the water table in that area dropped through effects of the long dry spell.

The level of water in the well had fallen below the bottom of the pump rod. An extension, by the Carpenter Well Drilling Company of Ridgeley, dropped the rod down to where there is plenty of water, he added.

Last week it became necessary to haul water in a tank truck from Frostburg to supplement the school's system.

Students ate off paper plates in the cafeteria during the period.

Frostburg Fire Burns VFW Bar

A fire of undetermined origin in Frostburg early yesterday destroyed the bar in the home of John R. Fairgrieve Post 2462, Veterans of Foreign Wars, and only quick action by the Frostburg Fire Department averted more serious damage.

Damage was estimated at several thousand dollars.

The VFW building is a two-story structure with the second floor divided into apartments. Mrs. Harold Plummer got up at 2 a. m. today to prepare a bottle for her infant and awakened her husband, telling him she smelled smoke. Plummer investigated and turned in an alarm.

When the firemen arrived at the scene, smoke was seeping from the first floor windows. When entry was made the smoke was so dense the firefighters had difficulty in locating the blaze.

Both the floor and ceiling were ablaze, firemen said, and the fact that the fire was confined to the first floor was attributed to a metal ceiling between the first and second floors.

William Preson, commander of Fairgrieve Post, this morning praised the firemen for their quick action in reporting to the blaze, explaining that the location of the building threatened the entire block in which it is located.

Girl Bigamist Gets Parole

An 18-year-old Keyser girl was sentenced to one-to-five years in the West Virginia penitentiary yesterday by Judge Ernest A. See on a charge of bigamy.

Judge See then placed the twice-married girl on parole for a period of four years, and also ordered her to pay the costs of the case.

The former Betty Lou Evans told Judge See that she will return to her first husband, Sgt. Henry O. Hicks, and plans to have her second marriage, to Jerald W. Conrad, annulled.

The girl also told Judge See that she and Sgt. Hicks would take care of their young daughter, and that the child born while she was married to Conrad would be raised by his parents.

In another decision yesterday by Judge See, Robert A. Wilson was sentenced to one-to-ten year terms in the state penitentiary on two charges of theft. Wilson was also placed on parole for three years, with the understanding that he would make immediate restitution on one count and take care of the other by next April. He was convicted of stealing a hoist chain, valued at $53, and a set of dies, valued at $50, from the Piedmont Ice and Locker Company.

Frostburg Fire Burns VFW Bar

A fire of undetermined origin in Frostburg early yesterday destroyed the bar in the home of John R. Fairgrieve Post 2462, Veterans of Foreign Wars, and only quick action by the Frostburg Fire Department averted more serious damage.

Damage was estimated at several thousand dollars.

The VFW building is a two-story structure with the second floor divided into apartments. Mrs. Harold Plummer got up at 2 a. m. today to prepare a bottle for her infant and awakened her husband, telling him she smelled smoke. Plummer investigated and turned in an alarm.

When the firemen arrived at the scene, smoke was seeping from the first floor windows. When entry was made the smoke was so dense the firefighters had difficulty in locating the blaze.

Both the floor and ceiling were ablaze, firemen said, and the fact that the fire was confined to the first floor was attributed to a metal ceiling between the first and second floors.

William Preson, commander of Fairgrieve Post, this morning praised the firemen for their quick action in reporting to the blaze, explaining that the location of the building threatened the entire block in which it is located.

Girl Bigamist Gets Parole

An 18-year-old Keyser girl was sentenced to one-to-five years in the West Virginia penitentiary yesterday by Judge Ernest A. See on a charge of bigamy.

Judge See then placed the twice-married girl on parole for a period of four years, and also ordered her to pay the costs of the case.

The former Betty Lou Evans told Judge See that she will return to her first husband, Sgt. Henry O. Hicks, and plans to have her second marriage, to Jerald W. Conrad, annulled.

The girl also told Judge See that she and Sgt. Hicks would take care of their young daughter, and that the child born while she was married to Conrad would be raised by his parents.

In another decision yesterday by Judge See, Robert A. Wilson was sentenced to one-to-ten year terms in the state penitentiary on two charges of theft. Wilson was also placed on parole for three years, with the understanding that he would make immediate restitution on one count and take care of the other by next April. He was convicted of stealing a hoist chain, valued at $53, and a set of dies, valued at $50, from the Piedmont Ice and Locker Company.

By TED TROXELL

Fort Hill's Sentinels battled a determined Hagerstown Hubs eleven to a scoreless tie last night at Fort Hill Stadium, marking the first time in 66 games that Bill Hahn's Hilltoppers have failed to crash the scoring column.

Coach Jesses Riggleman's Ridgeley High team was the last team to turn the trick, fighting the Hahnmen to a 0-0 draw in the stadium in 1946.

Both teams penetrated deep into enemy territory, with the Hubs driving to the Fort Hill one yard line before being stopped by the airtight Sentinel defense. Stanley Teets, Fort Hill halfback, crossed the goal line late in the final quarter, but the score was nullified by a 15-yard holding penalty against the Sentinels.

Hubs Recover Fumble

Bill Steppe fumbled midway in the first period, and the Hubs recovered on the Sentinel 36-yard line. From there they drove to the two, and on fourth down Dick Ringer crashed the right side of the line, but the Sentinel stalwarts were equal to the task, and when the dust had cleared away, the Henry-coached eleven found themselves a yard short of the goal line.

Neither team was able to make its way within twenty yards of the enemy goal line for the remainder of the half.

The third quarter got under way, with the Hubs kicking off to the Sentinels, the boot being returned to the Fort Hill 45. Moments later, fullback Art Breightner fumbled on the 45, and "Slick Jack" Slick, Hagerstown guard, pounced on the pigskin. After moving the ball down to the 39, the Hubs were forced to punt, with Bob Hughes' kick spiraling into the end zone.

Touchdown Called Back

The rest of the third quarter followed much the same pattern as the early stages of the stanza, with neither club threatening to crack the scoring maze until the final period when the Sentinels drove to the six. Stan Teets then went through to score what would have been the margin of victory but the 15-yard penalty nullified the touchdown.

A 25-yard pass from southpaw halfback Charley Widdows to Dick Bittner, gigantic Sentinel end, set the stage for Teets' ill-fated run, going from the 31-yard line down to the six.

Only 30 seconds remained when the penalty occurred, and the Sentinels trying desperately to score, ran out the clock by filling the air with passes, Widdows uncorking three aerials before the thrilling game ended.

Some 3500 fans witnessed the spine-tingling encounter, with a large delegation begin on hand from the Hub City.

Bittner Stands Out

Dick Bittner, 207-pound end, was the standout in the contest, being mainly responsible for the one-sided edge in yards gained, as he time and again made bone-crushing tackles and gobbled several long passes on offense.

Bill Murphy also played an excellent game on the line for the Hilltoppers, while Teets, hard-running Sophomore Jim Crawford, and Ronnie Rice looked good in the backfield. Slick was the Hubs outstanding lineman, while Curt Massey and Dick Ringer shone in the backfield for the Henrymen. The lineups:

38 Minors Produced One 30-Game Winner

The 38 minor leagues produced just one 30-game winner this season, writes Oscar Kahn in The Sporting News. Jack Swift of Marion of the Tar Heel League, whose 30-7 record was all the more noteworthy because there were only 57 pitchers with 20 or more victories, as compared to 88 in the charmed circle in 1952 and 104 in 1951.

Swift, 31-year-old righthander, also boasted one other achievement when he racked up 321 strikeouts to win a second crown as the whiff king of O.B. He appeared in 52 games, pitching a total of 287 innings, giving him an average of better than one strikeout per stanza.

Notre Dame, Georgia Tech Clash Today

Michigan, Minnesota Play For Brown Jug

By WILL GRIMSLEY

NEW YORK, Oct. 23 (AP)—College football's longest living unbeaten streak and the No. 1 national ranking are the pawns when Notre Dame and Georgia Tech collide tomorrow.

The pressure-packed conflict at South Bend, Ind., pitting two prime contenders for championship honors, overshadows an attractive mid-season schedule which includes such rivalries as California-Southern California at Berkeley, Baylor-Texas A&M at College Station, Michigan-Minnesota at Minneapolis and Navy-Penn at Philadelphia.

Unbeaten Since 1950

The unbeaten skein belongs to Georgia Tech, which hasn't suffered a setback since late November, 1950.

The No. 1 ranking is held by the Irish, who have swept past three opponents and who rule seven-point favorites to maintain their position over a speedy Tech squad rated fourth in the Associated Press poll.

This is the week of the panoramic expierment in the colleges' restricted TV plan and the four games to be televised are: Princeton-Cornell at Princeton, Illinois-Syracuse at Champaign, Iowa-Indiana at Iowa City and Arkansas-Mississippi at Memphis. The games will be televised over the NBC network, starting at 2:45 p.m. (EST).

Of the top-ranking elevens, Michigan No. 5, Baylor No. 6, and Navy No. 10, appear in the greatest danger of reversal.

Play For Brown Jug

Speedy Michigan, winner of four straight, goes against a Minnesota which is bound to be aroused by ceremonies surrounding the golden anniversary of the Little Brown Jug rivalry.

Navy plays a rugged Pennsylvania team with both size and a dormant punch. Baylor, owning the country's fastest backfield, takes an unbeaten record against undefeated byt once-tied Texas A&M.

The other paid-up members of football's top ten seem safe enough. Michigan State No. 2 throws its three platoons at Purdue at Lafayette, Ind. with no outstanding worries. Illinois No. 7 is host to Syracuse. West Virginia No. 8 plays Virginia Military Institute at Morgantown, W. Va. and Oklahoma No. 9 is at home to Colorado, a conference rival. Third-ranked Maryland played Miami (Fla.) tonight.

In the South, Alabama is host to Mississippi State in the headliner. North Carolina State plays at Duke, Virginia at Vanderbilt, North Carolina at Georgia, Wake Forest at Richmond and Villanova at Kentucky.

Colts Lose Agase For Sunday Game

BALTIMORE, Oct. 23 (AP) — The defense minded Baltimore Colts will be without their general, Alex Agase, in Sunday's game with the Washington Redskins.

Agase definitely was declared out today with a leg injury suffered in last Sunday's loss to Green Bay. Ed Sharkey will take over Agase's defensive signal calling and Bill Pellington will play in his stead.

Army Takes Casares

JACKSONVILLE, Fla., Oct. 23 (AP) — The Army today accepted University of Florida fullback Rick Casares for military service.

The case had hung fire overnight while X-rays and reports of government specialists were studied regarding a shoulder hurt the Gator star received in scrimmage some weeks ago.

Flintstone High School's Aggies defeated Beall High of Frostburg, 2-1, and Valley High of Lonaconing downed Mt. Savage by the score of 4-1 yesterday to remain tied for the leadership of the W.M.I. Soccer League with 4-1 records.

Coach Orville (Stoney) Jackson's Aggies spotted Beall a field goal in the second period, tied it up at 1-1 on a penalty goal in the third stanza and sewed it up with a field goal in the final quarter.

Rowe scored the field goal for the Mountaineers, Thornton Robinette deadlocked the score with a penalty and Dick Shaw registered the winning marker on a pass from Robinette.

Rice, of Beall, missed a try for penalty goal in the final period.

Randall Brown, bantam center forward, scored three field goals to lead Coach Johnny Meyers' Black Knights to their fourth win of the campaign over Mt. Savage. The three points enabled the 5-foot-3 Brown to forge to the front in the individual scoring race with a total of eight markers.

Brown kicked his first goal in the second period on a pass from Bob Montgomery. "Butch" Young set up the second score for the Valley High center forward in the third period and Randall dribbled through the Mt. Savage fullbacks for his final point in the last quarter. The Knights' other goal was credited to Kitzmiller on a pass from Bob Humphrey.

Dick Robeson saved Mt. Savage from a shutout by connecting for a goal in the fourth period following a corner kick by Morgan.

Bill Beeman, Rich Waddell, Tod Cuthbertson and Brown played best for the winners while Chester Devore, Dick Robeson and Paul Fiorita were outstanding for Mt. Savage. The lineups:

THOMAS, W. Va., Oct. 23 — Thomas High School's gridiron machine rambled to its fourth consecutive victory today, defeating the Berkeley Springs High School Indians here by the score of 18-7.

The triumph was the fourth against two setbacks for Coach Ed Supak's eleven while the loss was the fifth against two wins for the visitors.

Jim Knaggs, Thomas fullback, galloped 87 yards for the first of two touchdowns in the second period. A pass play executed by Bill Evans and Ronald Johnson, covering 64 yards, produced the second six-pointer.

In the final period, Evans passed 19 yards to Jack Sowers for the locals' final touchdown.

Fullback Lutman accounted for Berkeley Springs' touchdown and conversion in the third quarter.

Thomas piled up 331 yards overland and through the air while the Indians reeled off 163.

Due to a cancellation by Belington, Thomas has an open date on Friday, October 30.

Recreation Dept. Badminton Club To Meet Today

The City Recreation Badminton Club will meet this afternoon, 1:30 to 4:30, at the Fort Hill School gymnasium.

The club is open to the public, meeting Thursday evenings 7:30 to 10:30, and Saturday afternoons through the winter months.

The club was organized for recreation for family groups and girls and boys, who want to learn how to play the game correctly and spend an enjoyable evening or afternoon.

It is not necessary to attend every meeting of the club. Anybody can learn how to play the game and get the enjoyment of the sport.

Rackets and birds are furnished by the Recreation Department, and instruction is given by L. E. Van Sant, tennis and badminton coach.

All that is necessary for new members is to report at the Fort Hill School gymnasium this afternoon.

Jim Piersall Voted Sophomore Of Year

NEW YORK, Oct. 23 (AP)—Jimmy Piersall, right fielder of the Boston Red Sox, was voted today the American League Sophomore of the Year in a poll of members of the Baseball Writers' Association of America.

The sensational 24-year-old catchmaker from Watertown, Conn. won the Associated Press award after a hot battle with Pitcher Whitey Ford of the world champion New York Yankees. Piersall got 96 votes to 67 for the young southpaw.

Mighty Maryland Coasts To 30-0 Win Over Miami

Terps Score Three TDs In First 13 Minutes

MIAMI, Fla., Oct. 23 (AP)—Mighty Maryland slashed its way to a three-touchdown lead over Miami's Hurricanes in a 13-minute demonstration of running and passing power tonight, then coasted under orders from Coach Jim Tatum to a 30-0 victory in the Orange Bowl.

After quarterback Bernie Faloney, a ball-handling magician, had guided the Terrapin first string to a 20-0 lead in the first period and the second team had scored in the second quarter, Tatum ordered his boys to pull their punches by playing strictly on the ground.

With its aerial arm cut off, Maryland was unable to score in the second half except on a field goal by Dick Bielski as Tatum used three full teams in a platoon substitution system.

Making its own breaks with vicious defensive play, Maryland needed to move only 78 yards for its first three touchdowns in an offensive display that dazzled a crowd of 42,157 in the Orange Bowl, where Maryland probably will play next New Year's Day.

Ralph Felton, a smashing fullback who stood out in the Maryland attack all night, intercepted a pass from Don James at the Miami 22 to set up the Terrapins' first touchdown scored by Chester Hanulak on a one-yard buck with just three minutes gone.

Faloney passed eight yards to Marty Crytzer for the second touchdown after Miami's fullback Ed Oliver fumbled the kickoff and Bob Morgan recovered for Maryland at the Hurricane 34.

Before Miami's stunned rooters had recovered from that, Russell Dennis, a hustling Maryland end, broke through to knock the ball out of J.B. Johnston's hand on an attempted pass and recover for the Terrapins at the Miami 22. Four plays later, Felton crashed over from the one for the third touchdown.

ROMNEY, W. Va., Oct. 23 — Romney High School extended its season winning streak to seven games today by running down the Ridgeley High Blackhawks here by the score of 32-12.

The defeat was Ridgeley's fourth in a row.

Romney's seven wins include three Potomac Valley Conference games. The loss was Ridgeley's fourth in five starts in the conference.

Coach Dick McElwee's aggregation packed its scoring punch into the first three quarters and in scoring 32 points upped its season total to 184.

Roger Parker started the scoring parade by smashing over from the two on an end run in the first period. He also kicked the point.

A 15-yard pass by Ed Hartman and a 60-yard run by Mike Coleman produced the second TD. In the second quarter Bob Saville ran 15 yards for the third score and Parker converted.

Ray Haines went over tackle from 15 yards out early in the fourth period and Parker's end run from the five netted the Pioneers' final six-pointer.

Fred Barbe accounted for both Ridgeley scores, racing oyer from the nine on an end run in the opening period and smashing through center from the one in the last quarter.

Sammy Lyons blocked a punt and ran 25 yards, Eddie Hartman returned a punt 35 yards, Roland Shanholtz and Ray Haines played best in the Romney backfield and Bob Saville and David Green were standouts on the line. Fred Barbe was Ridgeley's best bet.

MARTINSBURG, W. Va., Oct. 23 — Coach Roy Lester's Allegany High Campers of Cumberland scored their fifth straight victory of the season here tonight as the visitors downed the Martinsburg High Bulldogs, 13-0, in Coubourn Stadium.

The Campers pushed over the winning touchdowns in the first and fourth periods and were threatening again in the waning moments as the game ended.

Rank Goes Over

Dick Rank took a Dick Lewis punt midway in the opening stanza on the Martinsburg 22 and returned the oval to the Bulldog 11. Eddie Joyce plunged to the two in three plays and Rank busted over guard for the six-pointer. Dick then added the extra point for a 7-0 Allegany lead.

The two teams battled most of the remainder of the game in midfield with each showing a strong defensive game. Then the Lestermen once more returned a Martinsburg punt deep into Bulldog territory to set up the clincher in the final four minutes of play.

Don "Bucky" Rice grabbed Lewis' boot at midfield and returned to the Martinsburg 30. With Bob Kirtley at quarterback the Allegany eleven engineered a first on the 21. Then Kirtley ran to another first on the Martinsburg 7 and Joyce bulled his way to the one. Kirtley then plunged over for the score. Rank's kick for the point was blocked.

Kirtley Is Outstanding

An intercepted pass set up another Allegany bid which was foiled by a penalty and in the late stages Allegany moved to the Martinsburg 14 when the game ended.

Bob Kirtley played another outstanding game for the victors as linebacker on defense and offensive quarterback. The Allegany ends, Lee Weller, Bob Reiber and Vernon Lowery, were particularly outstanding in stopping the Martinsburg running attack which never got beyond the Allegany 40-yard-line.

Best for the losers who now have a 2-4 record were Holbrunner, Power and Lewis. The latter got out of a sick bed with the flu to play the entire game at quarterback for John Cobourn's charges. The lineups:

Ray Nagel Is Named Stydahar Assistant

CHICAGO, Oct. 23 (INS)—The Chicago Cardinals' pro football team announced today the appointment of Ray Nagel as assistant to Head Coach Joe Stydahar and as a scout.

Nagel has been taken off the roster as the Cards' quarterback and will assume his new duties immediately, managing director Walter Wolfner said.

Nagel is a former aid to Coach Red Sanders of UCLA.

Gerald Grubbs, 17, Keyser High Player, Suffers Eye Injury

KEYSER — Gerald Grubbs, 17, senior of Keyser High School and a player on the Golden Tornado football team, suffered a serious injury Friday afternoon, as he and the team were dressing for the game with Moorefield. In some manner while changing his clothes, his head struck one of the hangers on which the boys hang their clothes, and the hook split both upper and lower lids of his right eye.

Grubbs was immediately taken to Potomac Valley Hospital where he was taken to surgery and an examination was begun. It was later reported around town and the football field that his eye was injured, but a report from the hospital later in the afternoon said that the eyeball was not injured and was considered miraculous because of the type of injury.

No visitors were permitted to see him during the rest of the day, and he was reported resting nicely in the evening.

Beall High Plays Charles Town At Frostburg Today

Charles Town High School of Jefferson county, W. Va., and Beall High School meet in their seventh annual football game today at Beall High Field, Frostburg, at 2 o'clock.

The Panthers, coached by "Zip" Lorenz, have won only one game and lost five and scored 51 points to the opposition's 173. Two of the defeats were dealt out by teams from this area, namely, Keyser 27-13 and Romney 41-12.

Beall, winless in four outings, also lost to Keyser, 14-0 and Romney 27-6.

The Charles Town-Beall series started in 1947 and the West Virginians have copped five of the six games played to date.

Parsons High Wallops Deaf School, 53-12

Mullenax, Fairbanks, Rosenau Head Attack

ROMNEY, W. Va., Oct. 23 — Delton Mullenax, Bill Rosenau and Terry Fairbanks accounted for six of the eight touchdowns scored by Parsons High School here today as the Panthers trounced the West Virginia School for the Deaf by the score of 53-12.

Coach Bob Sullivan's Tucker Countians scored one or more touchdowns in every period to rack up their third win of the season against four defeats. The loss was the sixth for the winless Lions.

Parsons scored thrice in the opening period. Mullenax tallied on a pitchout from the 11, Rosenau reached pay dirt on a 29-yard end run and Fairbanks galloped 45 yards after intercepting a pass. Rosenau and Mullenax ran the extra points.

Three more scores were credited to the Panthers in the second quarter. Rosenau passed to Bundy for a touchdown play that covered 24 yards, Rosenau ran 29 for another six-pointer and after Rogers broke the ice for the Lions with a 71 yard run Mullenax returned the following kickoff 80 yards to make the count 39-6 at halftime.

Parsons added single touchdowns in the third and final quarters. Mullenax passed from the 15 to Felton who sprinted 79 yards to the 6 and Mullenax hit Felten with a pass for the score. Somerville converted. After West Virginia Deaf drove 45 yards to the one, Rogers toted the ball over on fourth down. Fairbanks ran off tackle for 31 yards and a TD and also plunged the punt to conclude the scoring.

The lineups:

Steelers Meet Packers Tonight At Pittsburgh

Redskins And Colts Tangle On Sunday

NEW YORK, Oct. 23 (AP)—One of the three teams that are tied for the lead in the Western conference of the National Football League is bound to be knock off Sunday when the champion Detroit Lions meet the San Francisco 49'ers for the second time this season.

Those two teams and the Los Angeles Rams found themselves in a deadlock with three victories and one defeat apiece after the Rams scored a surprising 31-19 victory over the Lions last Sunday. Los Angeles plays the stumbling Chicago Bears Sunday.

The Cleveland Browns, all alone at the head of the Eastern conference and the league's only undefeated team, invade New York Sunday to take on the Giants, who have been particularly troublesome in past years.

The Pittsburgh Steelers open the fourth weekend of the regular season, playing the Green Bay Packers at Pittsburgh Saturday night.

Other Sunday games are Philadelphia Eagles at Chicago Cardinals and Washington Redskins at Baltimore Colts.

The Washington-Baltimore game marks the beginning a new neighborhood rivalry within the league and enthusiastic Baltimore-Washington area fans are expected to turn out in large numbers. The Colts have a 2-2 record so far while the Redskins have won two lost one (to Cleveland) and tied one.

Pittsburgh, also with a 2-2 record, faces an improved Green Bay team which upset the Colts 37-14 last Sunday.

ALTOONA, Pa., Oct. 23 — LaSalle High School's Explorers from Cumberland added to the woes of the Marauders from Altoona Catholic High School by handing the locals their seventh consecutive defeat of the season to the tune of 44-19.

While slapping down the winless Marauders, Coach Norman Geatz's eleven extended its victory streak to five games to equal a mark set by the 1929 LaSalle team.

The visitors scored seven touchdowns, three of which were credited to Fullback Harold Hudson, and made two conversions. Blanked in the first half, Altoona crashed the scoring column once in the third period and twice in the final quarter.

Hudson launched the LaSalle touchdown parade when he returned the opening kickoff 80 yards for a score. Later in the first quarter he registered again on a 37-yard end run and Bobby Christ scored from 27 yards out to give the Explorers a 19-0 lead.

In the second period, Bill Dove scooped up an Altoona fumble and raced 30 yards to the end zone while in the third stanza Hudson racked up his third TD on a 12-yard sprint.

LaSalle counted twice in the final quarter. Jimmy Williams recovered a Marauder fumble and scampered over from the 18 and a pass, Denny Shuck to Phil Geatz was good for 13 yards and the final six-pointer.

Edgar Kegg failed to convert in five tries for the Explorers but Rickey Harris made good on his two kicks for extra points.

Ted Bettwy accounted for all of Altoona's touchdowns. He first tallied on a 23-yard pass from Wiley, returned a punt 60 yards and registered on a 30-yard pass from Wiley. Boslet made an end run for the Marauders' extra point.

By TED TROXELL

Fort Hill's Sentinels battled a determined Hagerstown Hubs eleven to a scoreless tie last night at Fort Hill Stadium, marking the first time in 66 games that Bill Hahn's Hilltoppers have failed to crash the scoring column.

Coach Jesses Riggleman's Ridgeley High team was the last team to turn the trick, fighting the Hahnmen to a 0-0 draw in the stadium in 1946.

Both teams penetrated deep into enemy territory, with the Hubs driving to the Fort Hill one yard line before being stopped by the airtight Sentinel defense. Stanley Teets, Fort Hill halfback, crossed the goal line late in the final quarter, but the score was nullified by a 15-yard holding penalty against the Sentinels.

Hubs Recover Fumble

Bill Steppe fumbled midway in the first period, and the Hubs recovered on the Sentinel 36-yard line. From there they drove to the two, and on fourth down Dick Ringer crashed the right side of the line, but the Sentinel stalwarts were equal to the task, and when the dust had cleared away, the Henry-coached eleven found themselves a yard short of the goal line.

Neither team was able to make its way within twenty yards of the enemy goal line for the remainder of the half.

The third quarter got under way, with the Hubs kicking off to the Sentinels, the boot being returned to the Fort Hill 45. Moments later, fullback Art Breightner fumbled on the 45, and "Slick Jack" Slick, Hagerstown guard, pounced on the pigskin. After moving the ball down to the 39, the Hubs were forced to punt, with Bob Hughes' kick spiralling into the end zone.

Touchdown Called Back

The rest of the third quarter followed much the same pattern as the early stages of the stanza, with neither club threatening to crack the scoring maze until the final period when the Sentinels drove to the six. Stan Teets then went through to score what would have been the margin of victory but the 15-yard penalty nullified the touchdown.

A 25-yard pass from southpaw halfback Charley Widdows to Dick Bittner, gigantic Sentinel end, set the stage for Teets' ill-fated run, going from the 31-yard line down to the six.

Only 30 seconds remained when the penalty occurred, and the Sentinels trying desperately to score, ran out the clock by filling the air with passes, Widdows uncorking three aerials before the thrilling game ended.

Some 3500 fans witnessed the spine-tingling encounter, with a large delegation begin on hand from the Hub City.

Bittner Stands Out

Dick Bittner, 207-pound end, was the standout in the contest, being mainly responsible for the one-sided edge in yards gained, as he time and again made bone-crushing tackles and gobbled several long passes on offense.

Bill Murphy also played an excellent game on the line for the Hilltoppers, while Teets, hard-running Sophomore Jim Crawford, and Ronnie Rice looked good in the backfield. Slick was the Hubs outstanding lineman, while Curt Massey and Dick Ringer shone in the backfield for the Henrymen. The lineups:

Pos.	Fort Hill (0)	Hagerstown (0)
LE	Bittner	Biggs
LT	Couter	Clark
LG	Hillegas	Slick
C	Bechtol	Scott
RG	House	Rowe

Substitutes: FORT HILL—Dawson, R. Poling, Crawford, Widdows, Rich Brant, Alderton, Grove, Cookerly, K. Poling. HAGERSTOWN—Hughes, Giffin, Anderson, Conley, Stotler, Grabski, Melzer.

Officials: Rizer, Gilman, Whitfield, Easterbrook.

38 Minors Produced One 30-Game Winner

The 38 minor leagues produced just one 30-game winner this season, writes Oscar Kahn in The Sporting News. Jack Swift of Marion of the Tar Heel League, whose 30-7 record was all the more noteworthy because there were only 57 pitchers with 20 or more victories, as compared to 88 in the charmed circle in 1952 and 104 in 1951.

Swift, 31-year-old righthander, also boasted one other achievement when he racked up 321 strikeouts to win a second crown as the whiff king of O.B. He appeared in 52 games, pitching a total of 287 innings, giving him an average of better than one strikeout per stanza.

Notre Dame, Georgia Tech Clash Today

Michigan, Minnesota Play For Brown Jug

By WILL GRIMSLEY

NEW YORK, Oct. 23 (AP)—College football's longest living unbeaten streak and the No. 1 national ranking are the pawns when Notre Dame and Georgia Tech collide tomorrow.

The pressure-packed conflict at South Bend, Ind., pitting two prime contenders for championship honors, overshadows an attractive mid-season schedule which includes such rivalries as California-Southern California at Berkeley, Baylor-Texas A&M at College Station, Michigan-Minnesota at Minneapolis and Navy-Penn at Philadelphia.

Unbeaten Since 1950

The unbeaten skein belongs to Georgia Tech, which hasn't suffered a setback since late November, 1950.

The No. 1 ranking is held by the Irish, who have swept past three opponents and who rule seven-point favorites to maintain their position over a speedy Tech squad rated fourth in the Associated Press poll.

This is the week of the panoramic expierment in the colleges' restricted TV plan and the four games to be televised are: Princeton-Cornell at Princeton, Illinois-Syracuse at Champaign, Iowa-Indiana at Iowa City and Arkansas-Mississippi at Memphis. The games will be televised over the NBC network, starting at 2:45 p.m. (EST).

Of the top-ranking elevens, Michigan No. 5, Baylor No. 6, and Navy No. 10, appear in the greatest danger of reversal.

Play For Brown Jug

Speedy Michigan, winner of four straight, goes against a Minnesota which is bound to be aroused by ceremonies surrounding the golden anniversary of the Little Brown Jug rivalry.

Navy plays a rugged Pennsylvania team with both size and a dormant punch. Baylor, owning the country's fastest backfield, takes an unbeaten record against undefeated byt once-tied Texas A&M.

The other paid-up members of football's top ten seem safe enough. Michigan State No. 2 throws its three platoons at Purdue at Lafayette, Ind. with no outstanding worries. Illinois No. 7 is host to Syracuse. West Virginia No. 8 plays Virginia Military Institute at Morgantown, W. Va. and Oklahoma No. 9 is at home to Colorado, a conference rival. Third-ranked Maryland played Miami (Fla.) tonight.

In the South, Alabama is host to Mississippi State in the headliner. North Carolina State plays at Duke, Virginia at Vanderbilt, North Carolina at Georgia, Wake Forest at Richmond and Villanova at Kentucky.

Colts Lose Agase For Sunday Game

BALTIMORE, Oct. 23 (AP) — The defense minded Baltimore Colts will be without their general, Alex Agase, in Sunday's game with the Washington Redskins.

Agase definitely was declared out today with a leg injury suffered in last Sunday's loss to Green Bay. Ed Sharkey will take over Agase's defensive signal calling and Bill Pellington will play in his stead.

Army Takes Casares

JACKSONVILLE, Fla., Oct. 23 (AP) — The Army today accepted University of Florida fullback Rick Casares for military service.

The case had hung fire overnight while X-rays and reports of government specialists were studied regarding a shoulder hurt the Gator star received in scrimmage some weeks ago.

Flintstone High School's Aggies defeated Beall High of Frostburg, 2-1, and Valley High of Lonaconing downed Mt. Savage by the score of 4-1 yesterday to remain tied for the leadership of the W.M.I. Soccer League with 4-1 records.

Coach Orville (Stoney) Jackson's Aggies spotted Beall a field goal in the second period, tied it up at 1-1 on a penalty goal in the third stanza and sewed it up with a field goal in the final quarter.

Rowe scored the field goal for the Mountaineers, Thornton Robinette deadlocked the score with a penalty and Dick Shaw registered the winning marker on a pass from Robinette.

Rice, of Beall, missed a try for penalty goal in the final period.

Randall Brown, bantam center forward, scored three field goals to lead Coach Johnny Meyers' Black Knights to their fourth win of the campaign over Mt. Savage. The three points enabled the 5-foot-3 Brown to forge to the front in the individual scoring race with a total of eight markers.

Brown kicked his first goal in the second period on a pass from Bob Montgomery. "Butch" Young set up the second score for the Valley High center forward in the third period and Randall dribbled through the Mt. Savage fullbacks for his final point in the last quarter. The Knights' other goal was credited to Kitzmiller on a pass from Bob Humphrey.

Dick Robeson saved Mt. Savage from a shutout by connecting for a goal in the fourth period following a corner kick by Morgan.

Bill Beeman, Rich Waddell, Tod Cuthbertson and Brown played best for the winners while Chester Devore, Dick Robeson and Paul Fiorita were outstanding for Mt. Savage. The lineups:

Potomac State of Keyser will be Shepherd College's opponent today in the Rams' annual homecoming football game at Shepherdstown, W. Va.

The Potomac-Shepherd series had its inception in 1923 and in 26 contests the Catamounts have won 21, Shepherd two and three ended in ties. The schools did not meet from 1942 through 1945. Most one-sided game of the long series was State's 68-0 triumph in 1926. Shepherd's last win was in 1949 by the score of 19-6.

The Rams, coached by Donald Fuoss, own a 1-3-1 record for the season and stand 0-1 in the West Virginia Intercollegiate Conference. That loss was at the hands of Glenville, 7-0. Potomac with an overall record of 2-3 and a conference mark of 2-2 defeated Glenville by the score of 13-7.

THOMAS, W. Va., Oct. 23 — Thomas High School's gridiron machine rambled to its fourth consecutive victory today, defeating the Berkeley Springs High School Indians here by the score of 18-7.

The triumph was the fourth against two setbacks for Coach Ed Supak's eleven while the loss was the fifth against two wins for the visitors.

Jim Knaggs, Thomas fullback, galloped 87 yards for the first of two touchdowns in the second period. A pass play executed by Bill Evans and Ronald Johnson, covering 64 yards, produced the second six-pointer.

In the final period, Evans passed 19 yards to Jack Sowers for the locals' final touchdown.

Fullback Lutman accounted for Berkeley Springs' touchdown and conversion in the third quarter.

Thomas piled up 331 yards overland and through the air while the Indians reeled off 163.

Due to a cancellation by Belington, Thomas has an open date on Friday, October 30.

Recreation Dept. Badminton Club To Meet Today

The City Recreation Badminton Club will meet this afternoon, 1:30 to 4:30, at the Fort Hill School gymnasium.

The club is open to the public, meeting Thursday evenings 7:30 to 10:30, and Saturday afternoons through the winter months.

The club was organized for recreation for family groups and girls and boys, who want to learn how to play the game correctly and spend an enjoyable evening or afternoon.

It is not necessary to attend every meeting of the club. Anybody can learn how to play the game and get the enjoyment of the sport.

Rackets and birds are furnished by the Recreation Department, and instruction is given by L. E. Van Sant, tennis and badminton coach.

All that is necessary for new members is to report at the Fort Hill School gymnasium this afternoon.

Jim Piersall Voted Sophomore Of Year

NEW YORK, Oct. 23 (AP)—Jimmy Piersall, right fielder of the Boston Red Sox, was voted today the American League Sophomore of the Year in a poll of members of the Baseball Writers' Association of America.

The sensational 24-year-old catchmaker from Watertown, Conn. won the Associated Press award after a hot battle with Pitcher Whitey Ford of the world champion New York Yankees. Piersall got 96 votes to 67 for the young southpaw.

ROMNEY, W. Va., Oct. 23 — Romney High School extended its season winning streak to seven games today by running down the Ridgeley High Blackhawks here by the score of 32-12.

The defeat was Ridgeley's fourth in a row.

Romney's seven wins include three Potomac Valley Conference games. The loss was Ridgeley's fourth in five starts in the conference.

Coach Dick McElwee's aggregation packed its scoring punch into the first three quarters and in scoring 32 points upped its season total to 184.

Roger Parker started the scoring parade by smashing over from the two on an end run in the first period. He also kicked the point.

A 15-yard pass by Ed Hartman and a 60-yard run by Mike Coleman produced the second TD. In the second quarter Bob Saville ran 15 yards for the third score and Parker converted.

Ray Haines went over tackle from 15 yards out early in the fourth period and Parker's end run from the five netted the Pioneers' final six-pointer.

Fred Barbe accounted for both Ridgeley scores, racing oyer from the nine on an end run in the opening period and smashing through center from the one in the last quarter.

Sammy Lyons blocked a punt and ran 25 yards, Eddie Hartman returned a punt 35 yards, Roland Shanholtz and Ray Haines played best in the Romney backfield and Bob Saville and David Green were standouts on the line. Fred Barbe was Ridgeley's best bet.

Mighty Maryland Coasts To 30-0 Win Over Miami

Terps Score Three TDs In First 13 Minutes

MIAMI, Fla., Oct. 23 (AP)—Mighty Maryland slashed its way to a three-touchdown lead over Miami's Hurricanes in a 13-minute demonstration of running and passing power tonight, then coasted under orders from Coach Jim Tatum to a 30-0 victory in the Orange Bowl.

After quarterback Bernie Faloney, a ball-handling magician, had guided the Terrapin first string to a 20-0 lead in the first period and the second team had scored in the second quarter, Tatum ordered his boys to pull their punches by playing strictly on the ground.

With its aerial arm cut off, Maryland was unable to score in the second half except on a field goal by Dick Bielski as Tatum used three full teams in a platoon substitution system.

Making its own breaks with vicious defensive play, Maryland needed to move only 78 yards for its first three touchdowns in an offensive display that dazzled a crowd of 42,157 in the Orange Bowl, where Maryland probably will play next New Year's Day.

Ralph Felton, a smashing fullback who stood out in the Maryland attack all night, intercepted a pass from Don James at the Miami 22 to set up the Terrapins' first touchdown scored by Chester Hanulak on a one-yard buck with just three minutes gone.

Faloney passed eight yards to Marty Crytzer for the second touchdown after Miami's fullback Ed Oliver fumbled the kickoff and Bob Morgan recovered for Maryland at the Hurricane 34.

Before Miami's stunned rooters had recovered from that, Russell Dennis, a hustling Maryland end, broke through to knock the ball out of J.B. Johnston's hand on an attempted pass and recover for the Terrapins at the Miami 22. Four plays later, Felton crashed over from the one for the third touchdown.

MARTINSBURG, W. Va., Oct. 23 — Coach Roy Lester's Allegany High Campers of Cumberland scored their fifth straight victory of the season here tonight as the visitors downed the Martinsburg High Bulldogs, 13-0, in Coubourn Stadium.

The Campers pushed over the winning touchdowns in the first and fourth periods and were threatening again in the waning moments as the game ended.

Rank Goes Over

Dick Rank took a Dick Lewis punt midway in the opening stanza on the Martinsburg 22 and returned the oval to the Bulldog 11. Eddie Joyce plunged to the two in three plays and Rank busted over guard for the six-pointer. Dick then added the extra point for a 7-0 Allegany lead.

The two teams battled most of the remainder of the game in midfield with each showing a strong defensive game. Then the Lestermen once more returned a Martinsburg punt deep into Bulldog territory to set up the clincher in the final four minutes of play.

Don "Bucky" Rice grabbed Lewis' boot at midfield and returned to the Martinsburg 30. With Bob Kirtley at quarterback the Allegany eleven engineered a first on the 21. Then Kirtley ran to another first on the Martinsburg 7 and Joyce bulled his way to the one. Kirtley then plunged over for the score. Rank's kick for the point was blocked.

Kirtley Is Outstanding

An intercepted pass set up another Allegany bid which was foiled by a penalty and in the late stages Allegany moved to the Martinsburg 14 when the game ended.

Bob Kirtley played another outstanding game for the victors as linebacker on defense and offensive quarterback. The Allegany ends, Lee Weller, Bob Reiber and Vernon Lowery, were particularly outstanding in stopping the Martinsburg running attack which never got beyond the Allegany 40-yard-line.

Best for the losers who now have a 2-4 record were Holbrunner, Power and Lewis. The latter got out of a sick bed with the flu to play the entire game at quarterback for John Cobourn's charges. The lineups:

Ray Nagel Is Named Stydahar Assistant

CHICAGO, Oct. 23 (INS)—The Chicago Cardinals' pro football team announced today the appointment of Ray Nagel as assistant to Head Coach Joe Stydahar and as a scout.

Nagel has been taken off the roster as the Cards' quarterback and will assume his new duties immediately, managing director Walter Wolfner said.

Nagel is a former aid to Coach Red Sanders of UCLA.

Gerald Grubbs, 17, Keyser High Player, Suffers Eye Injury

KEYSER — Gerald Grubbs, 17, senior of Keyser High School and a player on the Golden Tornado football team, suffered a serious injury Friday afternoon, as he and the team were dressing for the game with Moorefield. In some manner while changing his clothes, his head struck one of the hangers on which the boys hang their clothes, and the hook split both upper and lower lids of his right eye.

Grubbs was immediately taken to Potomac Valley Hospital where he was taken to surgery and an examination was begun. It was later reported around town and the football field that his eye was injured, but a report from the hospital later in the afternoon said that the eyeball was not injured and was considered miraculous because of the type of injury.

No visitors were permitted to see him during the rest of the day, and he was reported resting nicely in the evening.

Beall High Plays Charles Town At Frostburg Today

Charles Town High School of Jefferson county, W. Va., and Beall High School meet in their seventh annual football game today at Beall High Field, Frostburg, at 2 o'clock.

The Panthers, coached by "Zip" Lorenz, have won only one game and lost five and scored 51 points to the opposition's 173. Two of the defeats were dealt out by teams from this area, namely, Keyser 27-13 and Romney 41-12.

Beall, winless in four outings, also lost to Keyser, 14-0 and Romney 27-6.

The Charles Town-Beall series started in 1947 and the West Virginians have copped five of the six games played to date.

Parsons High Wallops Deaf School, 53-12

Mullenax, Fairbanks, Rosenau Head Attack

ROMNEY, W. Va., Oct. 23 — Delton Mullenax, Bill Rosenau and Terry Fairbanks accounted for six of the eight touchdowns scored by Parsons High School here today as the Panthers trounced the West Virginia School for the Deaf by the score of 53-12.

Coach Bob Sullivan's Tucker Countians scored one or more touchdowns in every period to rack up their third win of the season against four defeats. The loss was the sixth for the winless Lions.

Parsons scored thrice in the opening period. Mullenax tallied on a pitchout from the 11, Rosenau reached pay dirt on a 29-yard end run and Fairbanks galloped 45 yards after intercepting a pass. Rosenau and Mullenax ran the extra points.

Three more scores were credited to the Panthers in the second quarter. Rosenau passed to Bundy for a touchdown play that covered 24 yards, Rosenau ran 29 for another six-pointer and after Rogers broke the ice for the Lions with a 71 yard run Mullenax returned the following kickoff 80 yards to make the count 39-6 at halftime.

Parsons added single touchdowns in the third and final quarters. Mullenax passed from the 15 to Felton who sprinted 79 yards to the 6 and Mullenax hit Felten with a pass for the score. Somerville converted. After West Virginia Deaf drove 45 yards to the one, Rogers toted the ball over on fourth down. Fairbanks ran off tackle for 31 yards and a TD and also plunged the punt to conclude the scoring.

Steelers Meet Packers Tonight At Pittsburgh

Redskins And Colts Tangle On Sunday

NEW YORK, Oct. 23 (AP)—One of the three teams that are tied for the lead in the Western conference of the National Football League is bound to be knock off Sunday when the champion Detroit Lions meet the San Francisco 49'ers for the second time this season.

Those two teams and the Los Angeles Rams found themselves in a deadlock with three victories and one defeat apiece after the Rams scored a surprising 31-19 victory over the Lions last Sunday. Los Angeles plays the stumbling Chicago Bears Sunday.

The Cleveland Browns, all alone at the head of the Eastern conference and the league's only undefeated team, invade New York Sunday to take on the Giants, who have been particularly troublesome in past years.

The Pittsburgh Steelers open the fourth weekend of the regular season, playing the Green Bay Packers at Pittsburgh Saturday night.

Other Sunday games are Philadelphia Eagles at Chicago Cardinals and Washington Redskins at Baltimore Colts.

The Washington-Baltimore game marks the beginning a new neighborhood rivalry within the league and enthusiastic Baltimore-Washington area fans are expected to turn out in large numbers. The Colts have a 2-2 record so far while the Redskins have won two lost one (to Cleveland) and tied one.

Pittsburgh, also with a 2-2 record, faces an improved Green Bay team which upset the Colts 37-14 last Sunday.

ALTOONA, Pa., Oct. 23 — LaSalle High School's Explorers from Cumberland added to the woes of the Marauders from Altoona Catholic High School by handing the locals their seventh consecutive defeat of the season to the tune of 44-19.

While slapping down the winless Marauders, Coach Norman Geatz's eleven extended its victory streak to five games to equal a mark set by the 1929 LaSalle team.

The visitors scored seven touchdowns, three of which were credited to Fullback Harold Hudson, and made two conversions. Blanked in the first half, Altoona crashed the scoring column once in the third period and twice in the final quarter.

Hudson launched the LaSalle touchdown parade when he returned the opening kickoff 80 yards for a score. Later in the first quarter he registered again on a 37-yard end run and Bobby Christ scored from 27 yards out to give the Explorers a 19-0 lead.

In the second period, Bill Dove scooped up an Altoona fumble and raced 30 yards to the end zone while in the third stanza Hudson racked up his third TD on a 12-yard sprint.

LaSalle counted twice in the final quarter. Jimmy Williams recovered a Marauder fumble and scampered over from the 18 and a pass, Denny Shuck to Phil Geatz was good for 13 yards and the final six-pointer.

Edgar Kegg failed to convert in five tries for the Explorers but Rickey Harris made good on his two kicks for extra points.

Ted Bettwy accounted for all of Altoona's touchdowns. He first tallied on a 23-yard pass from Wiley, returned a punt 60 yards and registered on a 30-yard pass from Wiley. Boslet made an end run for the Marauders' extra point.

Alerted, Navy Ace Will Race Tom Fool In Pimlico Special

$30,000 Purse Will Go To Winner; No Betting On Three-Horse Event

By GEORGE BOWEN

BALTIMORE, Oct. 23 (AP) — A natural bet in tomorrow's Pimlico Special would be Tom Fool to win and Alerted for second.

Unfortunately, there will be no betting. Navy Page will be the only other starter in the mile and three sixteenth race so Pimlico made an exhibition out of it.

Tom Fool looms head and shoulders over the other two as the choice to take the $30,000 first prize on the basis of winning all nine races this year.

Alerted figures to be second since that has been his favorite finishing spot. He's probably been runner-up in more big races than any other horse in history.

This year, the 5-year-old horse has started 17 times, always in the best company. He won two stakes and finished second in five others to take down $85,225.

Last year, Alerted won eight races and was second in nine more. He started 33 times. There were 23,813 horses racing on United States tracks last year. Only 104 raced more than Alerted who earned an imposing $232,350.

Alerted is a son of Calumet Farm's Bull Lea. He was purchased for $10,000 from Calumet by Frank Stout of Malden, Mass., as a 2-year-old, and now has earned $421,085.

This year, Alerted won the Saratoga Handicap and Cup.

Among his seconds is one to Tom Fool in the Sysonby.

The race will be televised and broadcast by CBS starting at 4:15 p.m. EST.

Bob Lacy Scores Hole-In-One-On Twelfth At CCC

Robert (Bob) Lacy scored a hole-in-one yesterday on No. 12 at the Cumberland Country Club while playing in a foursome with William Cooley, Rev. John Showalter of Somerset, Pa., and Dr. MacTavish, of McKeesport, Pa.

Lacy made his ace with a No. 7 iron on the 142-yard 12th. It was his first hole-in-one and he finished out the nine holes with a 33.

Others credited with shooting aces over the CCC course this year are Mrs. G. William Bibby, John Baggett and Dr. Frank T. Cawley.

PETERSBURG, W. Va., Oct. 23 — Donald Huffman scored three touchdowns today to lead Coach Jesse Riggleman's Petersburg High School Vikings to their fourth victory in the Potomac Valley Conference over the Circleville High School Indians. The score was 21-0.

The Vikings sewed up the game in the second quarter by scoring two of their three six-pointers. Huffman cracked over from the five to climax a 35-yard drive and he scored again after Jimmy Kessel paved the way with a pass interception on the Indians' 32. The Petersburg left halfback toted the leather over from the 10 to culminate a 55-yard march in the final period.

Gene McCauley had a perfect day in the conversion department, kicking all three extra points.

Petersburg now has a 4-0-1 record in the PVC has won one and lost three.

Shoemaker Rides 400th Winner In California Race

ALBANY, Calif., Oct. 23 (AP)—Little Willie Shoemaker, the poker-faced Texan who is making turf history, broke into the magic 400 winner circle today at Golden Gate Fields.

He brought Mercenary, the even money favorite, home in front in the fifth race to become the only jockey in history to ride 400 winners in a single season.

The 22-year-old El Paso reinsman set a new world record a week ago today when he rode his 391st winner of the year. It replaced the old mark set in 1952 by Tony DeSpirito.

The "Silent Shoe" started today's race with 398 victories. He was out of the money in the first race on the favorite Master Eddie, did not ride in the second, was out again in the third on second choice Lynn Anita.

Shoemaker brought second choice Crystal Top home first in the fourth race and then followed with Mercenary.

Improvements OK'd For Pimlico Track

BALTIMORE, Oct. 23 (AP) — The Maryland Racing Commission today gave unofficial approval to plans of Pimlico to spend 2½ million dollars improving the 83-year-old track.

A tour of the old plant by the commission with new owners appeared to have dispelled another fear that the home of the Preakness and other traditional races might be closed.

The ant-eater is reported to be one of the most difficult animals to kill because of its tough skin.

Durando Stops Charley Humez In Paris Bout

New Jersey Slugger Scores KO In Sixth

PARIS, Oct. 23 (AP)—Ernie Durando, a solid slugger from Bayonne, N.J. knocked out highly-ranked Charles Humez of France tonight in 2:30 of the sixth round with the Frenchman on his knees listening to the referee count ten.

The crowd of about 11,000 whistled in surprise and disapproval as Humez failed to get up, although apparently fully conscious. He seemed eager to get back into action as the ref counted eight, nine, ten, but didn't make it.

As soon as the count was completed, the befuddled Humez rose to his feet.

Never Kayoed Before

Humez, who had been outpointed by Britain's Randy Turpin for the European middleweight title at London, June 9, never had been knocked out before in 68 previous fights.

Durando dumped Humez with a hard left and right to the head.

"I don't know exactly what happened" said Humez. "I was knocked down. That's certain. I got up and put one knee on the canvas and waited for the count of the referee. I understood him perfectly as he counted—five, six, seven, eight—and then I just don't know what happened.

"The count seemed too short but I don't know. I got to my feet but already the referee had announced a knockout and the match was over. I feel certain that I would have won."

Durando was unruffled in his dressing room. "Humez is a good fighter," he said. "He fought a clean fight. He can hit hard and might have knocked me out. But it happens that I clipped him."

Cut Around Eyes

Cuts around Durando's eyes may keep him out of action for several weeks.

Until the knockout, the bout had been about even. Both fighters were willing to mix freely. The Associated Press scorecard for the first five rounds had it 2-2-1.

Durando's victory was certain to move him among the contenders for the crown Bobo Olson won by whipping Turpin Wednesday night.

Durando weighed 159¾, Humez 161½.

10 STATE GOLF TITLES

DENVER (AP)—When Mrs. Patti Blanton of Enid, Okla., and Colorado Springs, won the 38th annual Colorado women's golf tournament, it was her 10th state title covering three states. She has won the Oklahoma crown five times and the Kansas championship four times in the 30 years she has been playing golf.

Carl Furillo Credited With Greatest Comeback In N. L.

Hodges, Irvin, Bell Get Top Recognition

NEW YORK, Oct. 23 (AP) — Carl Furillo, who brought his batting average up nearly 100 points to capture the batting title, was voted today as having made the greatest comeback of the 1953 National League baseball season.

The star Brooklyn Dodger outfielder with the rifle arm won the honor in a close battle with teammate Gil Hodges. Of the 179 members of the Baseball Writers Association of America who participated in The Associated Press' annual poll, 66 voted for Furillo and 55 voted for Hodges.

In all 20 National Leaguers received mention. Monte Irvin, who had a splendid year with the New York Giants after being sidelined most of the 1952 season with a broken ankle, placed third with 21 votes. Gus Bell, who developed into a powerful batter with Cincinnati following his acquisition from Pittsburgh, was fourth with 11 votes. Fifth place with seven votes went to Warren Spahn, Milwaukee's southpaw ace who improved his 14-19 pitching record of 1952 to 23-7 in '53.

Furillo struggled through his poorest year in the majors in 1952. Plagued by eye trouble, Carl played in only 134 games, batting a pathetic .247. A winter operation and a challenge in the form of ambitious youngsters eager to grab his regular right field post spurred the 30-year-old Pennsylvanian on to his greatest of eight campaigns with the Dodgers in '53.

Panter Wins Split Nod Over Langlois

NEW YORK, Oct. 23 (AP)—Garth Panter, a busy body thumper from Salt Lake City, banged away at the right side of France's Pierre Langlois tonight to win a split decision in a 10-round bout at Madison Square Garden. Langlois weighed 157¾, Panter 159.

The underdog Panter manhandled the Frenchman in the clinches, hammering at the right side with his one free hand to pile up a wide early lead before a small crowd of some 2,500 paying an estimated $5,000.

The two judges, Harold Barnes and Artie Aidala, gave it to Panter 5-4-1, while referee Ray Miller scored it for Langlois 5-4-1. The Associated Press card was 5-5, figuring a draw would have been a good decision.

Sales Tax Is Added To Team's Offense

Coach Forest Evashevski of Iowa was asked what type of offense Michigan State would feature in a recent game, reports The Sporting News.

"It'll be 70 percent Michigan single wing, 15 percent Split-T and 13 percent Straight-T," Evashevski answered.

"That's only 98 percent," it was pointed out to him, says The Sporting News. "What about the other two percent?"

"Sales tax," the Hawkeye coach said straight-faced.

Ladies Shuffleboard Teams Meet Monday

The Allegany County Shuffleboard League teams and captains will meet Monday, Oct. 26, at the Woodmen of the World Club at 8:30 p. m.

Sponsor's fees and rosters will be turned in at the meeting and all players unable to attend will notify captains to relegate power to vote on decisions at the meeting.

Fighter Loses Two Decisions In Ring

GLASGOW, Scotland, Oct. 23 (AP)—Heavyweight Arthur Flynn lost two decisions in the same ring last night.

First he lost a three-rounder to Ronnie Morrison.

When referee Robert Duff announced the decision, Flynn took out after the official. He caught Duff in mid-ring and punched away.

Police stopped that fight and a judge announced another decision against Flynn.

"Two pounds ($5.60) or 20 days in jail," the judge said.

Woodmen Win Two

The Woodmen of the World defeated the Golden Nugget shufflers from Frostburg last night on the WOW alleys by a 2-1 score in an Allegany County Men's Shuffleboard League match. R. McCleaf was high man for the winners with 29 points while Middleton and Morgan each had 15 for the Nuggets.

LIGHTNING STRUCK TWICE

MILWAUKEE (AP)—The Milwaukee Braves and Pittsburgh Pirates played two consecutive games in Milwaukee Stadium in which the score and time of game were identical! The Braves beat the Bucs, 7-4, in two hours and 16 minutes on Aug. 8. They repeated the victory in exactly the same time in the first game of a double header the following day.

Dies Of Injuries

FREDERICK, Md., Oct. 23 (AP) — Miss Lula E. Wire, blind 85-year-old Baltimorean, died in Frederick Memorial Hospital yesterday of injuries suffered Oct. 15 in an automobile collision.

Shock was reported the principal cause of her death. Three others were injured in the crash.

Two Million Duck Stamps Are Sold

WASHINGTON, Oct. 23 (AP)—Secretary of the Interior McKay said today a record 2,296,628 federal duck hunting stamps were sold during the year ended June 30. The previous record was 2,167,767 for the year ended June 30, 1952.

The stamps are sold at post offices for $2 each. Every person over 16 years of age who hunts migratory waterfowl is required to have one, with his signature written across the face.

Ray Boone Belted Four Grand Slammers

NEW YORK, Oct. 23 — Ray Boone, the Cleveland discard who made a great comeback with the Detroit Tigers, crashed out four bases-loaded home runs during the 1953 season to lead all major leaguers in that department.

Boone's grand slam output for the year tied a major league record held by nine other players, among them Babe Ruth and Lou Gehrig. Ray, who was dealt to the Bengals in mid-June, clouted two of his bases-filled blows with the Indians and two with Detroit.

Brooklyn's Duke Snider, Eddie Mathews of Milwaukee, Daryl Spencer of the New York Giants, Pittsburgh's Preston Ward and Al Rosen of Cleveland each hit a pair.

Mask Of Potsy

LINCOLN (AP)—In 1915 George (Potsy) Clark, star Illinois quarterback, got a busted jaw in the opening football game of the season. The University of Illinois spent $300 for a mask so "Potsy" could guide the club the rest of the season.

That mask is still being used. Latest member of the "Busted Jaw Club" to use it is End Andy Loehr of Nebraska where Clark is now athletic director. Loehr wore it this year in a game against Illinois!

Whiskey, Women Led To His Fall

CLEVELAND, Oct. 23 (AP) — A former city treasurer of Elkins, W. Va., who blamed whisky and women for his trouble, was sentenced to 1 to 10 years in prison today for forgery.

Charles R. Godwin, 35, pleaded guilty to the forgery charge before Common Pleas Judge Earl R. Hoover. He was arrested while employed as a Cleveland city pool life guard after passing a phony check for $225 in a cafe here.

Guard Gets Jet For Class Training

BALTIMORE, Oct. 23 (AP)—The Maryland Air National Guard Squadron had its first jet airplane today but, for the time being, at least, it was confined to ground duty only.

The plane was flown into the squadron's base at Harbor Field, whose runway has been judged too short for normal jet operations.

In delivering the plane yesterday, Capt. Erwin J. Fuller of the Air Force had to circle the field for 45 minutes to use up 200 gallons of fuel and lighten the plane enough for a safe landing.

Air Guard officials said the craft would be used for classroom work.

Order Advances D'Alesandro Trial

BALTIMORE, Oct. 23 (AP)—Former Judge Joseph Sherbow today won from Chief Judge W. Conwell Smith an order advancing the trial date of the son of Baltimore Mayor D'Alesandro on a statutory rape charge.

Sherbow's petition that Franklin Roosevelt D'Alesandro, 20, be tried ahead of other defendants accused of sex charges involving two young girl cousins was granted.

The order advanced the trial date for the mayor's son to Oct. 29. Only six of the defendants, all younger boys charged in a separate case involving the same girls, will be tried ahead of young D'Alesandro. Their trial date is the previous day.

Burglars Steal Sheriff's Safe

TONBRIDGE, England, Oct. 23 (AP)—Burglars broke into the home of the High Sheriff of Kent, Sir Henry d'Avigdor-Goldsmid, early today and wheeled away a jewel-filled safe in a baby carriage.

Police said they believed the thieves got away with between 20,000 and 25,000 pounds ($56,000 to $70,000) worth of jewels. The ancient office of High Sheriff is largely an honorary and ceremonial one.

Death Every 16 Hours

BALTIMORE, Oct. 23 (AP)—Traffic accidents killed an average of one person every 16 hours in Maryland last month, state police reported today.

Their report showed 44 September highway deaths and 1,273 injuries, bringing 1953 totals to 390 deaths and 10,787 injuries. The 1952 death toll through September was 379.

KEYSER, W. Va., Oct 23—Coach Fred "Tack" Clark's Keyser High Golden Tornado, held scoreless in the first half, rallied for three touchdowns in the third and fourth quarters today to whip the Moorefield Yellow Jackets in a Potomac Valley Conference contest by the score of 19-0.

Ernie Courrier scored two touchdowns and kicked an extra point while Richard Morris accounted for the other six-pointer.

Courrier paved the way for the initial touchdown with a 34-yard run to the Moorefield 40. Five plays later he went over from the two. Jimmy Webb set up the second score with a 35-yard gallop to the Jackets' 10. Morris toted the leather over from the four.

With two minutes remaining in the last quarter, Ward passed to Burns who stepped out of bounds on the one and on the next play Courrier scampered over for six-pointer. Ernie also converted on a kick.

In the first period Bobby Wilson carried the ball into the end zone for a touchdown but fumbled there and Keyser recovered for a touchback. Keyser was headed for a score in the second period but fumbled on the three.

Keyser played a bangup defensive game, limiting the Hardy Countians to 16 net yards rushing and three first downs. The losers, however, picked up 29 yards on two passes. The Golden Tornado, scoring its second straight win in the P.V.C., rolled up a total of 306 yards—249 on the ground and 57 on five passes.

The defeat was Moorefield's third against two wins and a tie in the nine-school conference.

Alerted, Navy Ace Will Race Tom Fool In Pimlico Special

$30,000 Purse Will Go To Winner; No Betting On Three-Horse Event

By GEORGE BOWEN

BALTIMORE, Oct. 23 (AP) — A natural bet in tomorrow's Pimlico Special would be Tom Fool to win and Alerted for second.

Unfortunately, there will be no betting. Navy Page will be the only other starter in the mile and three sixteenth race so Pimlico made an exhibition out of it.

Tom Fool looms head and shoulders over the other two as the choice to take the $30,000 first prize on the basis of winning all nine races this year.

Alerted figures to be second since that has been his favorite finishing spot. He's probably been runner-up in more big races than any other horse in history.

This year, the 5-year-old horse has started 17 times, always in the best company. He won two stakes and finished second in five others to take down $85,225.

Last year, Alerted won eight races and was second in nine more. He started 33 times. There were 23,813 horses racing on United States tracks last year. Only 104 raced more than Alerted who earned an imposing $232,350.

Alerted is a son of Calumet Farm's Bull Lea. He was purchased for $10,000 from Calumet by Frank Stout of Malden, Mass., as a 2-year-old, and now has earned $421,085.

This year, Alerted won the Saratoga Handicap and Cup.

Among his seconds is one to Tom Fool in the Sysonby.

The race will be televised and broadcast by CBS starting at 4:15 p.m. EST.

Bob Lacy Scores Hole-In-One-On Twelfth At CCC

Robert (Bob) Lacy scored a hole-in-one yesterday on No. 12 at the Cumberland Country Club while playing in a foursome with William Cooley, Rev. John Showalter of Somerset, Pa., and Dr. MacTavish, of McKeesport, Pa.

Lacy made his ace with a No. 7 iron on the 142-yard 12th. It was his first hole-in-one and he finished out the nine holes with a 33.

Others credited with shooting aces over the CCC course this year are Mrs. G. William Bibby, John Baggett and Dr. Frank T. Cawley.

PETERSBURG, W. Va., Oct. 23 — Donald Huffman scored three touchdowns today to lead Coach Jesse Riggleman's Petersburg High School Vikings to their fourth victory in the Potomac Valley Conference over the Circleville High School Indians. The score was 21-0.

The Vikings sewed up the game in the second quarter by scoring two of their three six-pointers. Huffman cracked over from the five to climax a 35-yard drive and he scored again after Jimmy Kessel paved the way with a pass interception on the Indians' 32. The Petersburg left halfback toted the leather over from the 10 to culminate a 55-yard march in the final period.

Gene McCauley had a perfect day in the conversion department, kicking all three extra points.

Petersburg now has a 4-0-1 record in the PVC has won one and lost three.

Shoemaker Rides 400th Winner In California Race

ALBANY, Calif., Oct. 23 (AP)—Little Willie Shoemaker, the poker-faced Texan who is making turf history, broke into the magic 400 winner circle today at Golden Gate Fields.

He brought Mercenary, the even money favorite, home in front in the fifth race to become the only jockey in history to ride 400 winners in a single season.

The 22-year-old El Paso reinsman set a new world record a week ago today when he rode his 391st winner of the year. It replaced the old mark set in 1952 by Tony DeSpirito.

The "Silent Shoe" started today's race with 398 victories. He was out of the money in the first race on the favorite Master Eddie, did not ride in the second, was out again in the third on second choice Lynn Anita.

Shoemaker brought second choice Crystal Top home first in the fourth race and then followed with Mercenary.

Improvements OK'd For Pimlico Track

BALTIMORE, Oct. 23 (AP) — The Maryland Racing Commission today gave unofficial approval to plans of Pimlico to spend 2½ million dollars improving the 83-year-old track.

A tour of the old plant by the commission with new owners appeared to have dispelled another fear that the home of the Preakness and other traditional races might be closed.

The ant-eater is reported to be one of the most difficult animals to kill because of its tough skin.

Durando Stops Charley Humez In Paris Bout

New Jersey Slugger Scores KO In Sixth

PARIS, Oct. 23 (AP)—Ernie Durando, a solid slugger from Bayonne, N.J. knocked out highly-ranked Charles Humez of France tonight in 2:30 of the sixth round with the Frenchman on his knees listening to the referee count ten.

The crowd of about 11,000 whistled in surprise and disapproval as Humez failed to get up, although apparently fully conscious. He seemed eager to get back into action as the ref counted eight, nine, ten, but didn't make it.

As soon as the count was completed, the befuddled Humez rose to his feet.

Never Kayoed Before

Humez, who had been outpointed by Britain's Randy Turpin for the European middleweight title at London, June 9, never had been knocked out before in 68 previous fights.

Durando dumped Humez with a hard left and right to the head.

"I don't know exactly what happened" said Humez. "I was knocked down. That's certain. I got up and put one knee on the canvas and waited for the count of the referee. I understood him perfectly as he counted—five, six, seven, eight—and then I just don't know what happened.

"The count seemed too short but I don't know. I got to my feet but already the referee had announced a knockout and the match was over. I feel certain that I would have won."

Durando was unruffled in his dressing room. "Humez is a good fighter," he said. "He fought a clean fight. He can hit hard and might have knocked me out. But it happens that I clipped him."

Cut Around Eyes

Cuts around Durando's eyes may keep him out of action for several weeks.

Until the knockout, the bout had been about even. Both fighters were willing to mix freely. The Associated Press scorecard for the first five rounds had it 2-2-1.

Durando's victory was certain to move him among the contenders for the crown Bobo Olson won by whipping Turpin Wednesday night.

Durando weighed 159¾, Humez 161½.

10 STATE GOLF TITLES

DENVER (AP)—When Mrs. Patti Blanton of Enid, Okla., and Colorado Springs, won the 38th annual Colorado women's golf tournament, it was her 10th state title covering three states. She has won the Oklahoma crown five times and the Kansas championship four times in the 30 years she has been playing golf.

Carl Furillo Credited With Greatest Comeback In N. L.

Hodges, Irvin, Bell Get Top Recognition

NEW YORK, Oct. 23 (AP) — Carl Furillo, who brought his batting average up nearly 100 points to capture the batting title, was voted today as having made the greatest comeback of the 1953 National League baseball season.

The star Brooklyn Dodger outfielder with the rifle arm won the honor in a close battle with teammate Gil Hodges. Of the 179 members of the Baseball Writers Association of America who participated in The Associated Press' annual poll, 66 voted for Furillo and 55 voted for Hodges.

In all 20 National Leaguers received mention. Monte Irvin, who had a splendid year with the New York Giants after being sidelined most of the 1952 season with a broken ankle, placed third with 21 votes. Gus Bell, who developed into a powerful batter with Cincinnati following his acquisition from Pittsburgh, was fourth with 11 votes. Fifth place with seven votes went to Warren Spahn, Milwaukee's southpaw ace who improved his 14-19 pitching record of 1952 to 23-7 in '53.

Furillo struggled through his poorest year in the majors in 1952. Plagued by eye trouble, Carl played in only 134 games, batting a pathetic .247. A winter operation and a challenge in the form of ambitious youngsters eager to grab his regular right field post spurred the 30-year-old Pennsylvanian on to his greatest of eight campaigns with the Dodgers in '53.

Panter Wins Split Nod Over Langlois

NEW YORK, Oct. 23 (AP)—Garth Panter, a busy body thumper from Salt Lake City, banged away at the right side of France's Pierre Langlois tonight to win a split decision in a 10-round bout at Madison Square Garden. Langlois weighed 157¾, Panter 159.

The underdog Panter manhandled the Frenchman in the clinches, hammering at the right side with his one free hand to pile up a wide early lead before a small crowd of some 2,500 paying an estimated $5,000.

The two judges, Harold Barnes and Artie Aidala, gave it to Panter 5-4-1, while referee Ray Miller scored it for Langlois 5-4-1. The Associated Press card was 5-5, figuring a draw would have been a good decision.

Sales Tax Is Added To Team's Offense

Coach Forest Evashevski of Iowa was asked what type of offense Michigan State would feature in a recent game, reports The Sporting News.

"It'll be 70 percent Michigan single wing, 15 percent Split-T and 13 percent Straight-T," Evashevski answered.

"That's only 98 percent," it was pointed out to him, says The Sporting News. "What about the other two percent?"

"Sales tax," the Hawkeye coach said straight-faced.

Ladies Shuffleboard Teams Meet Monday

The Allegany County Shuffleboard League teams and captains will meet Monday, Oct. 26, at the Woodmen of the World Club at 8:30 p. m.

Sponsor's fees and rosters will be turned in at the meeting and all players unable to attend will notify captains to relegate power to vote on decisions at the meeting.

Fighter Loses Two Decisions In Ring

GLASGOW, Scotland, Oct. 23 (AP)—Heavyweight Arthur Flynn lost two decisions in the same ring last night.

First he lost a three-rounder to Ronnie Morrison.

When referee Robert Duff announced the decision, Flynn took out after the official. He caught Duff in mid-ring and punched away.

Police stopped that fight and a judge announced another decision against Flynn.

"Two pounds ($5.60) or 20 days in jail," the judge said.

Woodmen Win Two

The Woodmen of the World defeated the Golden Nugget shufflers from Frostburg last night on the WOW alleys by a 2-1 score in an Allegany County Men's Shuffleboard League match. R. McCleaf was high man for the winners with 29 points while Middleton and Morgan each had 15 for the Nuggets.

LIGHTNING STRUCK TWICE

MILWAUKEE (AP)—The Milwaukee Braves and Pittsburgh Pirates played two consecutive games in Milwaukee Stadium in which the score and time of game were identical! The Braves beat the Bucs, 7-4, in two hours and 16 minutes on Aug. 8. They repeated the victory in exactly the same time in the first game of a double header the following day.

Dies Of Injuries

FREDERICK, Md., Oct. 23 (AP) — Miss Lula E. Wire, blind 85-year-old Baltimorean, died in Frederick Memorial Hospital yesterday of injuries suffered Oct. 15 in an automobile collision.

Shock was reported the principal cause of her death. Three others were injured in the crash.

Two Million Duck Stamps Are Sold

WASHINGTON, Oct. 23 (AP)—Secretary of the Interior McKay said today a record 2,296,628 federal duck hunting stamps were sold during the year ended June 30. The previous record was 2,167,767 for the year ended June 30, 1952.

The stamps are sold at post offices for $2 each. Every person over 16 years of age who hunts migratory waterfowl is required to have one, with his signature written across the face.

Ray Boone Belted Four Grand Slammers

NEW YORK, Oct. 23 — Ray Boone, the Cleveland discard who made a great comeback with the Detroit Tigers, crashed out four bases-loaded home runs during the 1953 season to lead all major leaguers in that department.

Boone's grand slam output for the year tied a major league record held by nine other players, among them Babe Ruth and Lou Gehrig. Ray, who was dealt to the Bengals in mid-June, clouted two of his bases-filled blows with the Indians and two with Detroit.

Brooklyn's Duke Snider, Eddie Mathews of Milwaukee, Daryl Spencer of the New York Giants, Pittsburgh's Preston Ward and Al Rosen of Cleveland each hit a pair.

Mask Of Potsy

LINCOLN (AP)—In 1915 George (Potsy) Clark, star Illinois quarterback, got a busted jaw in the opening football game of the season. The University of Illinois spent $300 for a mask so "Potsy" could guide the club the rest of the season.

That mask is still being used. Latest member of the "Busted Jaw Club" to use it is End Andy Loehr of Nebraska where Clark is now athletic director. Loehr wore it this year in a game against Illinois!

Whiskey, Women Led To His Fall

CLEVELAND, Oct. 23 (AP) — A former city treasurer of Elkins, W. Va., who blamed whisky and women for his trouble, was sentenced to 1 to 10 years in prison today for forgery.

Charles R. Godwin, 35, pleaded guilty to the forgery charge before Common Pleas Judge Earl R. Hoover. He was arrested while employed as a Cleveland city pool life guard after passing a phony check for $225 in a cafe here.

Guard Gets Jet For Class Training

BALTIMORE, Oct. 23 (AP)—The Maryland Air National Guard Squadron had its first jet airplane today but, for the time being, at least, it was confined to ground duty only.

The plane was flown into the squadron's base at Harbor Field, whose runway has been judged too short for normal jet operations.

In delivering the plane yesterday, Capt. Erwin J. Fuller of the Air Force had to circle the field for 45 minutes to use up 200 gallons of fuel and lighten the plane enough for a safe landing.

Air Guard officials said the craft would be used for classroom work.

Order Advances D'Alesandro Trial

BALTIMORE, Oct. 23 (AP)—Former Judge Joseph Sherbow today won from Chief Judge W. Conwell Smith an order advancing the trial date of the son of Baltimore Mayor D'Alesandro on a statutory rape charge.

Sherbow's petition that Franklin Roosevelt D'Alesandro, 20, be tried ahead of other defendants accused of sex charges involving two young girl cousins was granted.

The order advanced the trial date for the mayor's son to Oct. 29. Only six of the defendants, all younger boys charged in a separate case involving the same girls, will be tried ahead of young D'Alesandro. Their trial date is the previous day.

Burglars Steal Sheriff's Safe

TONBRIDGE, England, Oct. 23 (AP)—Burglars broke into the home of the High Sheriff of Kent, Sir Henry d'Avigdor-Goldsmid, early today and wheeled away a jewel-filled safe in a baby carriage.

Police said they believed the thieves got away with between 20,000 and 25,000 pounds ($56,000 to $70,000) worth of jewels. The ancient office of High Sheriff is largely an honorary and ceremonial one.

Death Every 16 Hours

BALTIMORE, Oct. 23 (AP)—Traffic accidents killed an average of one person every 16 hours in Maryland last month, state police reported today.

Their report showed 44 September highway deaths and 1,273 injuries, bringing 1953 totals to 390 deaths and 10,787 injuries. The 1952 death toll through September was 379.

KEYSER, W. Va., Oct 23—Coach Fred "Tack" Clark's Keyser High Golden Tornado, held scoreless in the first half, rallied for three touchdowns in the third and fourth quarters today to whip the Moorefield Yellow Jackets in a Potomac Valley Conference contest by the score of 19-0.

Ernie Courrier scored two touchdowns and kicked an extra point while Richard Morris accounted for the other six-pointer.

Courrier paved the way for the initial touchdown with a 34-yard run to the Moorefield 40. Five plays later he went over from the two. Jimmy Webb set up the second score with a 35-yard gallop to the Jackets' 10. Morris toted the leather over from the four.

With two minutes remaining in the last quarter, Ward passed to Burns who stepped out of bounds on the one and on the next play Courrier scampered over for six-pointer. Ernie also converted on a kick.

In the first period Bobby Wilson carried the ball into the end zone for a touchdown but fumbled there and Keyser recovered for a touchback. Keyser was headed for a score in the second period but fumbled on the three.

Keyser played a bangup defensive game, limiting the Hardy Countians to 16 net yards rushing and three first downs. The losers, however, picked up 29 yards on two passes. The Golden Tornado, scoring its second straight win in the P.V.C., rolled up a total of 306 yards—249 on the ground and 57 on five passes.

The defeat was Moorefield's third against two wins and a tie in the nine-school conference.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, Oct. 23—(INS)—Here's a surprise! Lana Turner and Lex Barker fly direct from Paris to Mexico City on Nov. 20 without making a stop in Hollywood.

Lex will co-star with Yvonne De Carlo in "Cartouche," a colorful (and it will be in color) adventure based on the exploits of Cortez.

The honeymooning Barkers had hoped to spend the holidays in Hollywood. But it will be necessary to return to Europe after the Mexico fling because Lex is contracted for a picture in Italy the first of the year.

Lana will be finished with "The True And The Brave" with Clark Gable now shooting in Holland, in time to make the trip with Lex.

Mickey Rooney, always jumpin' and jivin', is about to explode since producers Bill Perlberg and George Seaton signed him for "The Bridges Of Toko-Ri."

This role could do for the Mick what Maggio did for Frank Sinatra in "From Here To Eternity." Rooney plays Mike Forney, a cocky pilot who wears a tall green opera hat and smokes a big clay pipe, but who is right there when the going gets rough.

There are many more star names to be added to "Bridges," in addition to Bill Holden and Robert Strauss.

My old friend, Sydney Blackmer, who came to the coast to play in "Johnny Dark" was a very happy man when I spoke with him. His five year old son, Jonathan, was critically injured several years ago in an automobile accident in Blackmer's home town, Salisbury, N. C. The doctors had given up hope that he would ever walk.

Mrs. Blackmer telephoned and said that now she has been assured that little Johnny will not be a cripple and will be able to walk. That's the best news Sydney's had in years.

Once again Zsa Zsa Gabor and George Sanders have separated, and this time George has moved out. Over the long distance telephone from New York the lady said, "I have been very patient with George, and have done everything I could to keep our marriage together, but it doesn't seem to matter with him. He will always be difficult. We are not going to have any trouble, but I am going to live my life the way I want."

"Are you going to marry Porfirio Rubirosa?" I asked her the old question.

"I don't want to ever marry again," said Zsa Zsa, which was surprising coming from her.

Snapshots of Hollywood collected at random.

Producer Sam Coslow telephoned a friend that he was quietly married in New York last week to singer Frances King.

Morton Downey and his wife, Peg, visited Bing Crosby on the "White Christmas" set and Mrs. Downey got a big kick out of seeing pictures made. It was her first experience.

The industry dinner for the King and Queen of Greece will be held Friday, Nov. 13 and, I suppose, at the MGM studios. The Queen of Greece is said to be a delightful woman who has done much for the poor of her country.

Joseph Schenck and Arthur Hornblow have looked at "Red Garters" to see Guy Mitchell with the idea of signing him to play Curly in "Oklahoma."

Franchot Tone and Betsy Von Furstenberg are in Connecticut visiting one of Tone's aunts. Looks like this romance is very much on again.

The most nervous man in town is Lou Costello, who will lead his 17-year-old daughter, Patricia Ann, down the aisle of St. Francis Church when she marries 19-year-old soldier James Cardinet on Sunday.

Maybe Chata Wayne will like Steve Cochran's new foreign made car better than the pick-up truck she drives to court—if he gives her a lift.

That's all today. See you Monday.

Six Men Will Face Gaming Counts Here

Six men were arrested Thursday on gaming charges resulting from a detective raid at premises in the rear of 10 Baltimore Street.

Police booked the following at 12:30 a. m.:

Richard Fox, Cresaptown, maintaining a place for gambling; James Murray, 211 Fulton Street, maintaining a gaming device; Donald Swisher of Keyser, George Drew of Locust Grove, Sylvester Walker of 328 Emily Street, and Joseph A. Franklin, 108 Independence Street, gambling.

Fox and Murray posted $50 bond each for trial October 29 in Police Court. The others put up $20 apiece.

Detective Leo E. P. Law said he found a rear door open at the place and investigated with Lt. James E. Van. His report stated Murray, Swisher, Drew, Walker and Franklin were engaged in a card game. Cards and money were confiscated.

Detective Roy I. Hawse assisted in the arrests.

Divorces Granted In Circuit Court

Four divorces have been granted in Allegany County Circuit Court.

Dian B. Millman was awarded a divorce from George A. Millman and was given custody of their minor child. John P. Smith was granted a divorce from Margaret M. Smith. Doris P. Clayton was awarded a divorce from Floyd S. Clayton and was given custody of their infant child. Betty Jean Stewart obtained a divorce from Harry Stewart Jr. and was awarded custody of their infant child.

Down in the Valley . . .

You know, we suddenly discovered that a lot of people have the wrong idea about this shuffleboard business. Shuffleboard, you remember, is an added attraction to our Down In the Valley downstairs. Well, as we were sayin' . . . it just ain't so! For one thing . . . shuffleboard is a heck of a lot of fun . . . you'd be surprised at the competitive spirit that enters into league games and individual games, too! And, by golly, it takes a measure of skill (or luck, take your choice) to outshuffle a good shuffler. Know what? You'll enjoy it . . . and you'll enjoy the wonderful conglomoration of food and drinks served up just to your order to help you pass the time in the most of enjoyable ways! Come on down and relax!

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, Oct. 23—(INS)—Here's a surprise! Lana Turner and Lex Barker fly direct from Paris to Mexico City on Nov. 20 without making a stop in Hollywood.

Lex will co-star with Yvonne De Carlo in "Cartouche," a colorful (and it will be in color) adventure based on the exploits of Cortez.

The honeymooning Barkers had hoped to spend the holidays in Hollywood. But it will be necessary to return to Europe after the Mexico fling because Lex is contracted for a picture in Italy the first of the year.

Lana will be finished with "The True And The Brave" with Clark Gable now shooting in Holland, in time to make the trip with Lex.

Mickey Rooney, always jumpin' and jivin', is about to explode since producers Bill Perlberg and George Seaton signed him for "The Bridges Of Toko-Ri."

This role could do for the Mick what Maggio did for Frank Sinatra in "From Here To Eternity." Rooney plays Mike Forney, a cocky pilot who wears a tall green opera hat and smokes a big clay pipe, but who is right there when the going gets rough.

There are many more star names to be added to "Bridges," in addition to Bill Holden and Robert Strauss.

My old friend, Sydney Blackmer, who came to the coast to play in "Johnny Dark" was a very happy man when I spoke with him. His five year old son, Jonathan, was critically injured several years ago in an automobile accident in Blackmer's home town, Salisbury, N. C. The doctors had given up hope that he would ever walk.

Mrs. Blackmer telephoned and said that now she has been assured that little Johnny will not be a cripple and will be able to walk. That's the best news Sydney's had in years.

Once again Zsa Zsa Gabor and George Sanders have separated, and this time George has moved out. Over the long distance telephone from New York the lady said, "I have been very patient with George, and have done everything I could to keep our marriage together, but it doesn't seem to matter with him. He will always be difficult. We are not going to have any trouble, but I am going to live my life the way I want."

"Are you going to marry Porfirio Rubirosa?" I asked her the old question.

"I don't want to ever marry again," said Zsa Zsa, which was surprising coming from her.

Snapshots of Hollywood collected at random.

Producer Sam Coslow telephoned a friend that he was quietly married in New York last week to singer Frances King.

Morton Downey and his wife, Peg, visited Bing Crosby on the "White Christmas" set and Mrs. Downey got a big kick out of seeing pictures made. It was her first experience.

The industry dinner for the King and Queen of Greece will be held Friday, Nov. 13 and, I suppose, at the MGM studios. The Queen of Greece is said to be a delightful woman who has done much for the poor of her country.

Joseph Schenck and Arthur Hornblow have looked at "Red Garters" to see Guy Mitchell with the idea of signing him to play Curly in "Oklahoma."

Franchot Tone and Betsy Von Furstenberg are in Connecticut visiting one of Tone's aunts. Looks like this romance is very much on again.

The most nervous man in town is Lou Costello, who will lead his 17-year-old daughter, Patricia Ann, down the aisle of St. Francis Church when she marries 19-year-old soldier James Cardinet on Sunday.

Maybe Chata Wayne will like Steve Cochran's new foreign made car better than the pick-up truck she drives to court—if he gives her a lift.

That's all today. See you Monday.

Six Men Will Face Gaming Counts Here

Six men were arrested Thursday on gaming charges resulting from a detective raid at premises in the rear of 10 Baltimore Street.

Police booked the following at 12:30 a. m.:

Richard Fox, Cresaptown, maintaining a place for gambling; James Murray, 211 Fulton Street, maintaining a gaming device; Donald Swisher of Keyser, George Drew of Locust Grove, Sylvester Walker of 328 Emily Street, and Joseph A. Franklin, 108 Independence Street, gambling.

Fox and Murray posted $50 bond each for trial October 29 in Police Court. The others put up $20 apiece.

Detective Leo E. P. Law said he found a rear door open at the place and investigated with Lt. James E. Van. His report stated Murray, Swisher, Drew, Walker and Franklin were engaged in a card game. Cards and money were confiscated.

Detective Roy I. Hawse assisted in the arrests.

Divorces Granted In Circuit Court

Four divorces have been granted in Allegany County Circuit Court.

Dian B. Millman was awarded a divorce from George A. Millman and was given custody of their minor child. John P. Smith was granted a divorce from Margaret M. Smith. Doris P. Clayton was awarded a divorce from Floyd S. Clayton and was given custody of their infant child. Betty Jean Stewart obtained a divorce from Harry Stewart Jr. and was awarded custody of their infant child.

BRICK! WELCOME BACK!
THE WAY I FIGURE IT, THIS IS YOUR NIECE JEFFE. SHE'S BEEN POSING AS "ANGEL ANDES"... OR DIDN'T YOU KNOW THAT WHEN YOU SENT ME TO OROTO?
NO! I DID NOT! I JUST WANTED YOU TO BREAK UP THE PLOT AGAINST YOUNG CHARLIE.
I DIDN'T BREAK IT UP IN TIME. YOUNG CHARLIE HAS LOST FACE WITH YOUR PEOPLE.
SINCE YOU ARE THE RIGHTFUL RULER OF OROTO, I SUGGEST YOU GO BACK AND EARN THE STATUES THEY HAVE BUILT IN YOUR MEMORY... AND PLEASE KEEP THIS GAL JEFFE OUT OF MY LIFE FOREVER!
Paul Norris 10-24
WITH THAT, BRICK ENTERS THE SHIP, SEALS THE CABIN, TURNS THE SHIP AROUND AND HEADS FOR EARTH...
YOU'RE RIGHT, BRICK! IT IS I WHO MUST PUT MY HOUSE IN ORDER!

BRICK LANDS IN WAHN'S CLIFFSIDE HANGAR.
BRICK! WELCOME BACK!
THE WAY I FIGURE IT, THIS IS YOUR NIECE JEFFE. SHE'S BEEN POSING AS "ANGEL ANDES"... OR DIDN'T YOU KNOW THAT WHEN YOU SENT ME TO OROTO?
NO! I DID NOT! I JUST WANTED YOU TO BREAK UP THE PLOT AGAINST YOUNG CHARLIE.
I DIDN'T BREAK IT UP IN TIME. YOUNG CHARLIE HAS LOST FACE WITH YOUR PEOPLE.
SINCE YOU ARE THE RIGHTFUL RULER OF OROTO, I SUGGEST YOU GO BACK AND EARN THE STATUES THEY HAVE BUILT IN YOUR MEMORY... AND PLEASE KEEP THIS GAL JEFFE OUT OF MY LIFE FOREVER!
Paul Norris 10-24
WITH THAT, BRICK ENTERS THE SHIP, SEALS THE CABIN, TURNS THE SHIP AROUND AND HEADS FOR EARTH...
YOU'RE RIGHT, BRICK! IT IS I WHO MUST PUT MY HOUSE IN ORDER!

Card of Thanks

We desire to extend our heartfelt thanks to all who aided and comforted us in our recent sad bereavement, the death of our wife and daughter, Mrs. Connie Brant Stevenson. Especially do we thank the pallbearers, those who sent floral tributes, those who donated the use of their cars for the funeral, and the minister, Rev. Kenneth Grove, for his comforting words.

MR. & MRS. CARL BRANT
and
MR. JAMES STEVENSON

Card of Thanks

We desire to extend our heartfelt thanks to all who aided and comforted us in our recent sad bereavement, the death of our wife and daughter, Mrs. Connie Brant Stevenson. Especially do we thank the pallbearers, those who sent floral tributes, those who donated the use of their cars for the funeral, and the minister, Rev. Kenneth Grove, for his comforting words.

1951 Plymouth 4-Dr. Sdn.
How would you like to own a car that will give you 18 miles or better on 1 gallon of gas? Here's a gleaming black finish car that you will not have to spend any money to fix up. Not even to wax. Here again you have all the extra safe driving features of the Plymouth, plus all weather heater, defroster, new seat covers, spotless interior, signal lights, side mirror and the contrasting light grey instrument panel with chrome knobs and handles, really makes a beautiful, economical and safe car also one to be proud of, and the low price. Only . . .
$1145

1949 Chrysler N. Y. 4-Dr. Sdn.
The one owner was a Celanese executive, and only drove 13,000 miles a year. The owner kept this car in condition with regular check ups and was garaged every night. A gleaming light grey finish is contrasted by shiny chrome and you have all the safe driving devices, as signal lights, back-up lights, 4-speed fluidmatic transmission with step down gear for passing on hills. The powerful 8 cylinder engine is in A-1 condition. The rest of the equipment includes heater, defroster, 8 tube radio, air foam seats, arm rests, plastic seat covers and the tires are new. It will not last long at . . .

SQUEEZED AT OUTSET

HAVE YOU ever been squeezed on the very first trick? This very gala event has been reported half a dozen times at least during the last several decades. In some of those cases, the victim of the squeeze at the outset was later squeezed again by the lead of the card he established when he made his first discard. In other words, the original trick inaugurated the operation of what is usually called by veteran campaigners a "progressive squeeze" or "repeated squeeze."

South was inclined to censure his ambitious partner when he saw the dummy and could count only eleven tricks unless he could get a break in some suit. West's indication of extreme length in clubs, however, made it seem sure he was short in other suits and that therefore East would have every other suit stacked against South.

A bit more thought, however, showed South — who knows his squeezes — that East might find it impossible to discard safely. Indeed that happened on the very first trick, the club K won by the A. East had to toss something on that trick and chose the heart 2. South then scored the heart K, Q and A, leaving his 5 good. When he laid that down, East was squeezed again between spades and diamonds. Seeing the dummy, East knew he could not afford to get rid of a spade, so he chose the diamond 2.

The progressive squeeze had worked. All that South had to do then was score the diamond A and K, use the spade K for an entry to rake in the diamond Q and 7, lead the spade 7 and finish up with three spade tricks in the dummy. The two squeezes of East had come on the first and fifth tricks—pretty early in the game.

Your Weekend Question

Have you seen — or can you conceive of — a situation in which it can pay a defender to discard his guards to two kings, in order to lure a finesse against one or both of them?

Late Prices Develop Mixed Pattern On Stock Market

NEW YORK, Oct. 23 (AP)—It was a routine session today in the stock market with an early advance and a late retreat to a mixed close.

The Associated Press average of 60 stocks held unchanged. Volume came to 1,300,000 shares, the same as yesterday.

Twentieth Century-Fox was the day's most active issue up 1⅛ at 17⅛ with 26,000 shares traded. Warner Bros. announced that it would use Fox's big screen Cinemascope.

In second spot was Studebaker up ⅝ at 24¾. The stock shot ahead nearly 2 points right after directors declared the usual dividend of 75 cents, evidently a surprise in Wall Street.

Westinghouse Electric, sixth most active, gained ⅝ at 48⅛.

Among higher stocks were Sinclair Oil, Cities Service, Pacific Western Oil, Atlantic Refining, U. S. Steel, and Merck.

Lower were American Telephone New York Central, Baltimore & Ohio, Consolidated Natural Gas, Du Pont, General Electric, and Douglas Aircraft.

SQUEEZED AT OUTSET

HAVE YOU ever been squeezed on the very first trick? This very gala event has been reported half a dozen times at least during the last several decades. In some of those cases, the victim of the squeeze at the outset was later squeezed again by the lead of the card he established when he made his first discard. In other words, the original trick inaugurated the operation of what is usually called by veteran campaigners a "progressive squeeze" or "repeated squeeze."

South was inclined to censure his ambitious partner when he saw the dummy and could count only eleven tricks unless he could get a break in some suit. West's indication of extreme length in clubs, however, made it seem sure he was short in other suits and that therefore East would have every other suit stacked against South.

A bit more thought, however, showed South — who knows his squeezes — that East might find it impossible to discard safely. Indeed that happened on the very first trick, the club K won by the A. East had to toss something on that trick and chose the heart 2. South then scored the heart K, Q and A, leaving his 5 good. When he laid that down, East was squeezed again between spades and diamonds. Seeing the dummy, East knew he could not afford to get rid of a spade, so he chose the diamond 2.

The progressive squeeze had worked. All that South had to do then was score the diamond A and K, use the spade K for an entry to rake in the diamond Q and 7, lead the spade 7 and finish up with three spade tricks in the dummy. The two squeezes of East had come on the first and fifth tricks—pretty early in the game.

Your Weekend Question

Have you seen — or can you conceive of — a situation in which it can pay a defender to discard his guards to two kings, in order to lure a finesse against one or both of them?

Late Prices Develop Mixed Pattern On Stock Market

NEW YORK, Oct. 23 (AP)—It was a routine session today in the stock market with an early advance and a late retreat to a mixed close.

The Associated Press average of 60 stocks held unchanged. Volume came to 1,300,000 shares, the same as yesterday.

Twentieth Century-Fox was the day's most active issue up 1⅛ at 17⅛ with 26,000 shares traded. Warner Bros. announced that it would use Fox's big screen Cinemascope.

In second spot was Studebaker up ⅝ at 24¾. The stock shot ahead nearly 2 points right after directors declared the usual dividend of 75 cents, evidently a surprise in Wall Street.

Westinghouse Electric, sixth most active, gained ⅝ at 48⅛.

Among higher stocks were Sinclair Oil, Cities Service, Pacific Western Oil, Atlantic Refining, U. S. Steel, and Merck.

Lower were American Telephone, New York Central, Baltimore & Ohio, Consolidated Natural Gas, Du Pont, General Electric, and Douglas Aircraft.

Area Boy Shot Near His Home At Friendsville

Robert E. Friend In Good Condition

A 17-year-old Friendsville boy was accidentally shot yesterday morning on Bear Creek Hill near his home by what police believed was a hunter's stray bullet.

Cpl. Samuel Conrad of the State Police at Oakland, said Robert Earl Friend, son of Mr. and Mrs. Floyd L. Friend, was hit in the right arm and chest by what is believed to have been a .22 calibre bullet.

The youth was admitted to Memorial Hospital here at about 1 p. m. yesterday. Attaches said his condition is good.

Conrad said the boy was picking pine and crow's foot branches near his home when the accident occurred at about 11 a. m. Conrad added the boy had on a gray shirt and may have been mistaken for game by hunters.

The bullet penetrated the boy's right arm and entered his chest. He was brought to the local hospital by ambulance.

Cpl. Conrad and Cpl. William F. Baker, criminal investigator for the State Police, were investigating the case late last night.

Banner Day Slated Monday At Tax Office

City Collections Hit $636,287 Mark

The City Tax Office is expecting a banner day on Monday, the deadline for paying 1953 taxes without interest.

Finance Commissioner William V. Keegan reported collections of 1953 taxes were at the $636,287.59 mark yesterday afternoon.

This is about 65 per cent of the $984,900 tax levy, and George E. Davis, city collector, said he expects the percentage to rise to about 85 per cent at the end of business Monday.

Today is actually the deadline to escape interest, but since the office is not open on Saturdays, the time was extended to Monday.

Davis said all mailed payments postmarked before Monday at midnight will be interest-free.

Several large accounts, he added, are expected to come in Monday, boosting the total.

But a number of the largest accounts will not be received for some time, since assessments have not been received from the State Tax Commissioner.

Some 13,400 tax statements were mailed late in September, and the majority of these have been paid or will be paid by the Monday deadline.

Corporation bills go out throughout the year as data is forwarded by the state tax office.

Bills which are not paid by Monday will bear one per cent interest until November 24, since the interest date goes back to August 24, when the levy was set.

New Moose Lodge To Be Instituted At Seaford, Del.

Frank H. Davis, deputy supreme governor of the Maryland Moose Association, will be the instituting officer Sunday at a ceremony marking the institution of a Moose lodge at Seaford, Del.

Accompanying him will be Raymond Smith, this city, president of District 1, and Fuller Davis, Frostburg, secretary of District 1.

The Seaford Lodge will be No. 1728 and will be the 37th lodge in the Maryland Moose Association, which comprises lodges in Maryland, Delaware and the district of Columbia.

The institution ceremonies will be held Sunday at 2 p. m. in the Firemen's Hall at Seaford.

Initiatory ceremonies will be conferred by the degree staff of Cambridge Lodge No. 1211, assisted by a drill team from Baltimore Lodge No. 70.

A concert will be presented by the Drum and Bugle Corps of the Baltimore lodge preceeding the ceremony.

The 150-member lodge will be instituted in connection with the October meeting of the executive board of the Maryland Moose Association.

Davis said the November meeting of the executive board will be held at the home of Cumberland Lodge No. 271 on November 22.

George To Repair Court House Roof

The George Construction Company yesterday was awarded a contract by the Allegany County Board of Commissioners to repair the roof on the north wing of the Court House for $970.

In another action the commissioners appointed Mrs. Esther L. Hiser, Locust Grove, as an employe of the Assessment Department, effective Monday. Mrs. Hiser was recommended by Somerville Nicholson, supervisor of assessments, and Claude R. Woodard, assessor.

River Dredging Work Underway

Earth from the bottom of the Casselman River near Grantsville is being moved to the breast of the Stanton Mill Dam. The work, sponsored by the Casselman Valley Sportsmen's Club, is for the purpose of reinforcing the dam, which in recent years has become a popular swimming pool. While the dredging work is being carried on, the club has provided a section of the stream below the dam as a trap for fish which otherwise might have been destroyed. The Baughman Contracting Company is in charge of the work, and additional recreation facilities are slated.

Casselman Valley Sportsmen To Enlarge Rec Facilities

The Casselman Valley Sportsmen's Club is sponsoring the dredging of earth from the bottom of the Casselman River near Grantsville, to the breast of the historic Stanton Mill Dam in a planned recreation program.

The purpose of the project is to reinforce the breast of the dam which was constructed in 1796 and for over a century was used to supply power for the Stanton Grist Mill, which is now operated by electric power.

The dam has been a popular swimming pool in recent years, and additional recreation facilities are planned. During the past week steps were taken to provide a section of the stream below the dam as a trap for fish which might otherwise have been destroyed during the dredging work.

Charles C. Nathan, a member of the State Game and Inland Fish Commission, who volunteered to help supervise the work, pointed out that the dam is three-quarters of a mile long and 150 feet wide at the breast.

Other improvements aside from the repair of the dam include the building of a small swimming pool for children, and a picnic area with fireplaces, adjoining the Grantsville baseball park. The roads leading from Route 40 into the recreation area also will be improved.

The committee in charge of the work is Clifton D. Jefferies, Robert Bender, Albert Davis, Eldred Stahl, Harry Edwards, a member of the Maryland House of Delegates, Nathan, and the following members of the sportsmen's club: Edgar Allen Bender, president; Clinton Irwin, vice president and Mrs. Irva Mickey, secretary-treasurer. The recreation center will be for the benefit of young people from Grantsville, Salisbury, Pa., and other sections of the area.

New Homemakers To Convene At Carver Today

Members of the New Homemakers of America chapter at Carver High School are all set to play hostesses today for between 75 and 100 NHA members from four other chapters here for the annual regional meeting.

Home economics students from high schools in Rockville, Frederick, Hagerstown, Westminster and Cumberland are convening here.

The affair will get underway about 10 a. m. and will end about 3 p. m.

Jojacqueline Peck, president of Carver's NHA chapter, will officiate at the conference. Words of welcome will be extended by Miss Ruth C. McColly, supervisor of home economics in Allegany County schools, and Earle L. Bracey, school principal.

Miss Mary G. Carter, home economics teacher at Carver, has been in charge of arrangements.

Sewage Station To Be Tested

The City Engineering Department will run final tests on the Frederick - Bedford Street sewage ejector station Tuesday morning.

The City Water Department will cooperate in the test by providing water so the equipment can be operated at its rated capacity.

The station, built at a cost of over $24,000, was designed to collect sewage from the low sections of the Bedford-Frederick Street area near the city line and force it to Fectig Avenue.

From there the sewage drains by gravity into sanitary sewer lines leading to Wills Creek.

The station has been in service for about 10 days, but will not reach its maximum use until some 50 homes in the area are hooked to two sewer lines, one of which is being laid and the other scheduled.

Dr. A. G. T. Twigg secured a permit yesterday for building two additional rooms to his home at 767 Greene Street. They will have brick veneer walls and will cost about $5,000.

Supervisor At Amcelle Wins 25-Year Award

Roy M. Walburn, Route 2, DeHaven Road, was honored at Amcelle yesterday on the anniversary of his 25th year of employment. The event was marked by Plant Manager R. Finley Thompson's presentation of an engraved gold pocket watch as a remembrance of the occasion.

J. Kenneth Morgan, plant accountant, joined in marking the event by awarding an engraved certificate of service and the traditional gold five - star Celanese long-service emblem.

Walburn is assistant supervisor of Tabulating, where he has worked for the past 21 years. He was originally employed in the Payroll Department and worked there until June 1932, when he was transferred to the newly - established Tabulating Department.

During World War II, for over three years he served in the business machine section of the Sixth Statistical Control Unit, U. S. Army. On October 14, 1945, he was honorably discharged as a sergeant at Maxwell Field, Ala.

Born in Cumberland, he graduated from Pennsylvania Avenue High School several months prior to joining the Amcelle staff in 1928.

He is married and the father of two boys.

For many years, he has been a member of the Benevolent and Protective Order of Elks, Lodge 63. Recently he became a charter member of the Civitan Club of Cumberland.

County Farmers To Vote Nov. 6 On Supervisors

Six Polling Places Will Be Operated

Allegany County farmers will go to the polls Friday, November 6, to elect three supervisors of the Allegany Soil Conservation District for three-year terms, according to County Agent Ralph F. McHenry.

Four men have been nominated for the three positions, including the three incumbents. They are Floyd Buser, Warrior Mountain; Ralph W. Ferguson, Union Grove; Dale Mann, Piney Grove, and Ernest R. Slider, Oldtown. All except Buser are now supervisors, and their terms end November 8.

All persons or corporations possessing farm land in the county, whether as owners, lessees or tenants, will be eligible to vote November 6, according to McHenry.

The board administers the program and affairs relating to soil and water conservation.

Six polling places have been set aside for the voting convenience of county farmers. They are:

Southern States Store, Cumberland, 8 a. m. until 5 p. m.; Coldren's Grocery, Belle Grove Tourist Camp, 9 a. m. until 9 p. m.; Southern States Store, Lonaconing, 8 a. m. until 5 p. m.; Lewis' Store, Oldtown, 9 a. m. until 6 p. m.; County Agent's Office, Court House, 9 a. m. until 4 p. m., and Teeter's Store, Flintstone, 9 a. m. until 5 p. m.

The other two supervisors were appointed to their positions by the State Soil Conservation Committee. They are Wilbert R. Paul, Mt. Savage, whose term expires September 3, 1954, and Charles S. Harvey, Frostburg, whose term ends September 4, 1955.

PMA Committee Meets In Frederick

Members of the Allegany County Production and Marketing Administration Committee were in Frederick yesterday to meet with PMA committees from throughout the state to discuss the details of the operation of the 1954 Agricultural Conservation Program.

Attending from here were the committee members, Albert O'Neal, James H. Weimer and Joseph W. Silber, and Miss Elizabeth A. Hoover, office manager.

Holy Name Society To Meet Tomorrow

The Western Maryland Branch of the Holy Name Society will meet tomorrow at 2:30 p. m. at St. Mary's Parish Hall, according to Thomas F. Conlon, president.

Conlon said four members from each parish society are expected to be present to assist with planning a program for the coming year.

The Junior Holy Name will hold formal installation of officers at 8:15 p. m. in the school social center following evening services at the church.

Lawsuit On Funeral Cost Is Removed

A $1,000 damage suit resulting from a dispute over the payment of funeral expenses was removed to Washington County Circuit Court yesterday on order of Associate Judge Morgan C. Harris in Circuit Court here.

John Milkowski, through the law firm of Gunter and Geppert, brought suit in April against Emma Marczynski, as executrix of the estate of Catherine Milkowski and individually. Catherine Milkowski died testate December 13, 1950, and her estate included real estate at 1301 Oldtown Road.

In his declaration, Milkowski said that the deceased had insufficient personal estate to pay the funeral expenses so he loaned Mrs. Marczynski $814.30 for payment of the bill. Real estate owned by Mrs. Milkowski has been sold but Milkowski charges that he never has been paid.

The defendant, through Attorney Harry I. Stegmaier, has denied the indebtedness. Stegmaier filed a suggestion here yesterday that his client could not receive a fair trial in Allegany County, and asked for its removal. Judge Harris signed the order removing the case to Washington County.

Work On Airport Hangars Begins

A major repair job on the doors of the hangars at the Cumberland Municipal Airport is underway.

Mayor Roy W. Eves said the first of 15 steel bar joists has been installed by the airport maintenance crew under the direction of Charles F. Heller.

The work, necessitated by sagging of wood joists and doors installed on the hangars a number of years ago, will include the placing of new 40-foot steel bar joists on concrete block columns, and the installation of new doors built of waterproof plywood.

Only half of the work will be done this year, due to lack of funds, but all of the trusses were bought at one time to secure a better price.

Mayor Eves and C. R. Nuzum, city engineer, inspected the work yesterday morning.

School Board Buys Land In LaVale

A deed filed for record yesterday in the office of Joseph E. Boden, clerk of Allegany County Circuit Court, discloses the purchase of property on the southwest side of Parkside Boulevard in LaVale by the County Board of Education as the site for the proposed new LaVale Elementary School.

The property was purchased from Gorden A. Werner and Alma E. Werner.

CSMC To Attend Service

Lurano Veteran Unit, Catholic Mission Crusade, will attend the 7:30 p. m. service at St. Patrick's Church tomorrow. John G. Burke, corresponding secretary, asked that all members attend.

Woman Has Baby After Doctors Decline Help

Midwife Assists Keyser Resident

Mrs. Ella Musgrove, a Negro woman living on Oak Street, Potomac Heights, Keyser, gave birth to a six-pound boy early yesterday morning with the assistance of a midwife after Keyser physicians reportedly had refused to attend her and her husband had unsuccessfully tried to get her admitted to Potomac Valley Hospital in Keyser.

Keyser Patrolman John Dye reported that shortly after midnight yesterday, John Musgrove, the woman's husband, told him that his (Musgrove's) wife was in labor, and asked Dye to help him get a physician for her.

Dye said he called several from Police Headquarters, but none would come. He also asserted that Musgrove drove his automobile to the homes of a number of physicians, but that they refused assistance.

Musgrove then took his wife to Potomac Valley Hospital but was unable to get her admitted. He said hospital attendants told him that she could not be admitted because the Musgroves had failed to make payment on a sizeable bill owed the hospital for previous medical attention.

Physicians who declined to assist the woman also were quoted as saying that the woman owed them bills which never had been paid.

Mrs. Marie Riley of South Keyser, a midwife, finally was contacted and she assisted in delivery of the baby about 5 a. m. yesterday. Both mother and child were reported as getting along well last night.

Social Security Tax Rate Hike Slated Jan. 1

The Social Security tax rate for persons whose work counts toward old age and survivors insurance is scheduled to increase January 1, James E. Robertson, manager of the local Social Security Office reminded employers, employes and self-employed persons yesterday.

The increase in tax contribution is in accordance with the 1950 amendments to the Social Security Law which was enacted by Congress in anticipation of future obligations of the program.

Employes in jobs covered by the law will have two per cent instead of the present one and one-half per cent deducted from their pay beginning January 1 on earnings up to $3,600 a year. Their employers will contribute an equal amount.

Robertson said the new rates will apply to all taxable wages paid after December 31, 1953, regardless of when it was earned.

The Social Security tax for the self-employed is slated to increase from the present two and one-fourth per cent to three per cent for the period starting January 1, 1954.

Since the self-employed, whose work is covered by law, pay their tax just once yearly at the time of filing Federal income tax, they will pay the present two and one-fourth per cent Social Security tax on their 1953 income which counts toward Social Security.

This will be due not later than March 15, 1954. Their first payments at the increased rate of three per cent will be due March 15, 1955, for the calendar year of 1954.

Meanwhile, the Internal Revenue Service reports that late this year employers will be furnished with income tax withholding tables and Federal Insurance Contributions Act (Social Security taxes) tables reflecting rates applicable next year.

The next scheduled increase, in 1960, will be to two and one-half per cent each for employer and employe, and to three and three-fourths per cent for the self-employed.

Mrs. Keegan Improves

The condition of Mrs. Nell Keegan, wife of William V. Keegan, city commissioner, of 310 Cumberland Street, is reported as somewhat improved at Sacred Heart Hospital where she is a medical patient.

Civic Theatre Will Begin Casting Soon

Copies of the first two plays planned by the Cumberland Civic Theatre have been received by the City Recreation Department.

They are "Detective Story" by Sidney Kingsley, a three-act play with a 34-member cast, and "Ring Around Elizabeth," by Charl Armstrong, a three-act comedy with 12 characters.

The casting of the plays is expected to get under way next week under the supervision of Harold C. Wickard, director.

The dramatic group was organized October 16 under the sponsorship of the Cumberland Recreation Department.

Officers are Mrs. Jane H. Schwab, president; Miss Paula Williams, vice president, and Miss Helen Gilmore, secretary-treasurer.

The present membership is 31, according to Robert E. Pence, city rec director, and a few more members are needed. Those interested may enroll by contacting the Recreation Department.

District Cubs Preparing For Big Ceremonial

Will Observe Theme Of "Indian Summer"

The great Indian drums in the Cumberland area will soon boom out in low deliberate tones.

The Medicine Man in his special headdress comes slowly toward the darkened fire, flanked by two bare-chested assistants. In the darkened rooms, in approximately 17 places in the area, a golden harvest moon gives the only light, and after some dignified motions asking the great Spirit to send fire, the sign is given and the artificial Council fire is lit.

The tempo of the drum increases. One at a time the Indian braves answer the weird rhythm of the drums and move silently into the circle around the fire.

Then at several resounding beats all spring erect and begin to dance. The drums beat more loudly — then stop with a crash — and Chief Akela, bright in his chieftain's headdress, steps into the circle of braves. He holds up his hand in the sign of the Tribe of Webelos and all is quiet.

He welcomes the visitors and praises his braves.

That is how Cub Packs of Potomac Council, Boy Scouts of America, will begin the ceremonial during pack meetings this month when they will observe the Cub theme for October, "Indian Summer."

Following Chief Akela's speech on the greatness of his braves (attending Cubs), an advancement ceremony will be held in which Cubs will be given awards in rank and skills. Chief Akela calls forward each family that has attained any achievement. He tells a short Indian story or legend.

They will close the pack meeting with a friendship circle, arms folded. Akela will give the Cubs Scout sign and enjoin his braves to depart in peace.

Area Cub dens and packs have been preparing all month for the monthly pack meeting when the ceremonial night will be held. Assisting the Cubs and Den Mothers are the boys' parents, who are helping with the projects.

Included in the preparations are study and making of Indian craft and costumes, dances, stunts and games, stories, ceremonies and foods.

Cubs are making their own Indian outfits, including shields, drumsticks, drums, headdress, tomahawks, moccasins and anklets.

Parents are also assisting the boys in decorating the pack meeting room. At the meeting Cubs will tell how they made their outfits, will play Indian games and exhibit their Indian craft projects.

Methodist Church Plans Revival Next Week

Evangelistic services, in charge of Rev. Adam E. Grim, pastor, will be conducted in Mt. Pleasant Methodist Church beginning tomorrow and continuing through November 1.

The services will be held nightly, with the exception of Saturday, at 7:30. There will be special music and congregational singing.

Foresters Term Fire Situation In Critical Stage

Weatherman Reports No Relief In Sight

Forest fires continue to take their toll of valuable timberland in Maryland and nearby West Virginia, and fire fighters have been working around the clock in combatting the blazes.

The situation in Western Maryland is termed critical by State Forester Henry C. Buckingham, who said Garrett County is the most parched county in the state.

Buckingham reminded motorists and hunters to use extreme caution with matches and cigarettes while traveling the highway along wooded areas or walking through the forests.

And the weatherman does not seem to want to cooperate by sending some rain, although it had been predicted for tomorrow. Latest forecasts, however, made no mention of rain.

New Fire Reported

A trash fire on top of Braddock Road yesterday was blamed for a forest fire which was fought for over an hour by volunteer firemen from LaVale in cooperation with George Brown, forest guard.

Several homes in that section were threatened by the blaze. Firemen used the booster pump from one of their trucks to spray 300 gallons of water on the fire. Indian tanks, carried on the back, were also put to use by the 10 volunteers, headed by Fire Chief Herman Shank.

This blaze was reported about 4:15 p. m. Another fire, according to William H. Johnson, district forester, occurred near Mason's Dairy in the Cresaptown area about 6 p. m. and was brought under control by volunteer firemen of Cresaptown and Brown.

Fire Probe Launched

One of West Virginia's worst forest fires during the past week was brought under control in Pendleton County yesterday evening although a crew of 50 men are on the alert to move into the area this morning in case it breaks out anew.

Over 300 acres of timberland were burned, according to Tilden Norris, district forester at Romney.

The fire was reported as "deliberately set." Three conservation officers of West Virginia are now investigating the fire, Norris added. Approximately 70 men in that section worked around the clock in the fight against the destructive blaze.

Another fire was reported in Morgan County near New Hope and was being fought last night by a number of forest protection employes and local citizens in charge of County Forester Jack Warder.

Man Convicted Of Non-Support Of His Children

An Allegany County Circuit Court jury yesterday took only a few minutes of deliberation to find Hobart McKinley Ray, Williams Road, guilty of non-support of his two minor children.

Ray had prayed a jury trial when first arraigned before Juvenile Court Magistrate Alban C. Thompson.

In Court yesterday he was represented by Attorney F. Brooke Whiting. Associate Judge Morgan C. Harris, who presided at the trial, suspended sentence upon Ray provided he makes an effort to obtain work and support his family.

Appearing as his own attorney, Louis Donius, who was appealing from a year's sentence in the House of Correction imposed by Trial Magistrate Donald W. Mason, was given a parole.

Donius, who has been arrested numerous times during the past 15 years, told Judge Harris that he wanted to go to Pennsylvania to live with a relative.

Donius told the court he is not in the best of health and thought a change might do him good. Judge Harris smilingly agreed with the defendant's argument, and told him he would suspend the one-year sentence on condition that he leave the state and remain away.

In another appeal case, Dale Campbell, Mt. Savage, was found guilty of assaulting Ray Martz, of Hyndman. The verdict was returned by a jury which heard the appeal from a decision of Magistrate J. Milton Dick in court here.

During testimony in the case, presided over by Associate Judge Harris, the complaining witness said he could not be certain whether Campbell had struck him or attempted to pull him from his car near Corriganville.

Another witness, Arthur Brant, 19, also of Hyndman, was positive in his identification of Campbell as the one who struck Martz.

Campbell, who appeared in court attired in his Army uniform, denied the charge and said a youth named Barton had been the one who hit Martz. Barton is now serving a nine-month sentence imposed in Trial Magistrates Court in the same case.

Edward J. Ryan was attorney for Campbell. Judge Harris postponed sentencing of Campbell. James S. Getty, assistant state's attorney, prosecuted all three cases.

Divorce Granted

Edna E. Redman has been granted a divorce in Allegany County Circuit Court from George W. Redman.

Attend Father-Son Banquet

The annual Father-Son Banquet of St. John's Evangelical Lutheran Church was held Thursday night under the sponsorship of the Men's Bible Class. Among those attending were (left to right) Rev. Frederick J. Eckert, pastor; Robert H. Mann Sr., Robert H. Mann Jr., Raymond W. Hahne, Gary Hahne, Leon Shumaker, Vincent Shumaker and Merle W. Shumaker. The dinner was served by the ladies of the congregation. Fathers and sons of the church gather for the event each year.

Area Boy Shot Near His Home At Friendsville

Robert E. Friend In Good Condition

A 17-year-old Friendsville boy was accidentally shot yesterday morning on Bear Creek Hill near his home by what police believed was a hunter's stray bullet.

Cpl. Samuel Conrad of the State Police at Oakland, said Robert Earl Friend, son of Mr. and Mrs. Floyd L. Friend, was hit in the right arm and chest by what is believed to have been a .22 calibre bullet.

The youth was admitted to Memorial Hospital here at about 1 p. m. yesterday. Attaches said his condition is good.

Conrad said the boy was picking pine and crow's foot branches near his home when the accident occurred at about 11 a. m. Conrad added the boy had on a gray shirt and may have been mistaken for game by hunters.

The bullet penetrated the boy's right arm and entered his chest. He was brought to the local hospital by ambulance.

Cpl. Conrad and Cpl. William F. Baker, criminal investigator for the State Police, were investigating the case late last night.

Banner Day Slated Monday At Tax Office

City Collections Hit $636,287 Mark

The City Tax Office is expecting a banner day on Monday, the deadline for paying 1953 taxes without interest.

Finance Commissioner William V. Keegan reported collections of 1953 taxes were at the $636,287.59 mark yesterday afternoon.

This is about 65 per cent of the $984,900 tax levy, and George E. Davis, city collector, said he expects the percentage to rise to about 85 per cent at the end of business Monday.

Today is actually the deadline to escape interest, but since the office is not open on Saturdays, the time was extended to Monday.

Davis said all mailed payments postmarked before Monday at midnight will be interest-free.

Several large accounts, he added, are expected to come in Monday, boosting the total.

But a number of the largest accounts will not be received for some time, since assessments have not been received from the State Tax Commissioner.

Some 13,400 tax statements were mailed late in September, and the majority of these have been paid or will be paid by the Monday deadline.

Corporation bills go out throughout the year as data is forwarded by the state tax office.

Bills which are not paid by Monday will bear one per cent interest until November 24, since the interest date goes back to August 24, when the levy was set.

New Moose Lodge To Be Instituted At Seaford, Del.

Frank H. Davis, deputy supreme governor of the Maryland Moose Association, will be the instituting officer Sunday at a ceremony marking the institution of a Moose lodge at Seaford, Del.

Accompanying him will be Raymond Smith, this city, president of District 1, and Fuller Davis, Frostburg, secretary of District 1.

The Seaford Lodge will be No. 1728 and will be the 37th lodge in the Maryland Moose Association, which comprises lodges in Maryland, Delaware and the district of Columbia.

The institution ceremonies will be held Sunday at 2 p. m. in the Firemen's Hall at Seaford.

Initiatory ceremonies will be conferred by the degree staff of Cambridge Lodge No. 1211, assisted by a drill team from Baltimore Lodge No. 70.

A concert will be presented by the Drum and Bugle Corps of the Baltimore lodge preceeding the ceremony.

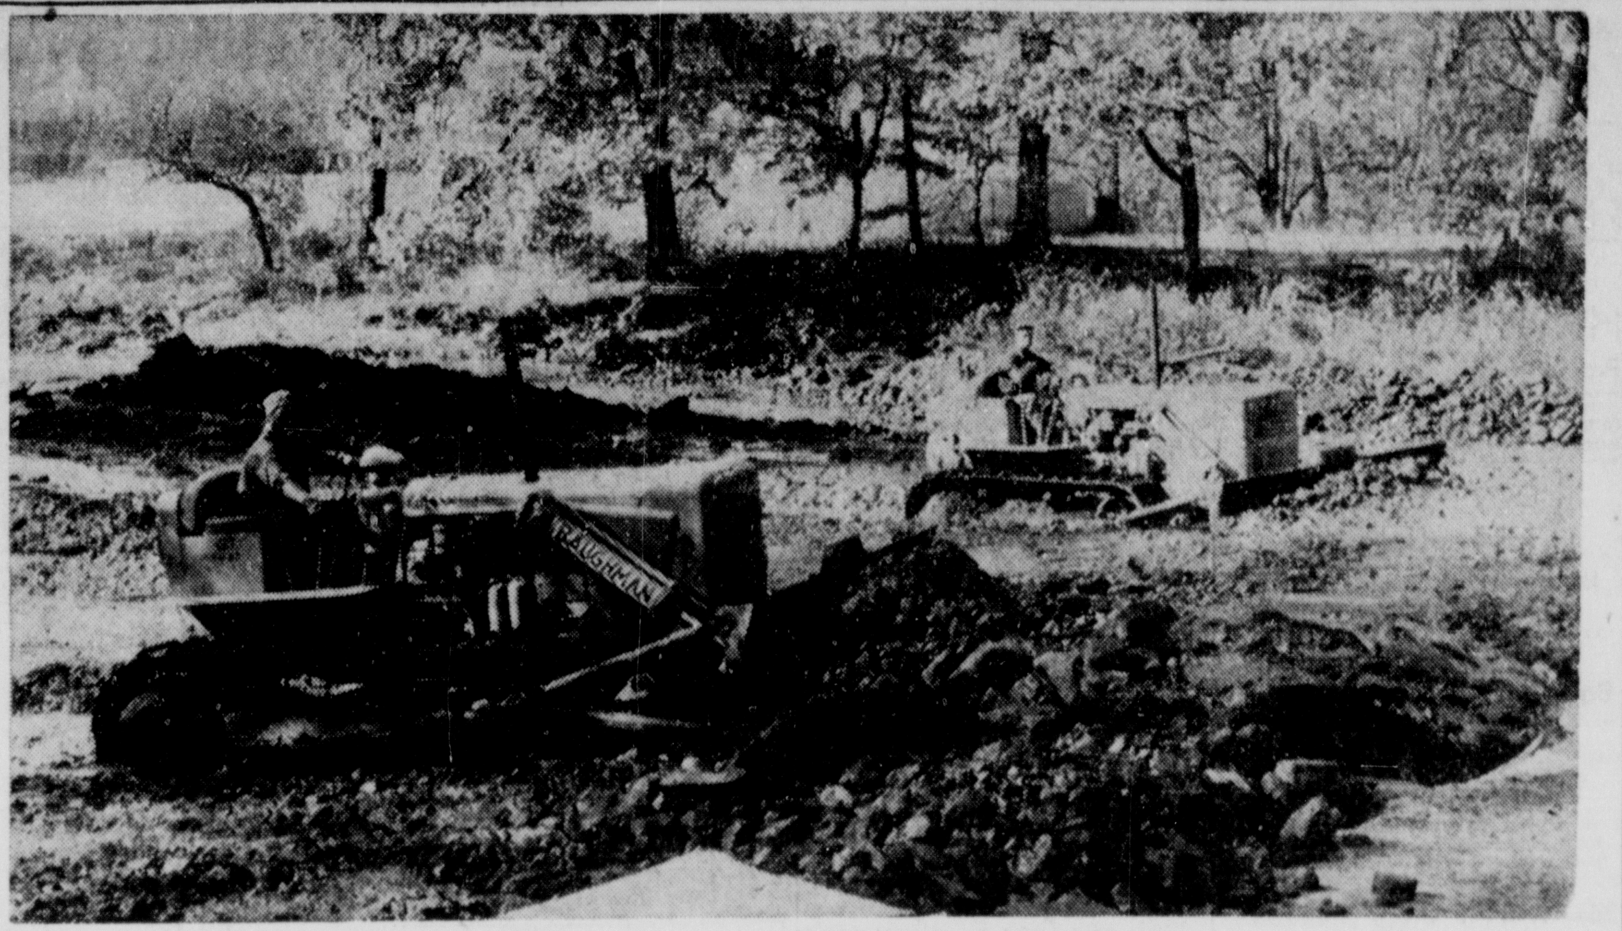
The 150-member lodge will be instituted in connection with the October meeting of the executive board of the Maryland Moose Association.

Davis said the November meeting of the executive board will be held at the home of Cumberland Lodge No. 271 on November 22.

George To Repair Court House Roof

The George Construction Company yesterday was awarded a contract by the Allegany County Board of Commissioners to repair the roof on the north wing of the Court House for $970.

In another action the commissioners appointed Mrs. Esther L. Hiser, Locust Grove, as an employe of the Assessment Department, effective Monday. Mrs. Hiser was recommended by Somerville Nicholson, supervisor of assessments, and Claude R. Woodard, assessor.



River Dredging Work Underway

Earth from the bottom of the Casselman River near Grantsville is being moved to the breast of the Stanton Mill Dam. The work, sponsored by the Casselman Valley Sportsmen's Club, is for the purpose of reinforcing the dam, which in recent years has become a popular swimming pool. While the dredging work is being carried on, the club has provided a section of the stream below the dam as a trap for fish which otherwise might have been destroyed. The Baughman Contracting Company is in charge of the work, and additional recreation facilities are slated.

Casselman Valley Sportsmen To Enlarge Rec Facilities

The Casselman Valley Sportsmen's Club is sponsoring the dredging of earth from the bottom of the Casselman River near Grantsville, to the breast of the historic Stanton Mill Dam in a planned recreation program.

The purpose of the project is to reinforce the breast of the dam which was constructed in 1796 and for over a century was used to supply power for the Stanton Grist Mill, which is now operated by electric power.

The dam has been a popular swimming pool in recent years, and additional recreation facilities are planned. During the past week steps were taken to provide a section of the stream below the dam as a trap for fish which might otherwise have been destroyed during the dredging work.

Charles C. Nathan, a member of the State Game and Inland Fish Commission, who volunteered to help supervise the work, pointed out that the dam is three-quarters of a mile long and 150 feet wide at the breast.

Other improvements aside from the repair of the dam include the building of a small swimming pool for children, and a picnic area with fireplaces, adjoining the Grantsville baseball park. The roads leading from Route 40 into the recreation area also will be improved.

The committee in charge of the work is Clifton D. Jefferies, Robert Bender, Albert Davis, Eldred Stahl, Harry Edwards, a member of the Maryland House of Delegates, Nathan, and the following members of the sportsmen's club:

Edgar Allen Bender, president; Clinton Irwin, vice president and Mrs. Irva Mickey, secretary-treasurer. The recreation center will be for the benefit of young people from Grantsville, Salisbury, Pa., and other sections of the area.

Sewage Station To Be Tested

The City Engineering Department will run final tests on the Frederick - Bedford Street sewage ejector station Tuesday morning.

The City Water Department will cooperate in the test by providing water so the equipment can be operated at its rated capacity.

The station, built at a cost of over $24,000, was designed to collect sewage from the low sections of the Bedford-Frederick Street area near the city line and force it to Fectig Avenue.

From there the sewage drains by gravity into sanitary sewer lines leading to Wills Creek.

The station has been in service for about 10 days, but will not reach its maximum use until some 50 homes in the area are hooked to two sewer lines, one of which is being laid and the other scheduled.

East Side Firemen Check Smoke Scare

A smoke scare was checked last night by East Side firemen at the Cumberland Liquor Store, 419 Henderson Avenue.

Several of the nearby buildings were inspected by the firemen before they found the smoke originating from a defective neon sign. The call came in at 9:46 p. m.

Will Enlarge Home

Dr. A. G. T. Twigg secured a permit yesterday for building two additional rooms to his home at 767 Greene Street. They will have brick veneer walls and will cost about $5,000.

New Homemakers To Convene At Carver Today

Members of the New Homemakers of America chapter at Carver High School are all set to play hostesses today for between 75 and 100 NHA members from four other chapters here for the annual regional meeting.

Home economics students from high schools in Rockville, Frederick, Hagerstown, Westminster and Cumberland are convening here.

The affair will get underway about 10 a. m. and will end about 3 p. m.

Jojacqueline Peck, president of Carver's NHA chapter, will officiate at the conference. Words of welcome will be extended by Miss Ruth C. McColly, supervisor of home economics in Allegany County schools, and Earle L. Bracey, school principal.

Miss Mary G. Carter, home economics teacher at Carver, has been in charge of arrangements.

Supervisor At Amcelle Wins 25-Year Award

Roy M. Walburn, Route 2, DeHaven Road, was honored at Amcelle yesterday on the anniversary of his 25th year of employment. The event was marked by Plant Manager R. Finley Thompson's presentation of an engraved gold pocket watch as a remembrance of the occasion.

J. Kenneth Morgan, plant accountant, joined in marking the event by awarding an engraved certificate of service and the traditional gold five - star Celanese long-service emblem.

Walburn is assistant supervisor of Tabulating, where he has worked for the past 21 years. He was originally employed in the Payroll Department and worked there until June 1932, when he was transferred to the newly - established Tabulating Department.

During World War II, for over three years he served in the business machine section of the Sixth Statistical Control Unit, U. S. Army. On October 14, 1945, he was honorably discharged as a sergeant at Maxwell Field, Ala.

Born in Cumberland, he graduated from Pennsylvania Avenue High School several months prior to joining the Amcelle staff in 1928.

He is married and the father of two boys.

For many years, he has been a member of the Benevolent and Protective Order of Elks, Lodge 63. Recently he became a charter member of the Civitan Club of Cumberland.

County Farmers To Vote Nov. 6 On Supervisors

Six Polling Places Will Be Operated

Allegany County farmers will go to the polls Friday, November 6, to elect three supervisors of the Allegany Soil Conservation District for three-year terms, according to County Agent Ralph F. McHenry.

Four men have been nominated for the three positions, including the three incumbents. They are Floyd Buser, Warrior Mountain; Ralph W. Ferguson, Union Grove; Dale Mann, Piney Grove, and Ernest R. Slider, Oldtown. All except Buser are now supervisors, and their terms end November 8.

All persons or corporations possessing farm land in the county, whether as owners, lessees or tenants, will be eligible to vote November 6, according to McHenry.

The board administers the program and affairs relating to soil and water conservation.

Six polling places have been set aside for the voting convenience of county farmers. They are:

Southern States Store, Cumberland, 8 a. m. until 5 p. m.; Coldren's Grocery, Belle Grove Tourist Camp, 9 a. m. until 9 p. m.; Southern States Store, Lonaconing, 8 a. m. until 5 p. m.; Lewis' Store, Oldtown, 9 a. m. until 6 p. m.; County Agent's Office, Court House, 9 a. m. until 4 p. m., and Teeter's Store, Flintstone, 9 a. m. until 5 p. m.

The other two supervisors were appointed to their positions by the State Soil Conservation Committee. They are Wilbert R. Paul, Mt. Savage, whose term expires September 3, 1954, and Charles S. Harvey, Frostburg, whose term ends September 4, 1955.

PMA Committee Meets In Frederick

Members of the Allegany County Production and Marketing Administration Committee were in Frederick yesterday to meet with PMA committees from throughout the state to discuss the details of the operation of the 1954 Agricultural Conservation Program.

Attending from here were the committee members, Albert O'Neal, James H. Weimer and Joseph W. Silber, and Miss Elizabeth A. Hoover, office manager.

Holy Name Society To Meet Tomorrow

The Western Maryland Branch of the Holy Name Society will meet tomorrow at 2:30 p. m. at St. Mary's Parish Hall, according to Thomas F. Conlon, president.

Conlon said four members from each parish society are expected to be present to assist with planning a program for the coming year.

The Junior Holy Name will hold formal installation of officers at 8:15 p. m. in the school social center following evening services at the church.

Lawsuit On Funeral Cost Is Removed

A $1,000 damage suit resulting from a dispute over the payment of funeral expenses was removed to Washington County Circuit Court yesterday on order of Associate Judge Morgan C. Harris in Circuit Court here.

John Milkowski, through the law firm of Gunter and Geppert, brought suit in April against Emma Marczynski, as executrix of the estate of Catherine Milkowski and individually. Catherine Milkowski died testate December 13, 1950, and her estate included real estate at 1301 Oldtown Road.

Evangelistic services, in charge of Rev. Adam E. Grim, pastor, will be conducted in Mt. Pleasant Methodist Church beginning tomorrow and continuing through November 1.

The services will be held nightly, with the exception of Saturday, at 7:30. There will be special music and congregational singing.

Foresters Term Fire Situation In Critical Stage

Weatherman Reports No Relief In Sight

Forest fires continue to take their toll of valuable timberland in Maryland and nearby West Virginia, and fire fighters have been working around the clock in combatting the blazes.

The situation in Western Maryland is termed critical by State Forester Henry C. Buckingham, who said Garrett County is the most parched county in the state.

Buckingham reminded motorists and hunters to use extreme caution with matches and cigarettes while traveling the highway along wooded areas or walking through the forests.

And the weatherman does not seem to want to cooperate by sending some rain, although it had been predicted for tomorrow. Latest forecasts, however, made no mention of rain.

New Fire Reported

A trash fire on top of Braddock Road yesterday was blamed for a forest fire which was fought for over an hour by volunteer firemen from LaVale in cooperation with George Brown, forest guard.

Several homes in that section were threatened by the blaze. Firemen used the booster pump from one of their trucks to spray 300 gallons of water on the fire. Indian tanks, carried on the back, were also put to use by the 10 volunteers, headed by Fire Chief Herman Shank.

This blaze was reported about 4:15 p. m. Another fire, according to William H. Johnson, district forester, occurred near Mason's Dairy in the Cresaptown area about 6 p. m. and was brought under control by volunteer firemen of Cresaptown and Brown.

Fire Probe Launched

One of West Virginia's worst forest fires during the past week was brought under control in Pendleton County yesterday evening although a crew of 50 men are on the alert to move into the area this morning in case it breaks out anew.

Over 300 acres of timberland were burned, according to Tilden Norris, district forester at Romney.

The fire was reported as "deliberately set." Three conservation officers of West Virginia are now investigating the fire, Norris added. Approximately 70 men in that section worked around the clock in the fight against the destructive blaze.

Another fire was reported in Morgan County near New Hope and was being fought last night by a number of forest protection employes and local citizens in charge of County Forester Jack Warder.

Man Convicted Of Non-Support Of His Children

An Allegany County Circuit Court jury yesterday took only a few minutes of deliberation to find Hobart McKinley Ray, Williams Road, guilty of non-support of his two minor children.

Ray had prayed a jury trial when first arraigned before Juvenile Court Magistrate Alban C. Thompson.

In Court yesterday he was represented by Attorney F. Brooke Whiting. Associate Judge Morgan C. Harris, who presided at the trial, suspended sentence upon Ray provided he makes an effort to obtain work and support his family.

Appearing as his own attorney, Louis Donius, who was appealing from a year's sentence in the House of Correction imposed by Trial Magistrate Donald W. Mason, was given a parole.

Donius, who has been arrested numerous times during the past 15 years, told Judge Harris that he wanted to go to Pennsylvania to live with a relative.

Donius told the court he is not in the best of health and thought a change might do him good. Judge Harris smilingly agreed with the defendant's argument, and told him he would suspend the one-year sentence on condition that he leave the state and remain away.

In another appeal case, Dale Campbell, Mt. Savage, was found guilty of assaulting Ray Martz, of Hyndman. The verdict was returned by a jury which heard the appeal from a decision of Magistrate J. Milton Dick in court here.

During testimony in the case, presided over by Associate Judge Harris, the complaining witness said he could not be certain whether Campbell had struck him or attempted to pull him from his car near Corriganville.

Another witness, Arthur Brant, 19, also of Hyndman, was positive in his identification of Campbell as the one who struck Martz.

Campbell, who appeared in court attired in his Army uniform, denied the charge and said a youth named Barton had been the one who hit Martz. Barton is now serving a nine-month sentence imposed in Trial Magistrates Court in the same case.

Edward J. Ryan was attorney for Campbell. Judge Harris postponed sentencing of Campbell. James S. Getty, assistant state's attorney, prosecuted all three cases.

Divorce Granted

Edna E. Redman has been granted a divorce in Allegany County Circuit Court from George W. Redman.

Attend Father-Son Banquet

The annual Father-Son Banquet of St. John's Evangelical Lutheran Church was held Thursday night under the sponsorship of the Men's Bible Class. Among those attending were (left to right) Rev. Frederick J. Eckert, pastor; Robert H. Mann Sr., Robert H. Mann Jr., Raymond W. Hahne, Gary Hahne, Leon Shumaker, Vincent Shumaker and Merle W. Shumaker. The dinner was served by the ladies of the congregation. Fathers and sons of the church gather for this event each year.
